

## Measure Making Deficiencies Felony Killed

### Three Votes Taken to Decide Issue—Board of Control Members Salary Fixed At \$4,000.

Lincoln, April 22.—(Special.)—It took three votes in the senate to kill H. R. 465, a bill originally drawn to make it a felony for a state official to create a deficiency in his appropriation when that bill came up in the committee of the whole.

The bill was first amended to include all county, city and local officials as well. After it had been advanced by a vote of 14 to 13, the vote was reconsidered and a new vote taken and the bill was postponed 15 to 12. Then a motion not to concur in the committee report for indefinite postponement was lost by a vote of 11 to 18.

While the senate was accepting a conference committee report recommending a committee substitute for S. F. 89, a child welfare bill to punish pandering of the house was rejecting the report. A new committee from each house will have to be appointed.

The substitute bill is a state white slave act, making it a felony to transport a woman across county lines for immoral purposes.

The senate adopted a conference committee report compromising the salary of state board of control members at \$4,000 a year. The house passed the bill, H. R. 403, at \$3,500 and the senate boosted it to \$4,500.

By a vote of 16 to 13, the senate killed H. R. 463, a bill to prevent any city or county official from employing relatives in public offices at salaries above \$800 a year. The bill, which the senate once killed and then revived, was drawn to prevent county boards from appointing relatives as state road overseers.

The senate adopted an adverse committee report to kill H. R. 610, originally drawn to permit correction of errors in estimates for paving in cities of the second class, but amended by the house to require open bids on all public work in all cities of the state. The committee ruled against the legality of such a substitution.

## Recall of Censorship Committee Is Urged By Senator Hastings

Lincoln, April 22.—(Special.)—Senator Hastings threw a bombshell in the senate late this afternoon when he introduced a motion demanding that the senate conference committee on House Roll 113, formerly the movie censorship bill, but now the Beebe high license substitute, be discharged and a new committee appointed.

Hastings was sponsor for the motion picture censorship bill in the senate and at the time he made the motion today he named three other senators to go on the new committee. Hastings declared that the senate and-house committee was in a deadlock and unless the senate was changed there would be neither censorship nor regulation.

Another motion carried, however, which called for a report from the senate committee at 10 tomorrow and if a deadlock is reported it may be possible another committee will be appointed.

## Homer Teachers Have Salary Held; May Quit

Homer, Neb., April 22.—(Special.)—Teachers in the Homer schools have not received pay for their services since February 1. W. H. Ryan, secretary of the board of education, is also cashier in the bank that handles most of the school warrants. About the middle of the year, it was discovered that the school district had a deficit of approximately \$6,000.

The bank began to call for its money and now the school revenues are being paid to the bank instead of being applied on teachers' salaries. It is reported that because of these difficulties none of the present teaching force expect to remain next year.

## Amended Primary Bill Is Advanced by Senate

Lincoln, April 22.—(Special Telegram.)—The senate by a vote of 17 to 13 advanced the amended Douglas primary bill to third reading. Under the amendment the provisions of the bill must be subject to a referendum before they can become a law. The bill calls for nomination of two candidates at party conventions and the names of these candidates shall be submitted to the people at the primaries.

The vote on the bill follows: For: Beebe, Berns, Bliss, Brown, Bushee, Davis, Gannon, Good, Halderman, Harris, Hoagland, Illian, McGowan, Norval, Pickett, Warner, Watson.

Against: Anderson, Cooper, Cronin, Dutton, Hastings, Humphrey, Johnson, Miller, Rickard, Robbins, Sturm, Ulrich, Wiltz.

## Anti-Picketing Measure Is Advanced by Senate

Lincoln, April 22.—(Special Telegram.)—Following a two-hour debate the Nebraska senate advanced the Randall-Hascall anti-picketing bill to third reading. The vote follows:

For: Anderson, Berka, Bliss, Cooper, Cronin, Davis, Gannon, Halderman, Harris, Humphrey, Illian, Johnson, Randall, Robbins, Saunders, Watson.

Against: Beebe, Brown, Cronin, Dutton, Hastings, Hoagland, McGowan, Norval, Pickett, Rickard, Ulrich, Warner, Wiltz.

Pairing and not voting: Bushee and Miller, Sturm and Reed.

