Ex-Employe Gets Compensation Pay

Money Must Be Paid by Company Although Man Now Works Elsewhere.

A decision of much importance under the workingmen's compensation law was handed down by District Judge Wakeley yesterday in the suit of E. W. Poast against the Omaha Merchants Express com-

Poast, an employe of the company for 21 years, suffered a broken leg at his work, January 31, 1919. Twentyone week later he went to work for the Illinois Central railroad. The defendant company thereupon ceased to pay him the weekly compensation of \$12 which had been decreed for 4334 ernment. The vote was 310 to 162. The vote was taken on the question of the government's stard with regard to Silesia and generally cona total of \$535.

Judge Wakeley decided that the \$12 a week must be paid while Poast many. was incapacitated from work and the 4314 weeks at \$12 a week must be Queenstown Cut Off From paid in addition.
"This is the first judicial interpre-

H. Bigelow, attorney for Poast. "It will effect numerous other cases now pending and will open up others."

ous types over the ferrule.

100.000 Houses Washington, May 27.-If the 2,-000,000,000 feet of timber annually destroyed in the United States by

Burned to Build

forest fires could be conserved, material enough would be saved to build a five-room frame house every 100 feet on both sides of the road from New York to Chicago. This estimate was made by the director of the forest service of the Department of Agriculture, who said further that in this long line of structures there would be more than 00,000 buildings, which, with four people to a house, would provide

number sufficient to populate a new city each year the size of Cincinnati, Minneapolis, New Orleans, Kansas ity or Seattle. "More than 160,000 forest fires have occurred in the United States luring the past five years," said the forester, 80 per cent of which were due to human agencies and therefore

omes for nearly one-fourth of the annual increase in population, a

reventable. "These conflagrations burned over 56,488,000 acres—an area greater than that included within the states of Ohio and Pennsylvania-and destroyed \$85,700,000 worth of timber and property. If this needless waste were stopped and the material thus saved put into houses, the various business interests concerned in building construction such as lumber dealers, carpenters, masons and supply houses, would, it is estimated, benefit to the extent of more than \$400,000 annually."

Premier Briand Is Given

New Vote of Confidence Paris, May 27 .- (By The Assoriated Press.)-The chamber of deputies last evening gave a vote of confidence to Premier Briand's govregard to Silesia and generally concerning its attitude toward Ger

World as Cables Are Cut Belfast, May 27.-Queenstown was completely cut off today from communication with the surrounding dis-tricts.
