

Fifth Husband of Alleged Slayer Sought Insurance

Paul Southard Refused \$10,000 Policy in April Because Salary Insufficient to Pay Premiums.

Honolulu, T. H., May 31.—Paul V. Southard, whose wife, Lyda, is under arrest here on a charge that she murdered her fourth husband, Edward Meyer, in Idaho, applied during April for \$10,000 of insurance in one of the larger American companies, according to V. H. Ormsby, deputy sheriff from Twin Falls county, Idaho, who is here to take Mrs. Southard back to stand trial.

Ormsby said today his investigation had disclosed that when Southard, who is a navy petty officer, applied for this amount the insurance agent informed him that owing to the size of his salary the company would not permit him to take a policy for more than \$5,000.

Wife Wanted \$10,000. Southard asked the agent to explain this to Mrs. Southard for he said she had asked him to take a policy for \$10,000, Ormsby declared. The agent did this, according to Ormsby, and Mrs. Southard said "she believed a man should have plenty of insurance."

She asked the agent if his company paid claims promptly and said friends of hers in Idaho had a claim which was not paid, Ormsby said. Southard took a physical examination and on April 13, filed his application for \$5,000 but on May 11, Mrs. Southard was arrested and on May 14, according to Ormsby's investigations, Southard asked for the return of his application, which he received on paying the doctor's examination fees.

Sought \$500 Loan. A letter was written by Southard to the Bank of Hawaii asking for a loan of \$500 and stating he had a \$5,000 life insurance policy security, Ormsby stated. Later he called at the bank and asked for the return of the letter and also sought an affidavit that the bank had advised him to take out this insurance as security for the loan, Ormsby said his investigation revealed, but the bank did not return the letter or make the affidavit.

Sworn statements have been obtained covering these details, Ormsby said, and he will attempt to introduce them as evidence at the trial of Mrs. Southard.

County Officials And Indians to Hold Peace Conference

Moab, Utah, May 31.—San Juan county officials and Indians of the southern part of that county have assembled for a peace conference, according to word received here today from Monticello by long distance telephone. The call for the conference was issued by J. W. Perkins, county commissioner. The conference was called to meet at Blanding and Sheriff R. Lynn Hyde, who returned to Monticello Sunday, went back to Blanding for the conference.

John Dutchups, 21, Indian, who was shot Saturday while attempting to escape from a sheriff's posse, tried to escape from the hospital at Blanding, according to information received here. He is now guarded by two deputy sheriffs. His attempt to escape caused his wounds to reopen and he lost a considerable amount of blood during the day. Sheriff Hyde is apprehensive that if Dutchups dies further trouble may be caused by the unruly element of the Flute band, and he is having every precaution taken to prevent another effort to escape.

The renegade Indians in southeastern San Juan county are Putes and not Utes, according to a statement made here today by C. E. Christensen of this city, for 40 years has been an Indian interpreter in this section of the state.

New Mexico's Brief in Boundary Case Filed

Washington, May 31.—The state of Texas is attacked as a "world-law grabber" in briefs filed today in the supreme court by Frank W. Clancy, counsel for New Mexico, in the original suit of that state against Texas to obtain an official delimitation of the interstate boundary along the Rio Grande river.

Declaring that the present claim of Texas would put the Rio Grande "on rocky bluffs or sand hills, far above any possible bed of the river" the brief called attention of the court to what was described as "the predatory and unscrupulous character of the defendant (Texas) in land matters."

Five Chicago Bakers Held As Union Men Go on Strike

Chicago, May 31.—Five union bakers were arrested today when striking employees of a large bakery company were said to have threatened non-union men who took their places yesterday. More than 1,000 union bakers, said to have baked 85 per cent of Chicago's bread, whose agreement expired at 4 o'clock yesterday, were on strike today.

The strike was called because the Master Bakers' association insisted on a 20 per cent reduction in wages if the bakers' agreement was renewed.

Shipping Board Liner Tied Up by Strike, Catches Fire

Baltimore, May 31.—The passenger and freight steamer Buckeye State, one of the large liners plying between Baltimore, San Francisco and Pacific ports, caught fire shortly after 5 o'clock while tied up at a Baltimore and Ohio railroad pier. The steamer is one of the shipping board vessels affected by the marine strike.

The blaze was confined to the boiler room, where oil waste was ignited by sparks, according to reports.

