Decision On "Capital"

Washington, May 16.—Through decisions of the supreme court today the government won two important victories in controversies involving interpretation of income pro-visions of the revenue acts of 1916

Increased value of a capital asset could not be added to "invested capital," the court ruled in the appeal of The La Belle Iron Works, an Ohio concern, from a ruling by treasury officials, but on the contrary must be considered in com-puting profits of the corporation on which the taxes were to be assessed. In the other decision the court ruled that inheritance or succession
