Y-TIME TALES E TALE OF

Tommy safely out of the house.

Mrs. Fox reached her dooryard.

And there she paused. There was

no trap to be seen anywhere. But

the path leading to her door was sprinkled thick with fresh earth; and

wise old Mrs. Fox knew that hidden

underneath it, somewhere, lay that cruel trap, with its jaws wide open,

waiting to catch her if she stepped

She crept as close to her door as she dared, and called softly to Tom-

my. I don't need to say that her son was delighted to hear his mother's

voice. He poked his nose out of the

hole at once. And he would have jumped out and fallen right into the

rap if his mother had not warned

"Don't come out!" she cried sharp-"There's a trap here, beneath this "I. Now, do just as I tell you, or

Tommy Fox was frightened. For

once, at least, he believed that his

mother knew more than he did. And

ou'll be caught!"

CHAPTER XII

Old Mr. Crow Is Pleased. There was a very good reason why the first thing to be done was to get Mrs. Fox did not come home that tay when the dog Spot chased Tommy Fox into his house. She had

Tommy Fox was so startled that he gave a quick jump.

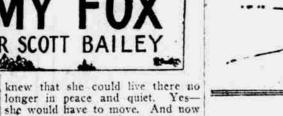

heard old Spot barking in the field he didn't dare move, except when she had hurried toward home as fast as she could to see what was the had been except where she told hatter.

To her great dismay, when she leaped up on the stone wall not far from her house Mrs. Fox could see Spot scratching at her door. she guessed at once that he had driven Tommy inside.

The poor old lady hardly knew what to do. But she hid in the grass, hoping that Spot would grow tired of his task and go home. But old dog Spot kept up a great barking. He howled so loudly that they heard the trap. And though Tommy the trap. And though Tommy sprang up into the air, he was just him way off at the farm house; and Mrs. Fox nearly wept when she saw too late. The trap closed tightly farmer Green and his boy Johnnie across the tips of his toes. It was come hurrying across the fields.

Pretty soon Johnnie Green re-turned to the farm house; and when away-no matter how hard he he came back Mrs. Fox could see pulled. busied themselves at her doorway. ing now. His "Haw-haw! haw-And then they went away, calling haw!" could be heard plainly enough

After they had gone, Mrs. Fox stole sadly across the field to the home she had liked so well. She (Copyright Grosset & Dunlap.

Do Rheumatic Pains Often Foretell Rain?

Persons who suffer from rheumaism, or some other bodily disorders of a similar nature frequently maintain that they can tell when a storm s approaching by the increasing trequency of their pains and the sharp-ness with which these dart through their body. Predictions of this sort are often attributed to imagination or to coincidence, while, as a matter of fact, they have a very solid foundation of truth.

Romance in Origin Of Superstitions

By H. IRVING KING.

Among the disnermen of the Atlantic coast from Newfoundland to Sandy Hook—if hot indeed further south than the Hook—there is a saying that the black line along the sides of the haddock is due to the Among the fishermen of the Atsides of the haddock is due to the of success and happiness in love fact that the fish was once seized affairs. by the devil's finger and thumb; but slipped through and escaped retain-ing the mark made by the infernal protects its wearer from markid

Ancient amulets, sculptures and drawings show that in the dim ages of their own efforts. of obscure antiquity a deep signifi-cance was attached to a combination of the hand and the fish. A hand grasping a fish was a favorite and powerful "charm" and is met with in southern Europe in the form of an amulet today. Just what the esoteric significance of the hand grasping the fish was is obscure-but there was

And as Elworthy remarks "there is hardly a custom or occult practice of the ancients which may not be somewhere or somehow among their modern descendants." The primitive mind seeks an explanation of everything, even the markings on a fish. In explaining the markings of the haddock the hand and fish superstition naturally asserted itself. The marks are black to grasp it. And furthermore we have the superstition reinforced from Norse mythology in which Thor tried to catch Loki, the god of destruction, when Loki was in the phrase. "Let your loins be girded to kind of hard lines that you should be struction, when Loki was in the phrase." form of a salmon; but Loki slipped through his fingers and the salmon still shows the marks of the strug- called?

The human body is comparable to a barometer, in that it quickly reacts to changes of air pressure because of the air in the intercellular space beneath the skin. When the pressure on the outside of the body decreases—as it does before a storm —the outward pressure in these cells increases in a direct ratio, and in the case of diseased or abnormal conditions such as rheumatism, gout and the like, causes additional There is an old couplet which describes the process quite accurately by saying:

tooth will rage."