MOVIES

Downtown Programs. Rialto—Roscoe Arbuckle in "Brewster's Millions." Sun—"The County Fair." Moon—Tom Mix in "A Ridin' Romeo." Strand—"The Oath." Empress—"Pagan Love." Muse—"Conrad in Quest of His Youth." Neighborhood Houses. Grand—Harry Carey in "The Wallop." Hamilton—Wallace Reid in "The Valley of the Giants."

If the popular actor Neil Burgess could see what Maurice Tourneur has done for his famous old drama, "The County Fair," at the Sun theater this week, it would show how far the motion picture can advance over the limitations of a stage play. The scenic so-called realism of the drama pales by comparison with the real art of the cinema story. Here the great race is actually run and the hundred and hundreds at the county fair actually participate in that happy occasion.

Clyde Cook, now frolicking on many a screen in the Fox five-act special comedy, "Skirts," is to be seen shortly in a new comedy called "The Guide," which he is promised to make a new record for mirth creation.

Mary Millner is the most recent celluloid celebrity to go abroad. She leaves immediately upon completion of her current picture. Ora Carew is playing lead opposite Tom Mix in a picture now being made at Hollywood.

Vladivostok Rulers Extend Authority

Tokio, May 31.—(By The Associated Press.)—Anti-bolshevik leaders who have established the new Vladivostok government have extended their authority to the northward, being in control of the cities of Spassk and Grodekovo, says an official report received here. The majority of the commissars and higher clerks employed by the railroads in the southern part of the maritime province have fled, or have been arrested, but the railroads have continued in operation. The Japanese have recognized the new militia formed in Vladivostok on condition that it obeys the president of the government.

Resolutions have been adopted by the Vladivostok Chamber of Commerce declaring that recent events there were the outcome of communist methods, which "drove the population to desperation."

Proposed Allied Meeting On Silesia Is on Dead Center

Paris, May 31.—(By The Associated Press.)—The exchange of views between London and Paris regarding a meeting of the allied supreme council to consider the Silesian question, has reached a sort of dead center. Mr. Lloyd George, British prime minister, is insisting that the premier's meet previous to the creation of an expert mission to examine the Silesian problem. Premier Briand handed the British ambassador here last evening a note repeating the French argument and dwelling upon the impossibility of the premiers taking effective action previous to the examination of the question by the experts.

Two Shot at Ball Game. Pittsburgh, Pa., May 31.—Two men were shot and killed and four others wounded in a fight during a baseball game here today.

Woman Ends Own Life After Attiring Self In Wedding Finery

Grantsville, Utah, May 31.—Attired in her wedding gown, shoes and gloves, with veil and flowers carefully adjusted and the decorations of the wedding cake upon a table near by, the body of Mrs. Marie Ida Farina, 21, was found lying across the bed with a bullet wound in her head by her husband, Pietro Farina, 40, when he returned home at Dolomite, seven miles west of this city, for luncheon.

In a cradle near the bed was the eight months old infant of the couple with a piece of gauze tied tightly about its neck. The husband and father tore the gauze from the child's throat and its life was saved.

The sub-committees will meet tomorrow to revise the bill as introduced originally by Representative Scott of Michigan. The subcommittees will report to the full committee on Thursday and action on the bill may be taken at that time.

Scott Bill Favored By House Committee

Washington, May 31.—In spite of general opposition from organized labor to any changes in the seamen's act, the house committee on merchant marine, expects to report out the Scott bill this week, lessening some of the restrictions applying to vessels on the Great Lakes.

Girl Intercepted On Way to River To Drown Herself

Policeman Arrests Young Woman Who Planned Suicide As Man She Loved Would Not Marry Her.

Half-crazed because the young man she loved would not marry her, Ora Cook, 19, whose home is in Hamilton, O., was saved from drowning herself in the Missouri river about noon yesterday by Policeman Carter.

Notified by a man at the Union station that the girl had just gone toward the river, declaring she was going to drown herself, Carter ran in pursuit. Catching up with her about Fifth

Thousands View Freak Accident

New York Elevated Train Toys With Lives of 500 Passengers in Wreck.

New York, May 31.—A derailed Third avenue elevated train, turned into a battering ram on its lofty structure over the hub of the Bronx at One Hundred and Forty-ninth street and Third avenue, last night toyed with the lives of 500 passengers while it ripped out a big wooden signal tower and enacted many queer freaks for a watching crowd of 10,000 persons.

One of the freaks of this fantastic accident, 50 feet above the busiest part of the Bronx, was that only six persons were seriously injured, although one of the cars was virtually crushed to bits as it smashed into the solid-timbered signal house. Between 20 and 30 other persons among about

Against Removed Sheriff

Beatrice, Neb., May 31.—Fines aggregating a little over \$3,400 have been assessed by the internal revenue department against John L. Schiek, recently removed as sheriff of this county on his conviction in federal court of the illegal sale of liquor. Schiek recently completed a short jail sentence for the same offense.