## Night Session Held by State Senate to Clean Up Odds and Ends

Lincoln, April 22.—(Special Telegram.)—The senate held its first night session tonight in the hope that odds and ends of unfinished business might be cleaned up to give a right of way to consideration of the big appropriation and revenue and taxation bills due out of conference committees tomorrow.

The conference committee on the appropriation bill was reported to be voting for a majority of the additions inserted in the bill when it went through the senate, including the \$125,000 Fort Crook road appropriation, which, because it was not in the original budget, will require a three-fifths vote to approve it in the house tomorrow.

Reports on the work of the conference committee on S. F. 65, the big revenue and taxation bill, were meager tonight. Both of these bills must be considered by both houses tomorrow and there was much doubt expressed as to whether the work could be finished by Saturday night.

## Oriental Banned From Acquiring Land in State

Lincoln, April 22.—(Special Telegram.)—The senate's substitute for the house alien property bill was accepted by the house with conference committee amendments today. The bill as it goes to the governor for signature bars Orientals from acquiring further real estate in Nebraska and also puts a ban on their acquiring controlling interest in real estate through creation of corporations.

## Henderson Chicken Thieves Plead Guilty to Offense

Aurora, Neb., April 22.—(Special.)—Aaron Epp and Ernest Epp, both of Henderson, pleaded guilty to chicken stealing in district court. Aaron Epp was sentenced to 60 days in the county jail and Ernest was paroled to his mother, who needs his help on the farm. The boys stole 40 chickens from the roost of A. P. Brown and sold them in Stockham.

## Madison County Fair to Beautify Show Grounds

Madison, Neb., April 22.—(Special.)—The Madison County Fair association has employed the services of a landscape gardener in making the grounds more beautiful and from year to year improvements will be made. New arrangements have been perfected whereby concessions will be benefited by a better circulation of the people.

## Raise Teachers Salaries

Lodgepole, Neb., April 22.—(Special.)—Dalton is one of the few towns in this end of the state that is not retrenching on teachers' salaries. The whole corps has been re-elected at an increase. Superintendent Gibbs was raised \$225.

## Convention at Edison

Edison, Neb., April 22.—(Special.)—The Fourth district convention of the Christian church of Nebraska was held here. One hundred out-of-town delegates were registered.

## Legislature is Entertained by Omaha Members

### Lawmakers Loud in Praise of Delegation From Metropolis—Good Fellowship Predominates.

Lincoln, April 22.—(Special Telegram.)—Members of the state legislature learned last night that the Omaha fellows weren't such "bad guys, after all."

The discovery was made when the members attended a big banquet at the capital city's leading hotel given by members of the Douglas county delegation.

Musical stunts and "good fellowship" predominated.

W. L. Anderson, speaker of the house of representatives, said:

"When Omaha wants things done, wants favors from Nebraska and wants to set a precedent for gentlemen of influence, let it send the same representatives to Lincoln two years' hence that it did this year."

Representative Douglas of Polk, in poetry, read a like appreciation of the friendship of the rest of the state for the Omaha delegation.

He called the 12 members of the lower house from Omaha, "The 12 apostles."

## Girls Sing and Dance.

After the speeches of Anderson and Douglas girls from the Lincoln theaters entertained with dances and songs which met loud approval from all members.

As the evening progressed, Gus Hyers, state sheriff, made a closer search of the members than the newspaper men did. Suddenly his voice sounded like a clarion in the banquet room:

"Lookee, lookee," he shouted. Hyers held aloft a bottle, square in shape and green in color, which bore the label, "Johnnie Walker."

Hyers was standing directly behind Representative George Williams of Fillmore, a Seventh day adventist. Williams immediately was summoned before the court.

## Druesedow Remembers Taste.

Tom Hollister of Omaha, who with Ed Clemenson, has been protecting the interests of the Nebraska Power company, was appointed prosecuting attorney of the jury, including Representative Beans, the Nonpartisan leaguer, who wore a necktie and a smile on his face for the first time during the session, were selected from the house and senate membership. Each was ordered to taste the contents of the "Johnnie" Walker bottle. Everyone, excepting Bob Druesedow of Omaha, declared it was tea. Druesedow yelled: "Whisky!"

Hollister immediately announced he would have Druesedow tried before an insanity commissioner.

Representatives L. A. Medlar and M. M. Robertson of Omaha were in charge of the dinner and entertainment.

