

### Census Started To Check Damage - In Pueblo Flood

**Impossibility of Obtaining Authentic Figures Shown by Efforts of Associated Press To Gain Information.**

Denver, Colo., June 10.—A census of deaths and property damage in the flooded areas of Colorado, instituted by The Associated Press, has established the fact that it probably will be several days at least before anything like an accurate estimate of the lives lost or of the damage done can be made. The census, made by telegrams sent to mayors of towns in the flooded areas is only partially complete.

In northern Colorado it is established that four persons were drowned at Sterling, one man died of exposure at Union, when a Rock Island train was wrecked last Tuesday night, and one man was drowned and another is reported missing in Denver.

**Reports from Flood Area.**  
In the Pueblo area, embracing the territory from the city of Pueblo along both sides of the Arkansas river to the Kansas line, the reports thus far are as follows:

In Pueblo 47 bodies reported recovered in the city itself and 10 others recovered on the St. Charles mesa. A list compiled by the Red Cross fixes the number of missing at 130. Property damage estimated at from \$10,000,000 to \$20,000,000. Unofficial estimates of the dead place the figure at around 300.

La Junta reports 18 dead in the district near the city, with no official figures given out on the property damage.

Manzanola reports eight bodies recovered from the Arkansas but no lives lost in the immediate vicinity.

Las Animas reports four dead, but no authentic estimate of property damage has been sent out from there.

**Budget Fixed at \$61,000,000.**  
Washington, June 10.—Deficiency appropriations for the shipping board were fixed finally at \$61,000,000 today, when the senate proceeded formally on its amendment to add \$50,000,000 to the board's funds.

### National Chamber Submits Taxation Questions to Vote

Washington, June 10.—A series of taxation questions was submitted to a referendum vote of the 1,400 business organizations within the membership of the Chamber of Commerce of the United States. The vote is on proposed forms of taxation and does not deal with amounts of revenue to be raised.

The purpose of the referendum is to fix the national chamber's position on the forms of levy which might be used if needed to replace revenue lost through the proposed repeal of the excess profits tax; to determine an attitude with respect to the continuance of war excise taxes, and to get opinion as to form of taxes that might be substituted for excise taxes if the revenues now derived from them have to be replaced.

### Funeral of Legion Leader Saturday

**Own Post in Charge of Service For National Commander.**

Cincinnati, O., June 10.—The funeral of Col. Frederick W. Galbraith, Jr., commander of the American Legion, who was killed in an automobile accident in Indianapolis, will be held Saturday afternoon in Music Hall, the largest auditorium in the city. This was decided upon today by Robert J. Bentley post, American Legion, of which Colonel Galbraith was a member, and after the widow expressed the wish that the post make all arrangements for the funeral. It is considered most likely that the burial will be in Arlington cemetery, Washington, D. C.

It is expected that the funeral will be the largest ever held in Cincinnati. The entire One Hundred and Forty-seventh United States infantry, troops from Fort Thomas, Ky.; various service men's organizations and all the civil clubs in which Colonel Galbraith was a leader, will participate.

Mrs. Galbraith expressed the desire this morning to be allowed to remain alone with the body all day.

### Federal Troops To Help Pueblo Back to Normal

**Martial Law Regulations Made More Stringent as Means of Removing Handicap to Cleaning Up.**

Pueblo, Colo., June 10.—Arrival yesterday of federal troops to aid the national guard and Colorado rangers, marked a new step forward in the restoration of normal conditions following this city's most disastrous flood.

Army trucks and mule trains, accompanied by a corps of laborers, are expected to facilitate the task of removing dead bodies and debris before decomposition has brought a new danger of disease.

Martial law regulations have been made more stringent. No one is permitted to enter the restricted area without a military permit signed by the adjutant general, commander of the military here and commander of the rangers. Passengers are not permitted to leave trains without a military pass.

Col. Patrick J. Hamrock, adjutant general, said it probably will be two weeks before martial law is ended. He said the public utilities would be in full operation before the troops are withdrawn. Water must be made safe for human consumption and every cellar, store and public building must be cleaned out before municipal authorities again assume control.

All relief work, reconstruction and rehabilitation of business and industry has been placed in the hands of the Red Cross by the civilian committee to which all contributions will be sent.

Rapid progress has been made in clearing the streets and business houses. Several stores filled with water as late as Sunday are now doing business. Railroad tracks have been dug out from under mud and passengers are being taken out of the city by train daily.

The death list, compiled from the morgues, was at 47 today with 130 names on the official list of missing persons.

The population of Pueblo has increased only 16,000 in the past 10 years.

### Postmaster Admits Robbery Was Frameup To Cover Shortages

San Francisco, June 10.—Postmaster Lon R. Bailey of Bisbee, Ariz., has confessed to postoffice inspectors that an alleged robbery of the Bisbee postoffice, April 3, was a blind to conceal a shortage in his accounts, according to a report received by Stephen H. Morse, chief postoffice inspector. A total of \$17,850 already has been recovered from Bailey, whose alleged shortage is supposed to be \$43,000.

Bailey has been in jail at Tucson for some time on a charge of being short in his accounts, Morse said. Bailey told the story that two Mexicans beat him and robbed the postoffice, taking \$40,000 from registered letters and \$3,000 postal savings deposits, according to Morse.

### Mob Nearly Kills Florida Man

**Associate of "Big Tim" Sullivan Near Death Due to Beating.**

Daytona, Fla., June 10.—The death of Lorillard Reynolds, for more than 30 years intimate associate of "Big Tim" Sullivan, New York politician, was momentarily expected today as the result of wounds received when a mob of masked men severely beat and shot him last night at Seabreeze, a fashionable beach resort on the suburbs of this city. Reynolds received a bullet in the left breast which missed his heart by less than an inch. Reynolds was the owner of the Seabreeze opera house.