\$3,400 Fines Are Assessed

Beatrice, Neb., May 31.—Fines aggregating a little over \$3,400 have been assessed by the internal revenue department against John L. Schiek, recently removed as sheriff of this county on his conviction in federal court of the illegal sale of liquor. Schiek recently completed a short jail sentence for the same offense.

THE price of the LAFAYETTE must respond to changes in underlying economic conditions. . . . But the quality of the LAFAYETTE is in our own keeping, and it is securely fixed by our purpose to build the very finest car that we can. Quietly, surely and upon its own merit, the LAFAYETTE has taken its place among the fine cars of the world. Unlike most cars, it has never been on probation. In engineering, metallurgy and manu-

facturing precision it incorporates and improves upon the best standard practice. Owners repeatedly tell us that it is "the car of the future" in the fine car field, and this opinion seems to gain insistence with every new LAFAYETTE car on the streets. Not until you have driven a LAFAYETTE thousands of miles will you realize the long usefulness and brilliant performance which it yields. . . . It has the economy of all good things.

Doctor Smith the Great Eye Specialist Warns the Public To Care for Their Eyes

Says Eyesight may be strengthened through the Law of Osmosis 50% in one week's time in many instances.

New York.—Doctor Smith says, "Most people's eyes go back on them between forty and fifty years of age unless they strengthen them while young." He further says, "Everyone young and old should know how to care for their eyes in order to prevent the wearing of glasses by strengthening the eye muscles through the law of Osmosis." Again he states, "The eyesight even in old folks eyes can positively be strengthened to a surprising degree by properly treating the eyes so as to build up the eye muscles and wash away the mist and haze in front of the eye lenses. Before a photographer can take a good picture the lens of the camera must be clean, so it is with the eyes. The eyes get misty and dirty and must be cleaned in order to see well." Very few farmers require distance glasses because most of the time they have an unobstructed view and use their eye muscles for distant vision; this keeps their eye muscles strong and well developed while the city man is restricted in his range of vision, and therefore does not properly exercise his eye muscles; thus they become weak and susceptible to eye strain. Doctor Dickstein, who is heartily in accord with the views of Dr. Smith, says there is no better method of preserving and developing the eyesight than the Bon-Opto method and he advises everyone of any age to use Bon-Opto to relieve such troubles as inflamed eyes or lids; weak or watery eyes; itching, aching, burning eyes. Cold winds, glaring sun and snow cause a profuse watering and weakening of the eye muscles and a misty eye lens. These troubles may be quickly overcome through the daily use of Bon-Opto. A single trial will convince you that it has a soothing, healing, cooling effect upon the eyes. Doctor Lewis, another physician of many years practice, says: "It is a strange thing to me why so many people hesitate to put anything into the eyes as it is just as safe to wash the eyes with Bon-Opto as it is to take a drink of good, pure water. The eye is not the delicate organ many suppose. It is a miracle to me." A lady who used it says: "I advise everyone young and old to use a method of treatment like Bon-Opto before resorting to glasses and even if one wears glasses they will find great relief and clearer vision by following the Bon-Opto method." One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. As night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this method for fifteen days everything seemed clear. I can even read fine print without glasses."

NOTE—A city physician to whom the above article was submitted said: "Bon-Opto is a very remarkable harmless remedy. Its constituents are well known to eminent eye specialists and widely prescribed by them. The manufacturer guarantees it to strengthen weak eyes, to give one week's time or refund the money. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold under a money back guarantee in the city by all leading druggists, including the Stearns & McCConnell's store and the Alcoholic Store.

NOTHING SUCCEEDS LIKE SUCCESS AND BEE WANT ADS. Get Yours Started Today

AT THE THEATERS

THERE are characters in array in Mme. de Mally's boarding house at the Grand in this week, playing a matinee today and Saturday. And the title of the play indicates the address of the above mentioned boarding house. It is here that Penelope Penn comes from the middle-western home of her minister father, seeking fame and fortune with her mother, Mrs. Smith and Dr. Hubbard, an old but not least Napoleon Gibbs. The fortunes of Penelope make a fair worth telling. They were originally told by Rachel Crothers in Broadway last season with Constance Binney in the role of Penelope Penn. This is the first time the play has appeared in Omaha.

Plague in Texas. Austin, Tex., May 30.—A case of bubonic plague has developed in a small town in Limestone county.
