

## THE DAHLMAN TICKET WINS

### Allies Will Invite U. S. To Council

Will Take No Naval Action Against Germany Without Consulting Government at Washington.

### America Not Approved

London, May 3.—The allied supreme council today decided to take no naval action against Germany without consulting the United States. This was agreed to after a rather full discussion of the council members with Admiral Beatty of England, and Admiral Grasset of France, regarding plans for naval pressure upon Germany.

After approving the measures for the occupation of the Ruhr valley should Germany fail to comply with the terms of the allied ultimatum and also discussing the question of a naval demonstration, the council today completed its examination of the financial clauses of the reparations demands, which were virtually agreed upon by the drafting committee.

It was agreed that the bonds which Germany is to issue as a guarantee for her reparations payments should run for 37 years, with interest at 5 per cent, plus 1 per cent for a sinking fund, and in addition, by way of the amortized bonds, the interest on the bonds not issued will be payable into the sinking fund.

The sum of \$2,000,000,000, normally about \$2,100,000,000, was fixed as the principal of the German reparations debt. Germany will be asked to either acknowledge or repudiate this obligation by May 12. The supreme council will send its demand to Berlin through the allied reparations commission.

**Consider Occupation.**  
Occupation of the Ruhr coal basin in the event such action should become necessary, was considered by the council with the military representatives of the allies. It is expected the council will finish its labors today.

Four suggestions were examined by the council this morning, namely, blockade of the German ports, a partial blockade, a demonstration with out a blockade and seizure of the customs receipts in German ports.

The unanimous opinion was that nothing further should be done at present concerning naval action until the views of the Washington government were learned, and only as an additional means of compulsion in the event that occupation of the Ruhr, if carried out, should not prove sufficient to cause a surrender by Germany.

**To Invite United States.**  
Mr. Lloyd George, the British premier; M. Briand, the French premier; Sforza, the Italian foreign minister, and M. Jaspard, the Belgian foreign minister, were agreed that American susceptibilities must be carefully considered. The British and French governments will continue to examine means for a naval action after final adjournment of the council.

Unofficially the American role of Sunday to Germany were circulated informally among the ministers and it was wholly approved.

The representatives of the four governments are agreed that the United States must be invited to send a representative to the supreme council, the council of ambassadors meeting regularly in Paris, and the reparations commission. It has been thought wise not to urge the Washington government to enter these bodies until after May 12, when the results of the present decision of the supreme council have been seen.

### No Danger of Jap War Says Baron Shidehara

Cleveland, May 3.—Differences between the United States and Japan, "call for adjustment, but their existence does not justify apprehension of pessimistic forecast," Baron Shidehara, the Japanese ambassador, declared today in an address before the Cleveland Chamber of Commerce.

"Is there any question between us," he asked, "which can not be set at rest by the ordinary process of friendly discussion? Sane and honest diplomacy, backed by sense, reason, charity and mutual concession, will alone lead to the lasting settlement of these problems. There is absolutely no other course."

Declaring that the stability of every "human institution" about the shores of the Pacific ocean depended upon the maintenance of harmony and good understanding between Japan and the United States, Baron Shidehara said a grave responsibility rested upon the United States and Japan.

### Hoover Urges Action to Check German Trade

Secretary of Commerce Favors Tariff "of Large Order" to Protect United States Industries.

Washington, May 3.—Immediate congressional action to check the inroads of German foreign trade in the United States was urged by Secretary Hoover before the house ways and means committee, a revived German commerce, he said, was driving certain American lines out of business.

He declared for a protective tariff "of a large order" and spoke favorably of the contemplated change in policy as the basis of assessing import duties. The committee is considering establishment of an American standard of valuation to supplant the system of levying tariff on the value of imports in the land of production.

Such a plan, Mr. Hoover said, appeared to be the only solution to the problem of meeting sales by Germany and other foreign countries, whose currency is badly depreciated.

**Subsidizing Industries.**  
Germany continues the policy of indirectly subsidizing her industries, Mr. Hoover said, adding that on the basis of reports by federal agents the subsidy amounted to around 50 per cent of the production costs.

