

Reavis' Return To Tour State Starts Gossip

Politicians in Lincoln Busy Estimating What Office-Seekers Are Planning To Do.

Lincoln, May 18.—(Special).—The arrival of Congressman C. F. Reavis in Nebraska next week to deliver a series of commencement addresses in high schools and colleges carries something besides a treat for the hopeful young people.

In political circles the advent of the Falls City congressman in Nebraska at this time and the mission which will take him to various parts of the state is looked upon as a "feeler" of his strength in the United States senatorial race to be staged in Nebraska in a short time.

During these trips Congressman Reavis will have ample opportunity to meet and discuss politics with "the boys" who handle politics in various parts of the state. He will learn whether they are anxious to have him enter the race or are passively indifferent.

Meantime, down at Dunbar, Neb., there is a druggist, Walter Smith, and at Lincoln, an attorney, Walter E. Anderson, who probably will be watching with anxiety the outcome of the Reavis pilgrimage over the state. Annis, a former member of the legislature, is certain to enter the race for congress in the First district if Reavis gets into the senatorial race. And, it is expected, that Anderson, speaker of the lower house at the last session, will endeavor to ascertain how much the voters think of him outside of Lancaster county.

The Bryan-Hitchcock row is the only bit of democratic politics discussed in Lincoln now. The Hitchcock faction is watching every move that Charles W. Bryan makes in the spectacular political row in Lincoln city politics here.

The possibility of Bryan winning here and maybe becoming a candidate for governor two years hence and William Jennings Bryan going into a contest for the United States senator does more to disturb the complacency of the Hitchcock followers than any other political proposition in the state.

Lincoln, May 18.—The higher the price the lower the quality of ice cream in Lincoln, according to a statement by Leo J. Stuhr, secretary of the department of agriculture. Professor Budlong Puts Tanlac To Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs, and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of constipation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

Army of 170,000 Men Agreed On

Senate Military Affairs Committee Votes to Report Bill Carrying \$335,000,000.

Washington, May 18.—The senate military affairs committee voted unanimously to report the army bill carrying \$335,000,000 and providing for an army of a minimum strength of 170,000 men. The full committee, in passing on the bill, cut 5,000 from the strength advocated by its sub-committee. The bill, as passed by the house, would provide for an average strength of 150,000, which it was said, would mean a reduction to 126,000 some time in the next fiscal year. The present strength is 230,000.

Secretary Weeks had asked the committee to provide for an army of at least 175,000 and for an appropriation equal to that provided in the bill passed by the last congress, but vetoed by President Wilson. That bill carried \$346,000,000.

Outside of increases in pay and subsistence in the house bill, the principal increase vetoed by the senate committee was an addition of \$300,000 in the sum available for vocational training, making the total to be recommended to the senate for that purpose \$1,500,000.

Everyone starts even, so far as these special awards are concerned. The same is true of the 75,000 Extra Vote Offer on each \$25.00 in subscriptions. Both offers started May 16th.

Again we say that this new offer should and must be a strong appeal to new members.

You who have been watching the campaign and felt that you might be a little bit late in entering—get in now—win the special offer. Concentrate your efforts on this for the next three weeks. Someone will get these two beautiful automobiles for three weeks' work. You can, if you try hard enough. Your special field has not been worked. Don't stop to think any more about it, but call, phone or write for your supplies.

You have at this time an excellent opportunity to secure two awards—one of them an automobile under special award and the other a capital award. The winning of the special award will not interfere with your also winning a capital award or a district award.

To the two members securing the greatest amount in cash subscriptions between May 16th and June 4th, one in the city group, consisting of Districts 1, 2, 3 and 4 and the other in the country group, consisting of Districts 5, 6, 7 and 8, will be given the \$1,625.00 Overland Sedan and \$1,350.00 Gardner Five-Passenger Touring car. The member of the two having the highest amount in subscriptions will be given his or her choice of the two cars.

Just get the full force of the idea. You get an automobile worth \$1,625.00 for just three weeks of work. That's more than lots of folks earn in a year's hard work—more than \$500.00 a week.

Will it pay to try? You know it will.
