Repudiation of Administration of Officers by Annual Convention Results in Resignations.

Cleveland, O., June 7.-Repudiation of the administration of the officers of the American Zionist organization by the 24th annual convention early today resulted in the resignation of Judge Julian W. Mack of Chicago and six other officers of the organization and 35 of the 50 members of the national executive committee and its secretary. Peter J. Schweitzer, treasurer of the organization, was the only incumbent to retain his posi-

The resignations were announced early this morning at the close of a long night session by Judge Mack after the convention had voted, 153 to 71, to disapprove the president's annual report. Besides, Judge Mack, American Zionist officials who relinquished their offices are:

Mohl, Jerusalem, Palestine; I. Rude, Denver; William Sauber, Green Bay Wis., and Jonas Rosenfield, Dallas In contrast to the stormy demonstrations which have taken place repeatedly since the opening of the convention Sunday afternoon during many heated arguments there was extreme quiet when the vote was announced.

Text of Resolution.

After Treasurer Schweitzer and Louis Lipsky of New York had at-tacked the report and Rabbi Silver and Felix Frankfurter had delivered eloquent addresses defending the administration, the delegates last night adopted a resolution in part as fol-

"That while we appreciate to th fullest extent the services rendered to our cause by present officers of the administration, we regard it, however, as our duty to state that the course of action pursued by the present administration constituted a violation of the discipline of the organization, fraught with danger to its integrity and contrary to the highest interest of the Zionist movement at this time; and we, therefore, regretfully express our disapproval

Judge Mack then assured the delegates that he and the others who resigned with him would remain in the ranks of Zionism.
