

FIRST NATIONAL WEEK

unrolls a chain of entertainment that girdles the World with its Links

THIS is First National Week, during which time the leading theaters will present to the motion picture loving public "Associated First National Pictures." Features bearing the "First National trade mark are more absorbing, fascinating and entertaining than all others, because under no other system of producing pictures have the creative forces of genius in acting and producing been combined as they are in this mighty organization. Join in this celebration and realize how true it is that *FIRST NATIONAL PRODUCTIONS* are the standard by which all other pictures are judged. Look over the list of theaters in our territory and pick out your favorite picture at your nearest theater.

The name "First National" to a motion picture corresponds to the "Sterling" mark on silver.
