Many Injured in Riot of Laborers in Rochester

Rochester, N. Y., May 9.—Quelling a riot of 400 striking laborers and sympathizers here today, several policemen were bruised, two rioters seriously shot and 50 others, both men and women, stunned and mutilated by riot sticks.

It was the most serious outbreak of the building trades strike which started here April 1.

Canada's Foreign Trade Shows Gain

Finance Minister Declares Unfavorable U. S. Balance To Continue.

Ottawa, May 9.—Sir Henry Drayton, minister of finance, today told the House of Commons that Canada's unfavorable balance in trade with the United States was likely to continue. After stating the balance last year was \$296,000,000 in favor of the United States, he said the Young bill, which had been favorably considered in congress, called for imposition of duties which virtually would prohibit importation of Canadian agricultural commodities. These commodities amounted to nearly \$178,000,000 last year, he said. Speaking on the budget, Sir Henry said Canada's trade showing last year was remarkable. Notwithstanding declining prices, imports and domestic exports totalled \$2,429,000,000, a gain of \$125,000,000 over the previous year. Predicting a decrease in customs revenue this year, he said the policy of the government would be to pay all current expenses, including capital charges, out of current income. Farm wages in Kansas this year average \$40 a month, with board and lodging, or about \$20 less than a year ago.

BUBBLE BOOK PARTY

Children! Children! Have You Heard

A Bubble Book Party

It Is to Be Given Wednesday on the Third Floor at Brandeis Stores

You Are Invited

It will be just the most fun in the world and, Oh, quite, quite different from anything you've ever seen before.

If you know about these wonderful books you don't need to be told anything except that children are going to take the part of the Bubble Book Mother Goose characters. And if you don't already know about them—well, you must come and see for yourself. See Jack and Jill, Old King Cole, Little Bo Peep, Simple Simon and all the rest of them.

Do you know that Mother Goose had all of their dresses made by Rosamax in New York, who makes the costumes for all the big shows? And, of course, she had to have scenery to make everybody feel at home, so she had Cosgriff Studios, New York, make settings so natural you can't tell the difference yourself.
