

K. C. U. S. Reserve To Accept Auto Paper in 10 Days

Will Take It for Rediscout Without Scrutiny, Head of Tenth District Announces.

Automobile paper will be accepted by the Federal Reserve bank at Kansas City for rediscout without scrutiny except for solvency, within the next 10 days, according to an announcement made by Governor Miller, head of the federal reserve banks in the 10th district, at a banquet in Kansas City Saturday evening which was attended by Clarke G. Powell and A. B. Waugh of the Omaha Automobile Trade association.

"Most Encouraging." "The fact that this paper will be accepted is most encouraging," Mr. Waugh declared today. "Automobile dealers have long believed that they have been discriminated against by Governor Miller particularly, as other reserve banks have been accepting the paper for some time. Acceptance of this paper will undoubtedly stimulate buying as the banks will be in a position to extend the same consideration to automobile dealers as they have to other essential industries."

Culmination of Meets. Mr. Powell also declared that lifting the ban would stimulate the automobile industry. The banquet at the Hotel Muehlbach was the culmination of a series of conferences on financial matters held last week with Gov. W. P. G. Harding of the federal reserve board of Washington. Governor Miller of the Tenth district and automobile men of the middle west. Both governors declared financial conditions were improving throughout the United States.

Message of Unionism to Be Carried to Every Corner of Land.

Washington, May 23.—The American Federation of Labor is about to launch an intensified organization campaign, President Samuel Gompers announced tonight, in a statement which said that "the message of trade unionism will be carried to every corner of the land." "Its encouragement and protection will be offered to the workers everywhere," he declared. "Immediately following the Denver convention next month, it is my purpose to visit a number of cities to encourage the unorganized to join our movement." Mr. Gompers asserted that "concession that the 'open shop' campaign has proved a failure, was made public May 16 at the annual convention of the national association of manufacturers in New York." The association's committee on industrial advancement he said, protested against the defensive position into which the members had been forced by labor and urged that an offensive campaign be inaugurated and that "the 'open shop' movement, be stimulated by plans for industrial representation." "Having failed by coercive tactics to force autocracy in industry on the workers," he added, "the National Association of Manufacturers proposes to silence them by promising a few of their representatives seats on boards of directors of the corporations. This would be empty honor."

"Sincerity of purpose of employers, their whole-hearted interest in their employees, can be shown best in the contents of pay envelopes. When that is lacking there can be no encouragement for the workers in having representatives on boards of directors."

"Burglar-Maid" Wife Of Chicago Banker Is Near Breakdown

Chicago, May 23.—Search for further victims of robberies believed to have been executed by Mrs. Etta Heil, wife of a millionaire banker and broker and "burglar-maid" whose loot the police believe will total more than \$40,000, was continued by the police. Mrs. Heil is expected to be hooked tomorrow. Four of the robbery victims who have identified part of their property have signed complaints against her. Mrs. Heil, according to relatives, has been taken to a sanitarium for treatment. Physicians declare she is on the verge of a complete mental breakdown. Mr. Heil reiterated his offer to reimburse all those who have suffered his wife's operations. "She was irresponsible," he said. "She didn't know what she was doing."

Maryland Senator to Study Conditions in Russia

Washington, May 23.—Senator Francis Pickens, leaving for Baltimore preparatory to his trip to Russia, issued a statement asserting that his proposed study of conditions in Russia would be "wholly in the interest of the public welfare." He will sail Tuesday on the Aquitania. "I wish it to be clearly understood," he said, "that I go entirely on my own responsibility, not in any sense representing any department of our government. I am going unofficially."

Revolt in Angoria.

Athens, May 23.—The Electros Troops say it learns from Constantinople that a revolt has broken out in Angoria, seat of the Turkish nationalists. Nouri Pasha, brother of Enver Pasha, former Turkish war minister, is reported to have been killed.

Taxi Driver Thought Slain Saturday Night

Wife of "Wingie" Davis Pays For Work in Grand Island — Thinks Spouse Murdered.