## Chicks' Judgment In Selecting Mother Is Upheld by Judiciary

Sacramento, April 22.—Chickens haven't much sense, but they ought to know their own mothers except when the mother is an incubator, and then they ought to know their foster mother.

This was the decision of Judge L. M. Shelley in the police court here yesterday when warring neighbors came before him, each seeking possession of 10 little yellow balls of fluff.

The evidence showed that one neighbor, missing her chicks, saw a group of chicks in a neighbor's yard, so she took the bereft foster mother over and set her down.

"Cluck, cluck," said the hen. "Peep, peep," replied 10 chicks, and ran to the shelter of the big hovering wings. The hen refused to have anything to do with the other chicks in the yard, and they in turn declined to seek the shelter of her wings. So the complainant got her 10 chicks back, the incubator chicks have their foster mother again and the judge dismissed the defendant.

## France to Send 100,000 More Troops Into Germany

Paris, April 22.—(By The Associated Press.)—One hundred thousand French troops, in addition to those now on the Rhine, are provided for in the plan elaborated by the mixed military and civil commission, according to La Liberté.

There are now 80,000 French troops in the occupied territory, the average cost for the maintenance of which is 44,000,000 francs monthly.

La Liberté adds that the plan calls for the occupation of two-thirds of the Ruhr industrial valley and also Elberfeld and Barmen in Westphalia.

The essential principle of the economic measures consists, according to the paper, of continuation of the working of the mines and mills and other plants by German companies under control of the allies. The allied plan provides that a certain percentage of coal mined shall be exported to Germany.

## Governor Signs Bill Giving Judges Power to Fix Terms

Lincoln, April 22.—Governor McKelvie has signed the bill defining the duties of a new state board of pardons and amending the indeterminate sentence law to permit the judge to fix any term of imprisonment between the minimum and maximum prescribed by statute.

## Steel Bridge Across Platte River Being Constructed

Central City, Neb., April 22.—(Special.)—The steel work on the steel bridge being erected over the Platte river immediately south of this city, is progressing rapidly. Fifty men are employed and it is estimated that the bridge will be completed early this fall. The new steel edifice will take the place of the old mile bridge.

## Sawyer Outlines Plans to Improve Soldier Relief

### Activities for Ex-Service Men Would Be Consolidated in One Department as Addition to Cabinet.

Chicago Tribune—Omaha Bee Leased Wire. Washington, April 22.—The administration's program for consolidating and improving the various governmental agencies dealing with soldiers relief was laid before the senate committee on education and labor by Brig. Gen. Charles E. Sawyer, President Harding's personal physician and reputed spokesman.

The program provides for the creation of an entirely new executive department, headed by a member of the cabinet, to be known as the secretary of public welfare. Under this department there are to be four main divisions, each headed by an assistant secretary, to be known as the divisions of education, public health, social service and veteran administration.

Under the new plan, practically all agencies dealing with the soldiers would be consolidated. According to General Sawyer, this would include the war risk bureaus, pensions, allotments, and similar matters. An exception would be the work of providing adequate hospital facilities which would be placed under the division of public health.

The administration plan as set forth by General Sawyer is intended to carry out the recommendations of the Dawes committee. It varies from these recommendations in that the Dawes report favored the creation of an entirely separate agency, dealing exclusively with soldier relief, and headed by a director responsible directly to the president. Under the administration plan, the veterans' administration would be directed by an assistant secretary, but it is believed that the secretary would give his attention largely to this subject.

General Sawyer impressed upon the committee President Harding's desire for prompt action.

## McDougall Kitchen Cabinet Sold THIS WEEK

The McDougall is an improved method of Kitchen Management. It does for the home-keeper what the dictaphone, telephone and typewriter do for the business man—it simplifies your work.

Haven't you often thought, "If I could only sit down and do this?"

A McDougall makes this possible. You sit and reach, with your hundred and one utensils and ingredients all before you, within arm's reach—not scattered around you.

It is the stopping and lifting, the trudging and carrying that brings weariness and wrinkles at the end of the day.

The sliding bottom and shelf in the utensil compartment bring all your kettles, pots and pans within easy reach as you sit before your McDougall.

The time saved alone pays for the McDougall. One hour a day saved means 365 hours a year. Fifteen Days fewer spent in the kitchen; Fifteen Days more of leisure.
