

### Commission on Farming Survey May Visit Omaha

Senator Norris Slated to Be Member of Proposed Body If He Can Spare Time From Other Duties.

Washington, May 25.—(Special Telegram.)—The commission on agricultural inquiry which it is expected congress will create to make a general survey of all branches of agriculture will bring to Washington a number of Nebraska men associated with farmers' unions of that state.

Senator Norris, chairman of the committee on agriculture, who will undoubtedly be a member of the commission, if he can possibly spare the time from his exacting duties, will insist upon Nebraska farm leaders being heard and may even broaden the scope of the commission's activities by suggesting calling representatives of industries not strictly agricultural in character, but nevertheless having intimate relations with farmers, to the end that the fuller information possible may be had to aid in perfecting future legislation.

It is understood that the commission will go into finance, credits, transportation and other matters which underlie the whole agricultural situation with special reference to the question of distribution and exports insofar as these affect the farmer.

If Senator Norris is not appointed to membership in the commission he will at least be one of its most valuable advisors. Senator Lenroot, author of the resolution to create the commission, said that Senator Norris

would be consulted as to personnel, procedure and other matters associated with the duties of that body.

It is understood that former Congressman E. E. Pollard, one of the leaders in the farmer union movement in Nebraska, will be invited to give testimony before the commission. Mr. Pollard was one of the delegates to the farmer union convention which met in this city last month. He heartily approved the plan of President Barrett to ask congress to create a commission of agricultural inquiry.

"Nebraska is a very important agricultural state and leaders there should be able to supply the proposed commission with information of a most valuable character," said Mr. Barrett. "As a distributing point Omaha is one of the leading cities in the United States. From leaders there we ought to be able to glean some enlightening facts on the subject of distribution."

Some of the senators who are enthusiastically supporting the plan to create a commission of agricultural inquiry are suggesting that the commission should visit Omaha and for a week or two make its headquarters there. Witnesses from all sections of the middlewest could assemble in the Nebraska metropolis instead of coming to Washington to give testimony.

**Sister of Harding Is Sued For \$25,000, Alleged Libel**

Washington, May 25.—Mrs. Carolyn Votaw, sister of President Harding, was made defendant in a \$25,000 suit for alleged libel, filed today in the District of Columbia supreme court by Dr. G. R. ### Wrath of Negro Masons Aroused

Omaha and Lincoln Members Excited Over Attempt to Form York Rite Branch.

Lincoln, May 25.—(Special Telegram.)—Members of the negro Masonic fraternity in Omaha and Lincoln are considerably excited over the activity of a member of their race in trying to organize the York Rite Masons. Protests have been lodged with the secretary of state against the granting of a charter to that organization, which is understood to have its headquarters in Kansas.

N. W. Wear, a negro attorney of Omaha, called on Secretary of State Amsberry today to see about the filing of the articles of incorporation. He was told of the protests and, at the suggestion of Deputy Secretary of State Gaston, conferred with William Wood and other leaders here.

A vitriolic letter from Charles H. Bedford of Omaha, denouncing the York Rite Masons, was received a few days ago. Bedford says he is going to forward a petition signed by 3,000 negroes of Nebraska and Kansas in opposition to permitting the York Rite Masons to operate. He charges that they have been giving the work in Kansas City, Kan., without warrant.

"These men have ruined the negro Masonic fraternity in this part of the country," the letter concludes.

### Charter Granted To Order of Does

Women of Elks Form New Organization for Patriotic and Charitable Work.

A new order made up of women whose fathers, husbands or brothers are Elks, to be known as The Benevolent and Patriotic Order of Does, has been organized and a charter issued. Mrs. E. E. Tanfield, 805 South Thirty-fifth avenue, a member of the Ladies of the Elks, is Grand Patriotic Nacirema of the new order.

Though Mrs. Stanfield denies the new organization is the result of a split among the members of the L. O. E., she stated yesterday the new organization was organized for "patriotic and charitable work and not for playing cards." Her title is American spelled backwards. She says there will be no discrimination shown against any members of the L. O. E.

Mrs. A. N. Post is president of the L. O. E. organization, Mrs. S. W. Potter, secretary, and Mrs. Frank Kennedy, treasurer. These officers declare they will continue to hold their card parties and social dances in the assembly room of the Elks club rooms.

### "Happy" Benner's Son Fights Application To Cut His Allowance

Van Wyck Benner, 17, son of Theodora (Happy) Benner, who inherited her fortune of \$750,000, has business inclinations, according to depositions received in county court from New York, to combat the application of John W. Steiner, administrator of the estate, to have Van Wyck's allowance of \$500 a month cut down.

While here Van Wyck drove a big roadster and one day turned taxi driver and was hauling fares for a nickel each. Another time he and a buddy made lead soldiers and later he made \$60 by selling fire extinguishers.

