Drawn for The Bee by McManus Young Men to Be **Given Outing Free By Government**

Two Military Training Camps For Civilians to Be Conducted in Seventh

Corps Area.

Citizens' military training camps are to be conducted by the War department during the coming summer for the training of young men who have passed their 16th birthday and who are not over 35 years of age. These training camps will be opened not earlier than July 15 nor later than August 10 and will continue for one month. They will be modeled and fashioned after the Plattsburg and similar officers' training camps that were run by the War department during the world war to train officers for the expand-

The objects of these citizens' training camps are to bring together young men of all types, both native and foreign born; to develop closer national ond social unity; to stimulate the interest of the youths of this country in the importance of military training as a benefit to the individual taking such training and as an asset vital for the problems of national defense.

No Obligation Incurred.

The camps will show the public by actual example that camp instruction of the kind contemplated will develop the young men physically, mentally and morally and will teach Americanism in its true sense through patriotism and self-discipline, resulting in greater national strength, both civil and military.

There will be no obligation resting on the men who attend these training camps other than that they shall properly conduct themselves during the period of the camp and receive the instruction given. At the close of the camps, the young men will return to their homes without being tied up with any contract or agreement of service. This is simply plan to give the young men all the benefits of a few weeks' training without enlisting them in any of the military forces of the United States. Applicants for these camps must have average general intelligence and be of good moral character. No educational qualifications are prescribed or required. Each candidate, before admission, will file a certifi-cate from a qualified physician stating that his health and strength are adequate for the course of training such certificate to be on official blanks to be furnished to the applicants; also a certificate from a schoolmaster, clergymar, priest or rabbi to the effect that the candidate

is of good moral characteh and average general intelligence.

Transportation Paid. It is the desire of the War department to train the maximum number possible in the appropriations made by congress. Transportation charges of applicants will be paid to and from camps. Subsistence will be furisbed without charg teading the camps, but they will not

receive pay. In the Seventh corps area, which embraces the states of North and South Dakota, Minnesota, Nebraska, lowa, Kansas, Missouri and Arkansas, two camps will be conductedone at Fort Snelling, Minn., which is situated on the edge of Minneapolis, and the other at Camp Pike, Atk., which is adjacent to Little Rock Apelications to attend the citizens' miliary training camps should be sent to the commanding general.
