Chicago Grain

By CHARLES D. MICHAELS. Chicago Tribune-Omaha Bee Leased Wire. unsettling effect of the news from Springfield, Ill., regarding the probable passage of the Lantz bill to place the grain trade under the supervision of the secretary of agriculture of Illinois and the conflicting crop reports, grain traders had a lively day. Prices declined early, only to advance on export buying of wheat and closed around the top with net gains of 2¼@3c on wheat, 56@1c on corn, ½@3c on oats and 2@2½c on rye. Provisions advanced and closed 2½c higher on lard, 7½@12½c higher on ribs and 10c up on pork.

Bad reports on the winter wheat crop continue to come from Kansas, Oklahoma and Nebraska, more composited to the proposition of the secretary of agriculture of Illinois and the conflictions. Rye advanced 1@2c, and barley was nominal. Grain receipts today were unusually light.

New York Cotton,

New York May 18.—The cotton market showed a generally steady tone during the day's early trading. There was some irregularity at the start, with May opening five points lower as though influenced by the three or four notices issued, while July was unchanged and other months one to two points higher

Southern wire houses sold a little cotton at the start, but offerings were light and the market steadied up after the call, with May advancing to 12.55c, July to; 13.68c and October, 13.73c or 7 to 10 points above Tuesday's closing.

Foreign Exchange Advances.

Foreign exchange continued to advance, though slowly. Sterling crossed the \$4 mark again in the late trading while the day's fractional rise in French and Italian rates left eyeh of those markets barely lie under the highest rate reached after the German acceptance. German marks, on the other hand, declined to the lowest rate in a week. The bond market showed some signs of returning strength.

Midweek reviews of the steel trade throw an interesting sidelight on the railway position, in mentioning that five large rallways have laid no rails at all this year, although a good part of their orders for 1921 have been delivered and that one company to which 60,900 tons were delivered has put it all in storage. This measures the exigencies created by the wage cost problem. For the steel industry itself the reviews have little to say, some significance attaches to the statement that since its cut in prices the Steel Corporation's new orders have been running nearly 30 per cent above the sverage of March and April when the reductions were impending.

Exports Decrease

Exports Decrease ports of agricultural products in April gives a chance to figure out the month's decrease in shipments of other goods, including manufacturers.

What it shows is that non-agricultural exports are now decreasing at a much more rapid rate than exports from the farms. Compared with March, our export of farm products decreased only \$12, \$80,000, whereas export of other products decreased \$34,000,000.

Compared with April, 1920, the decrease was \$118,500,000 in agricultural, but \$225, 200,000 in non-agricultural. As recently as January the figures reported actual increases of \$11,200,000 in value of non-agricultural shipments, while that of farm products declined \$79,000,000. ports of agricultural products in April

South Lincoln School Children Inspect Packing District

One hundred and thirty-eight children from fifth to seventh grades of the South Lincoln school, with six teachers, braved the odors of the packing house district yesterday for a tour of inspection as a part of their school work.

The trip was conducted under the drection of the boys' division of the Omaha Y. M. C. A. and was in charge of E. E. Micklewright and J. S. Arnold, boys' work secretaries. At the close of the inspection the visitors were taken into the Armour & Co. assembly room, where C. R. Orchard gave them statistics on the operation of the immense plant and the number of animals handled. In the afternoon four reels of moving pictures were enjoyed by the children, being shown on the school's new machine.

More Checks Coming, Says Alleged Forger

"There'll be more of them coming in. I don't remember how many I passed," said Harold Galentin, 17, 5807 South Forty-ninth street, yesterday noon when he was arrested for forgery by Detectives Dworak and

Morgan.
Galentin admitted the forgeries, the detectives say, and gave as his only excuse that he "needed the money." Among the victims of his check cashing are numbered the Koutsky & Pavlik furniture store for \$8.50 and the O. K. hardware store for \$10.35. In one instance Galentin signed a spurious check with the name, Galentin signed a spurious check "South Side" Bottling works by James Parks, according to the officers.