"I know he's dead, or he'd let me hear from him." The words are those of Mrs. Aaron Davis, 1707 California street, uttered between sobs at her home yesterday. Her husband, better known as "Wingie," is missing, and the car in which he was seen riding at 12:30 Saturday night in Omaha, is in Grand Island, near where it was found abandoned in the lane of a farmhouse early Sunday morning. Blood stains, particles of skull and wisps of hair found on the car lead officers to suspect murder.

Thieves Who Robbed Store Elude Posses

Burglars who looted the Predmesky general store in Pender, Neb., Sunday night, are believed to be in Omaha with \$9,000 in loot. At 2:30 a. m. yesterday, Mrs. Ethel Herron, who lives across the alley from the store, was awakened by the burglar loading a truck with merchandise. She notified the owners of the store, who, in turn, called Sheriff C. W. Rutledge. The car was seen to start toward Omaha. Sheriff Rutledge notified Omaha police and Detectives Anderson, Boler, Devereese and Sledge, armed with shotguns, were dispatched to meet the robbers, while Sheriff Rutledge, two deputies and young Mike Predmesky gave chase from Pender. The robbers, however, eluded their pursuers. The proprietor of the store that was robbed is a brother of B. Pred, Omaha merchant, the sheriff said.

Rail Employes Meet With Officials on Wage Issue

Three general chairmen of unions of railway employes were in Omaha yesterday holding conferences with officials of the Union Pacific railroad, Oregon Short Line railroad and Oregon-Washington Railroad and Navigation company on the announced intention of the roads to reduce wages July 1. When the Union Pacific announced here recently that wages would be cut no indication was given of how great the proposed cut would be. Yesterday's conference was only in regard to railway clerks and station employes.

Nurses Take Examinations For Certificates Here

Examinations were taken in the court house yesterday by 150 candidates, for certificates as registered nurses. It is the largest class of candidates ever received. They come from hospitals all over the state. The examination is under direction of the State Department of Public Welfare. Miss Louise Brackaban of Nicholas Senn hospital and H. H. Antles of the State Department of Public Welfare are in charge.

K. C. Resident Feels Fine, Eats Anything and Sleeps Like a Boy Now.

"There's one thing I know and know for sure, and that is that Tanlac is the best medicine I've ever run across in all my life," said Paul Plaisir, well-known painter of 125 West 14th St., Kansas City, Mo., recently. "Six months ago I just seemed to break down all at once. My appetite went back on me and I developed an acute case of indigestion. I could hardly eat a thing but what it soured on my stomach and filled me all up with gas. My heart would palpitate terribly. I couldn't sleep to do any good and went down hill until I was so weak I could hardly do any work. I felt tired-out all through the day, went to bed tired and got up feeling tired. "But it didn't take Tanlac long to get in its good work. My appetite picked right up and as I commenced eating better, I started feeling better and sleeping better. And now I am in the best of health, have been built up all around and just feel fine. This is how Tanlac has fixed me up and it's done everything I could ask."

Omaha Sleuths Probe Case of Missing Taxi Man

Officers say the car shows evidence of a terrific struggle. They suspect the victim was stabbed in the back and then slugged.

Search of the country along the road near where the car was abandoned failed to reveal any body, and officers lay hidden near the car all Sunday night in vain for the driver to return. Residents of the farm house on the lane said they saw a man lock the car and start walking toward Grand Island. Mrs. Davis says she has the gear shift key to the car at her home. The car was identified by the ownership tag under the front seat which bears her name. It belonged to the United Taxicab company which she and her husband operate. Wisps of hair sticking to the top resemble that of "Wingie" Davis, according to Detectives Danbaum and Palmtag, who saw "Wingie" driving the car alone in Omaha Saturday night, they said. Blood stains, particles of skull and wisps of hair found on the car lead officers to suspect murder. Leaves Home. Mrs. Davis will pay the expenses of Detectives Jack Pszanowski, Ben Danbaum and Fred Palmtag to Grand Island to investigate. Saturday night "Wingie" left home, according to his wife, telling her he "was going for a ride." He had from \$150 to \$250 in his possession, she said. Mrs. Davis believes two strange men hired "Wingie" and attempted to steal his car. He put up a fight, according to her theory, and was at a disadvantage because he lost his left arm in an accident some time ago.

Revelers Visiting Roadhouses Hurl Man From Auto

Then Force Taxi Driver to Carry Them Around City—Baby Hurt in Auto Accident.

