

'Home Sweet Home' To Be Sentiment At Builders' Show

McKelvie to Deliver Address Opening Night on This Subject While Orchestra Will Play Old Melody.

"Home, Sweet Home," will be the prevailing sentiment when the Complete Building show opens at the Auditorium on the evening of April 18. A big orchestra will play the familiar old song, while Governor S. R. McKelvie has announced his intentions to Robert C. Mitchell and Charles A. Franke, the promoters, that he would use "Home, Sweet Home" for the subject of his address to be delivered the opening night.

Mayor Ed P. Smith will make the opening address. In the attendance as well as the Chicago exhibition is expected to vie with a similar one held in Chicago last week. Already exhibitors who were at the Chicago exhibition say the local affair will far exceed the other one in exhibits. Banquet Opening Day. A luncheon in honor of Ralph P. Stoddard, secretary of the Common Brick Manufacturers' Association of America, will be held in the ball room of the Fontenelle the day the building show opens. All architects, contractors and manufacturers of common brick in Nebraska and Iowa have been invited to attend this luncheon, at which time Mr. Stoddard will illustrate a method he has evolved for laying brick in a new manner. One of the most impressive exhibits to be staged at the exhibition will be one conducted by Bradley Roe, of the Roe Metal Specialty Co., 737 Peters Trust building. Mr. Roe will exhibit metal doors and windows which are said to be absolutely burglar proof, as well as perfectly safe.

The window when not in use can be lowered between the walls of the house and when in use can be ventilated. Electric Light Exhibit. E. P. Mitchell, brother of Mr. Mitchell, one of the building show promoters, has secured a reservation for his company, the Moreau company of Cleveland, O., manufacturers of electric lights. Mr. Mitchell will not talk shop for himself during the show, but for the local firms that use his articles. To show how cheaply a modern house can be heated when a thoroughly modern furnace has been installed, will be the purpose of the furnace exhibit to be shown by the Duffy Furnace & Sheet Metal works, 429 North Eighteenth street. Green and white will be the prevailing colors used in the decorations for the show. Large wooden posts will be erected and on each will be placed a small residence constructed from pasteboard in which will be an electric light. A Chicago woman of wealth has supported 52 Belgian servant girls.

Boy, 10, Implicates Father as Brewer

Lad Charged With Bicycle Theft Gives Damaging Testimony in Juvenile Court.

Walter Sempek, 10, gave damaging testimony against his father, Joseph, 4319 South Twenty-seventh street, for bootlegging when he was brought into juvenile court yesterday morning on a charge of stealing a bicycle. Mrs. M. Bonar, Thirty-fifth and Parker streets, corroborated what the boy said. "I once caught my husband buying whisky from Sempek, but he never went there again after that," she announced to the judge. Judge Sears said he would prevent the elder Sempek from obtaining his second naturalization papers if he found the charges to be true. Sempek was arrested once for bootlegging, but denied he is in the business now. Mrs. Bonar testified that Walter Sempek urged Frank Checkogowski, 13, 2615 H street, to go with him in stealing the bicycle. Frank's mother also pleaded with him. "He's a good boy; helps me scrub the floor and wash the dishes," she said. She has two other boys in the Kearney home. Judge Sears ordered the boys to Riverview home until further notice. Rotary Club Still Leads. Rotary still leads in the club contest for Ak-Sar-Ben memberships. Samson announced yesterday, releasing these figures: Rotary, 122; Concord, 99; Kiwanis, 92; Ad-Sell, 31, and Lions, 17.

3 Autos to Be Given Away at Elks Show

Big Carnival Will Be Staged at Auditorium May 7 to 14.

Three automobiles will be given away at the big Elks' indoor circus and carnival which will be given at the Auditorium May 7 to 14 under the auspices of the Omaha Elks' lodge, No. 39. The circus and carnival, which is one of the biggest shows to visit the Auditorium this year, will be given for the benefit of the activities committee to help defray the expenses of the Elks' band to Los Angeles and to land the national headquarters of the Elks at Omaha. A Packard automobile, Buick and

Overland Car will be given away on the last night of the show.

Besides giving away three automobiles, there will be six of the best circus acts in the country on the program. Following the circus there will be dancing every night. The New Orleans Jazz band will furnish the music for the dancers. The Omaha Elks' band will give a concert every night during the show. The circus has just finished a successful season in Chicago, New York, Philadelphia and Boston, where it played under the auspices of the Elks. Chemical Society to Meet. The Omaha section of the American Chemical society will meet in room 310, Central High school, Tuesday evening. A paper, "The Manufacture of Bismuth," by Arthur E. Hall, general superintendent of the American Smelting and Refining company, will be read.

Dynamometer Car Shows Operative Cost

Just how fast a train is going, how much energy from its various agencies is being expended and the exact cost of operation can be registered by the new dynamometer car which arrived in Omaha Friday and made tests in the Omaha and Council Bluffs yards of the Chicago, Milwaukee & St. Paul railroad. The dynamometer car and the various mechanical appliances is fastened to the engine. There are several charts in the car in which automatic indicators and pens mark up the information sought. Charles C. Dimock, transportation inspector of the road, is in charge of the car and is making tests all along the system. With the new appliances Mr. Dimock says the exact cost of operating a train may be obtained.

Queen Anne Design—Velour Upholstering Just as Illustrated Above

Among the many, many reasons why hundreds of Omaha folks buy their furniture at Hartman's, the strongest is no doubt the fact that they save money by doing so. When the price of furniture showed an inclination to drop we were the first to cut our prices. We make a boast that for good furniture our prices are the lowest in Omaha. As a real Monday special we offer this novel shaped Queen Anne parlor suite—designed especially for small apartments—at a price that substantiates the aforementioned statements. Frames are of mahogany inlaid with artistic case panels. Upholstered in excellent quality figured mulberry velour. Full sized chair and rocker—¼ length sofa. Remember, you can buy this suite on credit if you prefer.