The methods pursued in subsidizing the industries of Germany, according to Mr. Hoover, include heavy contribution to the railroads and other public utilities, expenses for services, which "justly should be assessed through channels not governmental." Many local subsidies exist, he added, all of which have an indirect effect on the selling prices of German commodities abroad.

The Germans accomplish the program by the issue of unlimited paper currency, Mr. Hoover said. He expressed the belief, however, that this policy would lead to "inevitable disaster."

**Cheap Production.**  
He made it plain that while subsidies were continued the German industrial plant was placed solidly in a position for cheap production. He cited steel prices quoted by German firms in neutral markets as \$12 a ton below American prices. Other lines of American trade were suffering likewise outside of the United States, he said.

The committee also heard other arguments for and against the valuation change. Members of the committee gave evidence of being by no means agreeable to the question.

**New York Pressmen Agree to Wage Cut**  
New York, May 3.—A cut of 12 per cent in wages of cylinder and paper pressmen, press assistants and job handlers employed by the book and job printers trades was announced by a committee on arbitration approved by both employers and employees. The cut was based on the decline in living costs.

### Omaha Man Is Freed in Bond Case

Diggs Nolen Found Not Guilty On Charge of Receiving Stolen Government Securities.

### Faces Second Indictment

Memphis, Tenn., May 3.—(Special.)—The first of the stolen Liberty bond cases exploded with a bang today when the jury which tried H. Diggs Nolen, druggist, and W. L. Huntley, jr., former vice president of the National City bank, returned a verdict of not guilty. The jury got the case at 5 Monday afternoon.

Nolen and Huntley were tried on a charge of having received \$65,000 worth of Liberty bonds, part of a parcel of \$466,000 worth of bonds which were stolen by highwaymen on November 30.

**Contend State Failed.**  
Ralph Davis, attorney for Nolen, and John E. Bell and P. J. Lyons, attorneys for Huntley, contended throughout the trial that the state had failed to make a case against their clients.

The trio contended the state failed to establish the body of the crime to make the connection between the defendants and the bonds stolen in New York.

The case was bitterly fought. Sequestration of witnesses began a week ago Monday and it required two and one-half days to get the jury. Taking of testimony was not ended until late Saturday.

When the state closed its case the defendants sprung a surprise by electing not to offer any testimony. Monday was consumed by the argument of counsel in the case and the closing of the judge. Six men were indicted in the Liberty bond scandal here.

**Others Also Named.**  
The indictment on which Nolen and Huntley went to trial also named M. B. Joseph and R. E. Priddy. Joseph is a jeweler and member of the firm of Joseph H. Messers, Inc. Priddy is a member of the bond brokerage firm of Priddy-Williams company.

A second indictment was returned jointly against Nolen and John E. McCall, jr., attorney, and charges them with receiving \$100,000 worth of stolen bonds.

A third indictment charges Huntley and James M. Vardaman, of the bond department of the Bank of Commerce and Trust company, with receiving \$135,000 worth of stolen Liberty bonds.

During the progress of the trial of Huntley and Nolen the state announced that it would recommend not guilty verdicts for Joseph and Vardaman when their cases come up for trial.

Joseph and Priddy were granted a severance or separate trial. McCall also was granted a severance. The cases against Priddy, McCall, Vardaman and Joseph, and added cases against Nolen and Huntley are on the court calendar for tomorrow.

**Ranch Hand Commits Suicide By Hanging**  
Alliance, Neb., May 3.—(Special Telegram.)—John A. Gregory of Alliance, 50, committed suicide by hanging himself with a halter attached to a ladder in the barn on the Kilpatrick ranch 25 miles west of here, where he was employed as a ranch hand. The body was found by another ranch hand when he went to the barn to do the morning chores. Gregory's feet were upon the ground with the knees bent forward, indicating that he had let himself down to a stooping position and strangled to death.

### Stillman Resigns as N. Y. Bank Head

New York, May 3.—James A. Stillman today resigned as president of the National City bank.

