Mobile Hospital

No. 1 Vets to Meet

First Reunion of A. E. F. Outfit to Be Held in Bluffs June 18.

First reunion of Mobile hospital No. 1, American expeditionary forces, will be held in Council Bluffs June 18.

Plans for the first reunion of this organization since the war are in charge of Harold Hettick, Reid Zimmerman and Charles L. Snuffin, former sergeants.

Surgeon General Merritt W. Ireland, U. S. A., and leading surgeons from all sections of the United States who performed their first war surgery on battle casualties while at the front with Mobile hospital No. 1, probably will attend this first reunion.

Mobile hospital No. 1 was organized in Paris around a nucleus composed of Hospital Unit K, which was mustered into the federal service in the Bluffs June 18, 1917, on the anniversary of which date the first reunion is to be held.

Mobile hospital No. 1 was decorated with the Croix de Guerre, cited by General Penning and both French and American commanders for its services in every major engagement.

Col. Donald Macrae of Council Bluffs served as commander of the unit throughout its service. He was decorated by the French government with the Croix de Guerre.

Wife Went Home to Mother and Harold, Hubby Alleged
Burton W. Norris told the district court yesterday in an action for divorce from Viola C. Norris that Viola has not showed him any affection since their marriage a year ago, but has showered her affections upon one, Harold Scott.

On May 23, he alleges, she took all their furniture, threw his own clothes on the floor, and returned to her mother. He went there the next evening to see her and found her in the arms of Harold, he declares. He says she kissed Harold and told her husband that she loved him.

They have made a property settlement and are awaiting the divorce decree, he says.

250,000,000 Fish Put In Minnesota Lakes; 'O' Min! Get My Rod'

Anglers' hearts have been gladdened by the announcement that approximately 250,000,000 fish have been distributed in Minnesota lakes and streams this year. Of these fish, more than 230,000,000 are wall eye pike, 10,000,000 are trout and the remainder consist of other game species.

As a result of closing the season on black bass June 15, instead of Memorial day two years ago, these fish have multiplied rapidly and bass fishing this season probably will exceed that of many years past.

The general fishing season, for all species except bass and trout, opened in Minnesota May 15. Reports from nearly all localities indicate that pike, pickerel and crappies have been "hitting" with vengeance. Trout may be taken from Minnesota streams beginning April 15.

Virtually the only change in legislation affecting vacation visitors from other states this season is an increase in the nonresident license fee, which has been fixed at \$2.

We Are Always Striving to Serve You Better

Growth is the watchword of the Burgess-Nash store, but it has been the policy from the beginning to ever and always live up to the ideal of "greatest service to the greatest number." And it is through the carrying out of this purpose that makes it possible for us to now look with pleasure upon our new home so near completion. The past few months we have been upset. The hammering and other noises were deafening, and we had a hard time to find our way about, for departments have been moved from one place to another. But the time will soon be here when we will throw open the doors of our new building, which is being built with every thought for its patrons. In every event of progress which has transpired, this store has most notably made its impress upon the welfare of the people. We merely reflect public opinion in this statement, for it has repeatedly been said that "the greatest single force in bringing the mercantile development of the city to its present high standard has been due to inspiration born in this store."

The range in prices of silverware permits a very great latitude of choice.
