

### Bill Restricting Immigration Is Passed by Senate

#### Measure Fixes Admissions of Aliens to 3 Per Cent of Each Nationality in U. S. in 1910.

Washington, May 4.—The senate yesterday passed the emergency immigration bill fixing admission of aliens to 3 per cent of each nationality resident in the United States in 1910.

The bill is effective for 14 months, beginning 15 days after enactment. The vote on passage was 78 to 1.

Senator Johnson, republican, California, sought to have this provision re-inserted by offering an amendment from the floor, but was defeated 15 to 60.

Senator Johnson said it was offered to "preserve a very dear and sentimental precedent" and said it did not offer a loophole, such as was described, for the reason that government administrators would establish accurately the facts in each case.

"I can not find it in my heart," he said, "to fear the man who leaves his native land to worship God, or exercise his political rights. I would not, of course, permit the man to enter who seeks to overthrow the government by force or violence, but I cannot prevent that beacon light of liberty for those who want to worship as they see fit, or exercise political rights denied them at home."

## Three Days Stock Reduction Sale

### Drugs—Toilet Goods—Candies—Stationery—Cigars

#### At the 5 Sherman & McConnell Drug Stores

# THREE DAYS COMMENCING THURSDAY, MAY 5

Merchandise in the drug line, during the month of April, 1921, was easily obtainable. The war-time "scarcity" of goods (either real or fancied), has quite disappeared. It is a "buyer's market." The railroads are surely now doing their part, and freight shipments from the eastern seaboard are coming, in almost express time, and with freedom from the pilfering en route, which has been common for several years past.

Men and women with jobs just now are concluding that it is best to be punctual in hours, faithful in performance of duty, and to have a regard for common honesty. It makes the transaction of business more pleasant for all concerned.

We received at our Warehouse, 509-11 So. 12th St., during the month of April, 252 shipments, comprising 954 boxes, bales, crates, cans, kegs, carboys, jugs and cases; these shipments coming from nearly every state, from and including Maine, and to California, and comprising such a range of items as seem hardly possible to include in one group, rather misnamed "drugs."

The sale we shall hold during the last three days of this week, will be notable in the amount of merchandise offered, its wide range, and the low prices we shall name. Shipments have been coming so rapidly that we find it necessary to do something to make merchandise move very quickly.