Charles E. Mitchell, president of the National City company, was elected to succeed him.

The resignation of Mr. Stillman, whose divorce proceedings have attracted much newspaper attention, was accepted at the regular weekly meeting of the bank's board of directors. The directors previously had refused to accept the banker's resignation.

It is understood that Mr. Stillman will continue as a director of the bank.

### Statements in Bergdoll Case Denied

Judge Westcott Contradicts Assertion He Helped Draft Evader: Escape From Federal Prison

By The Associated Press.  
Washington, May 3.—A sharp question of veracity arising between Samuel T. Ansell, former acting judge advocate general of the army, and former Judge John W. Westcott of New Jersey, created excitement today at the investigation by a house committee of the escape of Grover Bergdoll, draft deserter.

Called to the stand before Mr. Ansell, counsel for Bergdoll, had completed his statement, Judge Westcott, who is 72, denied the testimony of Ansell in two essential details and declared with emphasis there was no truth in the report that he had been engaged as associate counsel, as Ansell had stated, to help Bergdoll from prison after he had evaded the draft for nearly two years.

As the judge went back to his seat, Mr. Ansell, who had heard part of the denial, reiterated under oath that every word of his testimony was true. Just as his examination was about to shift to other channels, Chairman Peters, turning to the judge, asked if he desired to be heard.

**Torrent of Denial.**  
The judge was on his feet instantly. Moving over toward the table across from which Mr. Ansell sat and refusing to be seated, for five minutes he let loose a torrent of denial, declaring Ansell lacked the courage to step outside and make the same charges. In the midst of the verbal attack, Mr. Ansell broke in with the demand that it was to be a debate he wanted the right to speak.

Seeing possibilities of an impending clash, Chairman Peters quickly stopped the discussion, but not until the judge had fired a few more shots. Then, picking up his hat, he walked out, with a courteous and smiling "well, good-by, gentlemen."

"First denying there was a shred of truth in the statement by the late D. Clarence Giboney of Philadelphia, that he had been employed in the Bergdoll case and paid \$1,250, Judge Westcott declared he never went to see Secretary Baker in Bergdoll's behalf, as Ansell had testified and that he knew nothing of the story of Bergdoll's buried gold until he read it in the newspapers. Earlier Mr. Ansell had testified that Judge Westcott, as a defense attorney, had discussed with Giboney and himself, the question of urging the War department to permit the dodger's release under guard to go and find it.

**Friend of Baker.**  
The fact was mentioned that the judge was a warm friend of Secretary Baker and that he was the man who had twice placed Woodrow Wilson in nomination for president. Judge Westcott declared his only part in the case was the sending to Mr. Baker of a letter, enclosing the Ansell brief in the Bergdoll appeal, which he regarded as a brilliant document and one which should have the secretary's consideration.

Going back to the buried gold, Judge Westcott, looking Mr. Ansell in the eye, exclaimed: "I never heard of it until it came out with the news of Bergdoll's escape. I would suppose if a man of Mr. Ansell's ability could get that crazy idea in his head, and in view of what happened, he would have left the committee."

Depreciating the fact that two men could be at such variance as to the fact, Judge Westcott said he wanted to reiterate in Ansell's presence "and in his very teeth" that the latter knew when he testified, that statements concerning him were untrue. The judge said Ansell had refused to recognize him when they were only a few feet apart, which led to much questioning and to the remark by Judge Westcott that the lawyer must have been conscious then of making statements he had no authority to make.

### A Little Matter of Billions

NEWS PAPER ALLIES ASK 216,000,000 GOLD MARKS GERMANY OFFERS 200 BILLION

LET'S SEE, THE ALLIES WANT 216 BILLION MARKS. THAT'S ABOUT 93 CENTS A SECOND SINCE THE BEGINNING OF THE CHRISTIAN ERA. GERMANY OFFERS 83 CENTS A SECOND. NOT MUCH DIFFERENCE THEY OUGHT TO BE ABLE TO GET TOGETHER.

