"Drifting into the twilight zone between health and disease"

Laxatives gradually replaced by this simple food

Ordinary laxatives are of three kinds: coarse substances that may injure the sensitive 'ntestines; oils that merely lubricate; drugs that may form a habit. Fleischmann's Yeast by its very nature is better suited to the stomach and intestines than either drugs or oils. And it cannot form a habit. Yeast is a food—a conditioner that tends to restore the normal action of the bowels. Its value has been demonstrated

investigations recently conducted in Jefferson Medical College and other For constipation eat from 1 to 3 cakes of Fleischmann's Yeast a day. For "run-down" condition

How many of us are "not quite fit" morning after morning! How many grow "tired out" easily—lack the full vigor that we need for the day's duties and pleasures! For such men and women Fleischmann's Yeast is being prescribed. When "run-down" eat 1 to 3 cakes of Fleischmann's Yeast every day. In acute cases always visit your doctor.

Science discovers that the lack of one vital element in your food causes loss of health and energy TITAMINES! On this newly dis-

covered and still mysterious element, scientists now agree, good health and even life itself depend. For lack of vitamines, thousands who never suspect that anything is wrong are