No serious automobile accidents were reported to Omaha police Sunday. Victoria Damicus, 2, 620 South Eighteenth street, being borne across the street at Sixteenth and Farnam in the arms of her uncle, Harold Rosenour, Goodhue, Minn., suffered bruises about her little legs when the uncle was struck by an automobile backing out from the curb. The car was filled with seven young men who drove off without attempting to learn the amount of damage done by the car. The baby was cared for by police surgeons and taken home. Autos Collide. No one was injured when a car driven by R. C. Tessler, 2413 Titus avenue, ran into the machine of Ralph Redfield, 2004 Binney street, parked in front of the Redfield home. Both cars were damaged. In the Redfield car sat Ward Kelly, Frances Bates and Irene Powell, all of whom escaped unhurt. Alex Chasky, 2109 Burt street, was served with a "reckless driving" summons by Special Officer H. H. Noon when his car turned over as he rounded the corner at Twenty-second and Grace streets. Seek Owner of Watch. When police answered a call by a Brown taxicab driver that an elderly man had been thrown, intoxicated, from his car while a crowd of four men were making the rounds of road houses on the Iowa side in East Omaha early Sunday morning, they found a gold watch and a grip filled with empty bottles. The driver told them the other three men forced him, at the point of a revolver, to drive them around town a while after that and finally dismounted from his car at Twenty-fourth and Cumming streets. Detectives Francl and Hughes are seeking the owner of the watch. Sinn Feiners Blamed for Renewed Arson Campaign. London, May 23.—Another arson campaign, supposedly of Sinn Fein origin, occurred Saturday night, when about 30 fires were started, mostly in farm buildings and hay stacks, but in some cases motor garages and timber yards near Jarrows, Wallsend, Stockton and Middlesboro. The water main outside of Stockton was blown up, causing serious floods. In most cases the fire damage was small, but an engineering plant and sawmill at Stockton were destroyed.

German Forces Cross Frontier in Upper Silesia

Severe Fighting Reported Near Rosenberg—Insurgents Are Obligated to Evacuate Several Villages.

Berlin, May 23.—A dispatch from a German source at Oppeln says Polish reinforcements have crossed the frontier into upper Silesia and that there was severe fighting Sunday near Rosenberg. The insurgents were obliged to evacuate several villages. The outcome of the fray has not been reported. Trouble Near Kreuzberg. Oppeln, Silesia, May 23.—It is reported trouble has broken out in the neighborhood of Kreuzberg. German "free companies" are reported to be advancing, but it is not known whether the movement is in the nature of a raid or a broader operation. Germans Attack Poles. London, May 23.—The first real operation of war during the Polish insurrection in upper Silesia occurred Saturday evening, when Germans attacked in the Grossteiner forest, according to dispatch to the London Times from Ratibor. The correspondent says the Germans attacked in two columns. The correspondent said the Germans were reinforcing their positions and intended to continue the attacks Sunday. An Oppeln dispatch to the Times says incessant fighting with numerous casualties continues between Polish insurgents and Germans in the Rosenberg, Krueberg, Ratibor and Krappitz areas. Through the Polish lines the correspondent motored, where he saw new troops and artillery and other equipment. The Germans, he says, have been reinforced. They have artillery. French experimenters are driving automobiles with equal parts of alcohol and benzole as fuel.

HELP YOURSELF CLUB WANTED! SELF-STARTERS!

One young lady had the right idea. She went right out and tried to find if it was hard to get subscriptions to The Bee. Her very gratifying results convinced her that it was easy and she nominated herself. It would surprise us if she failed to secure an award, for that proves that she is a "live one." It takes a "live one" with "grit and gumption" to get those things worth having and for that class of folks there are some very valuable awards offered by the Help Yourself Club. Two young ladies in the out-of-Omaha Districts are out for an award so they can convert it into cash and pay their tuition at school. They realize the money value of these awards. With such a worthy object in view their friends will undoubtedly support them to the limit. The fighters will get theirs and our regret is that more of the members fail to realize this fact. When new "live" members have stepped in and passed their mark, they will say "Oh, I never was lucky." They won't realize that it is due to their own lack of effort. 1921 WILL REWARD FIGHTERS. With the apparent lack of effort on the part of most of the members, the "fighters" will find they have a "walk-away." Many of the members seem to think that all they have to do is nominate themselves and their friends will do the rest. Work is the only thing that will secure these awards. See the standing of members and schedule of votes on page 9.