### HEAVY VOTE IS SHOWN BY EARLY COUNT

Sunshine Brings Many Women to Polls to Cast Ballots In Election of Commissioners.

SLATES ARE SMASHED; MIX 'EM UP IS SLOGAN

Tickets Fare Badly at Hands of Careful Voters, Who Select Men They Want to Hold Office.

In 34 precincts Butler's vote was 7,320 and Dahلمان's, 7,091. Koutsky, low on the Dahلمان ticket, had 6,384 votes. Ure, high on the 5,000 ticket, had 4,838.

A complete victory for the Dahلمان ticket was indicated by early returns in Tuesday's city election. In the first 21 precincts received the Dahلمان ticket on the average was nearly 2,000 votes ahead of the Committee of 5,000 slate.

Returns from the first 21 precincts were as follows:

|           |       |
|-----------|-------|
| Butler    | 4,473 |
| Dahلمان   | 4,420 |
| Zimmerman | 4,320 |
| Hummel    | 4,122 |
| Koutsky   | 4,118 |
| Hopkins   | 4,065 |
| Dunn      | 3,999 |
| Ure       | 2,657 |
| Towl      | 2,433 |
| Falconer  | 2,402 |
| Ring      | 2,330 |
| Grimmel   | 2,081 |
| Murphy    | 1,961 |
| Surton    | 1,772 |

In returns received from the first 14 precincts the Dahلمان ticket averaged more than 1,000 ahead of the Committee of 5,000 slate. These returns were from both upper and lower wards and tabulators at Election Commissioner Moorhead's office predicted a victory for the complete Dahلمان slate.

**Dahلمان Is High.**  
Dahلمان was high in the 14 precincts with Butler second. The former mayor polled 2,730 votes. The highest man on the Committee of 5,000 slate in the same precincts was Ure with 1,736 votes.

Although returns from the upper wards where the "5,000" candidates were expected to poll heavy votes, were far from complete little hope was held out on the face of the early returns.

It was practically conceded a majority in the next city commission for the Dahلمان ticket could not be avoided.

**Charge Ballots Destroyed.**  
Early in the evening Deputy Sheriff C. W. Hoyer appeared at the office of Election Commissioner Moorhead in company with Candidate James C. Dahلمان and complained against an election judge whose name they said was E. O. Ames.

Dahلمان and Dahلمان declared Ames, who was at the fire station at Thirty-sixth and Jackson streets, was destroying ballots which had been cast.

They declared this performance had been going on all afternoon and had been reported to the election commissioner at 4 o'clock in the afternoon.

To substantiate their claim Hoyer and Dahلمان exhibited a torn ballot sheet with the judges' names on the back of it.

**Charges Denied.**  
Ames is president of the State Savings and Loan association. Election Commissioner Moorhead declared that following receipt of the afternoon report, he cautioned judges stationed at the fire barn. Ames denied the charges, he said. The election commissioner said he informed the judges the practice, had it been going on, would have to stop. Following Hoyer's report to Moorhead, Police Judge Dunn, who is a candidate on the Dahلمان ticket, announced that he would, in his official position of police judge, file a complaint against Ames. A warrant for his arrest would be issued, he declared.

At 1407 Capitol avenue, the voting place for the Fifth precinct of the Third ward, the supply of 500 ballots proved insufficient and a call was made to the election commissioner for more.

In the First precinct of the Fifth ward, San Vigilio, 521 William street, became a little too ambitious, police say, and tried to vote twice. He was arrested, charged with violation of the election laws.

An argument at the polling place at Nineteenth and 17 streets became so vigorous that two men resorted to fistfights in an effort to settle the dispute. Police, however, mediated by interrupting the scrap at an interesting stage.

**Both of Big Bond Issues Are Passed**  
Both of the bond issues have carried, early returns indicated. The vote in favor of the bond issue for the free bridge and the \$1,000,000 gas bond issue was 3 to 1 in the precincts first received, and it was a foregone conclusion, tabulators at the election commissioner's office said, that both issues would be carried.
