Washington, April 22.—While distribution of the former German cables in the Pacific will be deferred pending settlement of the status of the island of Yap, it was learned today that the United States will make an effort to have cable communication to the Dutch East Indies and far east over the lines now in possession of Japan as soon as possible. During the war the cables radiating from the island of Yap were sealed by the Japanese authorities and have never been reopened. The cable formerly extending from Yap to Shanghai was deflected from the Chinese city to a point in possession of Japan in the far east. Whether an attempt will be made by the American government to have the cable restored to Shanghai was not disclosed.

Passage of the bill in the senate by the end of next week was predicted by the senator. No change will be made in the sections of the bill imposing duties on agricultural products, he said.

Court Reporter Becomes Fugitive Before Brief for Appeal Completed and Convict Can't Get Rehearing.

Daquoin, Ill., April 22.—Because the court stenographer who recorded his trial on a charge of murder is now a fugitive from justice, William Parsley is in jail here awaiting execution of a death sentence without the means of getting his case before the state supreme court. Before action could be taken on an appeal by the prisoner, following his conviction, Miss Abbie Robertson, the stenographer whose duty it is to make the brief for presentation in the higher court forged the

signature of Circuit Judge Pope, and under the odium of prosecution refused to decipher her notes on the trial. Miss Robertson's whereabouts are unknown. Without the brief the case cannot go to the supreme court.

A stay of execution has been granted by the governor and the attorney general has issued a special ruling that the appeal may be framed by counsel for both sides of the case and Judge Pope, providing an agreement can be reached as to the major premises for the re-trial. Without the agreement Parsley can take no further action and will hang on June 24.