He spent all his earnings furnishing an office in which to branch out but quit. He has bought a saxophone and now shows musical talent.

For the past 18 months Van Wyck's living expenses have been \$9,438.12, but the administrator turned over to Van Wyck's father, his guardian, \$900 less. The boy, it is rumored at Mt. Vernon, N. Y., and declares his school life is expensive.

### HELP YOURSELF CLUB

# A Job at \$1,000.00 a Week

## That's What This Offer Means to You

"Diligence Is the Mother of Good Luck"—Franklin

One would incline to believe—from the triteness of the saying—that Franklin had the Help Yourself Club in mind when he wrote about diligence. It certainly is true of this campaign. The workers will get the awards. And this also is true: Unless many of the members become more diligent, they will find that the new members who enter will pass them very shortly.

Franklin also said, "Tomorrow every fault is to be amended, but that tomorrow never comes." We say, "Today is the time for those who have delayed entering to get busy." Start right now and go after subscriptions. The list of subscription values is published on page 11 under the heading, "Vote Value of Subscription Payments." Send in a memorandum of the subscriptions you secure and the Help Your-

self Club will send you the necessary supplies and instructions.

Just look at the standing of members as shown on page 11. A few subscriptions, with the added vote offer, will put a new member well into the running. Do you realize that it is possible for a brand new member to enter now and secure the First Capital Award of the \$7,800.00 Home and the \$1,625.00 Overland Sedan offered as a Special Additional Award? And that would mean a compensation at the rate of over \$2,000.00 a week.

We cannot see why more people do not realize the value of the awards and the excellent opportunity offered right now to secure these valuable awards without a cent of cost and with but a few weeks' work.

Lost time and opportunities are never found again.

\$7,800.00 HOME

### Special Additional Awards

- 1--\$1,625.00 Overland Sedan
- 1--\$1,350 Gardner 5-Passenger Automobile

**Total Number of Awards - - - - - 32**

Ten per cent cash commission to all non-winners if they turn in \$50.00 or more.

### Extra Vote Offer

Take advantage of this extra vote offer, which expires at 10:00 p. m., June 4th.

For \$25.00 in subscriptions you will receive 75,000 extra votes and for each dollar in excess of \$25.00 you will receive 3,000 extra votes. These are in addition to the regular votes as given in the schedule. There is no limit to the extra votes you may gain in this offer; \$30.00 will give you 90,000 extra-votes.

### Notes to Members and Non-Members

The list of members in Districts 4 and 5 would seem to indicate that the people of Nebraska are more alive to opportunity than those of Iowa. Don't forget that The Bee prints the news of western Iowa. People in those districts want The Bee.

Wanted—Something that will bring a lot of Help Yourself Club members to a realization that they are wasting opportunity. Something that will put "pep" into them.

Have you sold The Bee to yourself? If not, get one and read it, and then read any other paper published in this vicinity and compare the amount of real news in each. A better demonstration is to read several of each and prove to yourself that you will find certain news in The Bee one day and in the other papers a day or two later.

Write a letter to "The Editor," H. Y. S. and tell him why you want to win a capital award. We would like to have every member do this for us.

A Burroughs Adding Machine is used for tabulating votes.

In some instances members will find friends who are subscribers to some other paper and who do not wish to take two at the same time. In order that the club member may have the benefit of this subscription, we will accept payment of a subscription to start on the termination of the present subscription to the other paper. In such cases mark on the remittance sheet the date The Bee subscription is to start.

During the early part of the campaign some of your friends may have felt that your efforts would be short-lived and consequently gave you subscriptions for a short time only. Now that you are out to win, go back at them and get them to lengthen the period for which they subscribed. The following inducement is offered. You will note by looking over the Vote Value of Subscriptions that larger subscriptions count for more votes proportionately than the smaller. Now (still looking at the vote values) you will find that a new subscription for \$2.50 is worth 12,000 votes. If you get this subscriber to extend the subscription by a payment of another \$2.50, instead of the 12,000 votes for this second payment, you will be given 20,000 votes for the second \$2.50, which is the difference between the 32,000 votes offered for a \$5.00 subscription and 12,000 votes for a \$2.50 subscription. This works out in the same manner with any other combination of small and larger subscriptions. Also it will apply whether you or any other member received the first subscription. In such cases be sure to mark "Second Payment" on your remittance sheets.

The office of the Help Yourself Club is at 312 Peters Trust building (Bee building). Address all mail to H. Y. S., Omaha Bee, Omaha, Neb.

Standing of members and Vote Values are published on page 11 of this issue.

### A Good Buy

If anybody remarks that they cannot afford The Bee, take a pencil and show them that The Bee, including the big Sunday issue, only costs them about 2 cents a day and ask them if they can afford to be ignorant of the real happenings in the world and their own community for 2 cents a day.
