Supreme Court Upholds Ruling In Ferson Suit

Objection to Jurisdiction of Douglas County Tribunal Over Standard Oil Company is Sustained.

Lincoln, April 11.—(Special.)—Objection to the jurisdiction of the Douglas county district court over the Standard Oil Company of Nebraska, in lieu of the New Jersey and Ohio companies, named in Louise Osborne Ferson's suit for $120,000,000 damages, charging that the oil and packing trust had stolen her patents to a pork and bean biscuit, were sustained by the Nebraska supreme court in an opinion handed down today.

The lower court had stricken out the 115-page petition of the plaintiffs, Mrs. Ferson and her sister, from the files on the ground that it was redundant, irrelevant and scandalous.

Charges had been made that the "trust" had persecuted the plaintiffs and had forced them to leave hotels and lodging houses where they were staying.

The supreme court affirmed the trial court's finding that the service on the Nebraska corporation was not adequate service on the other corporations of the Standard Oil company.

Thiede Granted New Trial.

Lawrence Thiede, Adams county man, convicted in the lower court of voluntary manslaughter in connection with the alleged gift of a drink of "bootleg" whisky to a man named Julius Kroll of Prosser, from which he died, was granted a new trial by the high court.

Thiede had distilled the whisky himself and had given a drink from his jug to four boys from Prosser during a carousal in which two young girls had been involved and who appeared as witnesses for the state. Kroll died the next morning.

The case was remanded because the judge did not instruct the jury on the question of recklessness, but only said that if liquor had been given by Thiede and Kroll had died from the effects, Thiede should have been found guilty.

Men Charged With Running Community Still Are Arrested

Fremont, Neb., April 11.—(Special Telegram.)—Arrests may come and go, but booze seems to flow on forever in Fremont. During the past 10 days the county officials and state agents have brought to justice nearly 15 alleged bootleggers.

The latest development in the hunt for booze uncovered a ring of booze manufacturers on Hormel's island, east of Fremont in the Platte river, yesterday morning.

First evidence of a regular circle was found at the home of John Kelly in this city, when sleuths unearthed 75 gallons of "mash," which Kelly said was chicken feed. It was said Kelly was "soaking" his mixture while the "community" still was being passed around between Walter and William Mitchell, Jake Parks and Carl Volstedt, farmers on Hormel's island. The latter is no relative of the author of the prohibition amendment and despite the fact that the still was found at his place, with about 30 pint bottles, he stated that it had been brought there by the others.

He will be a witness for the state. Kelly is in jail. Walter Mitchell was released under bond and his brother and partners have departed for parts unknown.

Increase of Allowance Is Sought by Mrs. Leflang

Mrs. Caroline J. Leflang started action in district court yesterday to force her husband, Arthur C. Leflang, to pay her more than $300 a month as separate maintenance. She was allowed this sum at the conclusion of his suit for divorce last November. But she declares it isn't enough. She will show a photograph, she says, proving her husband has been disporting himself in Havana.

Brauch Children to Remain In Grandparents' Custody

Mr. and Mrs. N. P. Nielsen, 3620 Bedford avenue, were given custody of Dorothy and George Brauch, 7 and 9 years old, by decision of District Judge Sears yesterday. They are the children of the deceased daughter of the Nielsens. Brauch, the father, has remarried and sought to take the children from their grandparents.

Recluse O'Connor Estate Is Awarded to Nebraska

Washington, April 11.—The legal fight over the estate of John O'Connor of Adams county, Nebraska, ended today when the supreme court refused to review a decree of the state supreme court holding that the alleged will produced by the contesting heirs could not be probated. The estate was valued at $125,000.

Drama League Secedes From National Body

Board of Managers Abolished, Fees Increased and Mrs. E. M. Syfert Re-Elected President.

"The Omaha Drama league is not a censor of play morals for the young. It doesn't have to be. The young are too sophisticated."

Mrs. Samuel Burns, a past president, expressed these sentiments in her report at the annual meeting held yesterday in the Fontenelle.

"Movies have given them such a liberal education they know more than their maternal ancestors," she said.

"Nevertheless, only five plays were bulletined by the league last year. They were: 'Clarence,' "The Masquerader," "The Storm" and Otis Skinner and Robert Mantell's performances.

"A play may be well put on, faultlessly written and exceptionally cast without being at all a form of entertainment to recommend to the jeune fille, she explained.

Exhibit Business Acumen.

The members present voted to withdraw from the National Drama league, thereby saving $730 in membership dues; increased the annual fee from $2 to $3 and did away with their board of managers, composed chiefly of "mere men" who did not attend their meetings.

The secession from the national league, recommended by the executive committee, came somewhat as a surprise.

"We got no service, not even replies to our letters, despite the fact we paid $1 per member annually," said Mrs. George Prinz.

Mrs. E. M. Syfert, president, explained the local league offered to compromise by paying the national center 50 cents per member annually, but the offer was rejected. Hence the secession.

Officers Elected.

Mrs. Syfert was re-elected president. Other officers named are: Mrs. Edgar Morsman, Mrs. Luther Drake, Miss Belle Dewey, Mrs. Lucien Stephens and Mrs. Victor Rosewater, vice president; Miss Emily Keller, recording secretary; Mrs. Ralph Peters, corresponding secretary; Mrs. Henry S. McDonald, treasurer; committee chairmen: Educational, Mrs. W. F. Baxter; plays, Mrs. George Prinz; publicity, Mrs. Martin Harris; membership, Mrs. O. C. Redick; courtesies, Mrs. Howard Baldrige; house, Mrs. A. L. Reed; distributing, Mrs. O. T. Eastman, and auditing, Mrs. Samuel Burns.

KANSAS CITY WOMAN MAKES 25 POUND GAIN

"I Can't Say Anything Too Good for Tanlac," Says Her Husband. She Was Dreadfully Weak and Rundown.

"Tanlac has relieved my wife of three years' suffering and built her up 25 pounds in weight, and I just can't say anything good enough for the medicine," said Jasper Cash, well known house decorator, residing at 3120 Oak street, Kansas City, Mo., recently.

"At the time my wife began taking Tanlac she could hardly eat anything. Everything disagreed with her, and after eating she bloated all up with gas and suffered for hours. Often she couldn't retain her food and many days she had headache and dizzy spells, when she couldn't walk without staggering, and at times couldn't even stand up. She could scarcely do any housework and complained of feeling weak and run down all the time.

"Finally she got to the point where it looked like she just had to have relief or give up entirely, and, as we had read so much about Tanlac, we decided to give it a trial. The first bottle helped her, and now she has a fine appetite and everything she eats agrees with her perfectly. She used to be restless at night, but she sleeps like a child now and says she feels good all the time. I can't say anything too strong for Tanlac.

Tanlac is sold by the leading druggists.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calonite powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.