Ten per cent cash commission to all non-winners if they turn in \$50.00 or more.

The Special Additional Awards

To the two members securing the greatest amount in cash subscription between May 16th and June 4th, one in the city group, consisting of Districts 1, 2, 3 and 4 and the other in the country group, consisting of Districts 5, 6, 7 and 8, will be given the \$1,625.00 Overland Sedan and \$1,350.00 Gardner Five-Passenger Touring car. The member of the two having the highest amount in subscriptions will be given his or her choice of the two cars.

NOTES FOR MEMBERS AND NON-MEMBERS

Don't waste time. Every day presents new opportunities for more votes.
We had a couple of hot days, but the "live" members worked up a good perspiration and quite a tally of votes.
Until June 4th only 75,000 extra votes for each \$25.00 in subscriptions, in addition to the regular scheduled votes, and 3,000 extra votes for each and every dollar over \$25.00.
Your work need not be confined to any one district. Get votes where you please. If you want some virgin territory write the office. There is plenty of it.
Members get three things for each and every subscription. First, they get the regular votes as per the schedule. Second, the extra vote offer of 75,000 votes for each \$25.00 in subscriptions, and, last, a credit of the amount of the subscription to apply on the Special Additional Award of the Overland or Gardner. All votes count for three things right now. As an instance of how it works, if you send in a new subscription for \$7.50, you will get a vote credit for 62,000 votes on the regular schedule. You will get an added vote credit for 22,500 votes under the offer of 75,000 extra votes (provided you have turned in \$25.00 before June 4th), making a total of 84,500 votes to your credit. Also the sum of \$7.50 will be credited towards the winning of the Overland or Gardner car.
The longer the time of your subscriptions the more votes they count for you. One subscription for \$20.40 counts for 180,000 subscriptions, while two \$10.20 subscriptions, with a total amount of \$20.40, give you a credit for 152,000 votes. It pays members to get long term subscriptions.
The Special Additional Awards of the \$1,625.00 Overland Sedan and the \$1,350.00 Gardner car are given for the largest amount of cash subscriptions turned in between May 16th and June 4th. Everybody still has an equal opportunity to earn these cars, as no subscriptions turned in before May 16th will apply on these awards. These cars will be awarded, one to the member in Districts 1, 2, 3 and 4 turning in the largest amount of cash subscriptions between May 16th and June 4th, and the other to the member of the outside districts, 5, 6, 7 and 8, turning in the largest amount of cash subscriptions during the same period in the outside districts. The member having the largest amount of cash subscriptions between May 16th and June 4th will be given their choice of the two cars and the other member will receive the other car.
1921 will reward fighters. Are you one?
The work is fascinating in that it never becomes dull and monotonous. Something new all the time.
If you are not a member there is an interesting little booklet waiting for you. Call, write or phone the office for a copy.
Watch supplies. Don't run out of remittance blanks and receipts.
If anybody remarks that they cannot afford The Bee, take a pencil and show them that The Bee, including the big Sunday issue, only costs them about 2 cents a day and ask them if they can afford to be ignorant of the real happenings in the world and in their own community for 2 cents a day.
The young ladies who have entered as members to secure an award in order to use the money value of it for educational purposes are alive to the real worth of the awards. Do you realize that many of these awards will reward their winners at a rate of about \$25,000.00 a year for their efforts.
The fact that some folks are taking another paper makes them your best prospect. They want a paper and they want the best. If one of your friends is taking another paper and does not want to have two papers at the same time, you can take his subscription to The Bee with the understanding that the paper is not to start delivery until the expiration of his present subscription to the other paper. Mark the subscription blank and the remittance sheet with the date it is to be started and you will be given a credit for the subscription in just the same manner as for any other you may secure.
The office is at 312 Peters Trust building (Bee building). Direct mail to H. Y. S. Club, Omaha Bee, Omaha, Neb.
