

Pershing Urges Armament Limit Before Women

Steps Already Taken for International Reduction in Defense Expenditures, General Tells Voters' League.

Lincoln, June 8.—(Special Telegram.)—Speaking here last night before the state convention of the Nebraska League of Women Voters on limited armament, Gen. John Pershing said:

"I believe some plan should be devised to limit the large expenditures countries are making since the war. One nation cannot disarm, or limit very largely its armament, unless all do so. It would be folly for America alone to lay down its arms and say it would spend no more for armaments."

"I am authorized by the president to say that steps already have been taken through diplomatic channels to get things started with a view of limiting defense. I think public opinion is back of President Harding."

Solons Speak.
At the night meeting, Representative J. Reid Green of Lincoln and Senator George B. Hastings of Grant spoke on legislative procedure, following a stirring report by Mrs. H. H. Wheeler of Lincoln, legislative chairman for the league.

NUXATED IRON
Helps make rich red blood and revitalize weak nerves.

YOU MAY BE A BETTER MAN AT 45, THAN THE YOUTH OF 25

If you keep your blood rich in iron to give you plenty of "stay there" strength and endurance.

In an account of a severe mountain climbing test, a New York newspaper states that 20 per cent of those who accomplished the feat were 44 years and over. It is therefore shown that you may be a better man at 45 than the husky strapping of 25 if you take care of yourself and keep your blood filled with iron. Prize fighters, wrestlers and athletes have learned the value of plenty of plain, coarse foods in their training, as such a diet helps supply their blood with iron. Nature put plenty of iron in the husks of grain and the peels of vegetables to enrich your blood, but modern methods of cooking throw all these things away—hence the alarming increase in recent years in Anemia—iron starvation of the blood, with its debilitating weakness, nervousness and other attendant ills. If you are not strong and well, if you lack bodily and mental vigor, do not wait until you go to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but take some organic iron like NUXATED IRON at once to help enrich your blood and revitalize your worn-out exhausted nerves. Organic Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples. It will not injure the teeth nor disturb the stomach. You can even eat it if you wish. It often increases your bodily and mental vigor in two weeks' time. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of cheap imitations. Look for the letters "N.I." on every package and the letters "N. I." on every tablet. At all drug stores.

Then there is Alex Louttel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed it." Peterson's Ointment is a little box for 50 cents. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. Sherman & McConnell Drug Co. will supply you.

Masons Delay On Proposal to Buy Hospital

Committee of Seven Named to Investigate Fenger Hospital And Report Back Next Year.

A resolution to purchase Fenger hospital, Twenty-sixth street and Dewey avenue, was offered on the floor of the Nebraska Grand Lodge of Masons at the morning session in the Masonic temple. The resolution caused so much comment that the entire morning was taken up in debate.

The proposition finally was placed in the hands of a committee of seven for investigation. The committee will report back to the next grand lodge a year hence.

The original resolution provided for the investigation of the hospital property by a committee of five with power to act, and if satisfactory to purchase it. In his annual address before the grand lodge Tuesday Grand Master Fradenburg broached the proposition of a state hospital for Masons and had mentioned the purchase price as being approximately \$450,000.

In yesterday's debate because of the vagueness of the price, the present litigation and other circumstances which would have to be cleared up before a purchase could be effected, the original resolution was amended, adding two more to the investigating committee and calling for a report a year from now.

Bishop Tuttle Visits Omaha After 54 Years

Presiding Bishop of Protestant Episcopal Church Guest at Happy Hollow Club—To Speak at Trinity.

Fifty-four years ago Bishop Daniel Sylvester Tuttle, now presiding bishop of the Protestant Episcopal church, came through Omaha on his way to Denver where he was to take charge of missionary work in the "wild west." Bishop Tuttle came to Omaha from Chicago, then North Platte and from North Platte rode a work train into Denver.

Yesterday Bishop Tuttle, old in years of service for his church, arrived in Omaha from St. Louis. His arrival was much different than the previous one. He rode in a comfortable Pullman car and instead of wading through muddy village streets he was met at the Union station and taken to the home of H. W. Yates, 3120 Davenport street, in an automobile.

Bishop Tuttle remained at the Yates home all day where he received callers and church workers of Omaha. At noon he was the guest at a luncheon given at Happy Hollow club. Last night there was a meeting at Trinity cathedral and the bishop delivered an address. The meeting was followed by an informal reception to the bishop.

Bishop Tuttle is on his way to Denver, where he will consecrate in St. John's cathedral the Rev. Fred

Ingle as bishop coadjutor of the diocese of Colorado.

Be Determined

There is an old adage, "It is only the live fish that swims upstream." Applied to the Help Yourself Club Campaign, we could easily transpose it to read "It is only the live member who will be able to swim through the sea of votes to a capital award." There remains but three weeks of the campaign and every day—yes, and every hour—either brings you closer or puts you further from the desired valuable awards. You members who have done well in the past periods of the campaign must realize that this is your critical time and that you will have to work hard to hold your advantage.

Go after big subscriptions. Take shorter ones if you must, but try first for the long one. Look over your receipts and get your friends, who in the early part of the campaign gave you short term subscriptions, to give you a second payment and thus extend the time of their subscription. The second payment plan is a rapid way of securing votes. Mark all such remittances "Second payment."

If, when you last saw some of your friends, they were taking another paper and did not want two at one time, go back at them and tell them

you are in the up-and-running class and have them give you a subscription to The Bee, the best paper in Nebraska, the delivery of The Bee to commence when their present subscription to the other paper expires. Mark such subscriptions on your remittance sheet "Future Subscription."

Do you get excited—or wistful—or just plain determined when you think of the exceptional value of the awards for which you are working? The plain determined is the proper attitude of mind—the one which will help you. It is well to keep in mind that you are working for something which is of real value, that many of the awards are worth several thousand dollars. Naturally it means a great deal to the members to secure one, but the best frame of mind for success is just a willingness to work hard for it. You have just as good an opportunity as any other member and in any event you will be well rewarded for your work. But, whatever you do, put up a real fight during these last three weeks of the campaign and make it a desperate fight to the finish. The other members will have to do the same and it will be no easier for them than it is for you.
