

Free Milk Fund Medium to Reach Unfortunate Tots

Relieves Suffering of Children
Born Amid Heat and Squalor
of Poverty—Subscriptions
Grow.

Most of us are unable to visit the poverty stricken homes of our city. Yet none can remain oblivious to the suffering of children amid the heat and squalor of poverty, perhaps but a few blocks from our own cool and comfortable homes.

The Bee's Free Milk and Ice fund is a medium through which we can relieve this misery. Pure, cool, soothing milk will do more to make life for the unfortunate kiddies bearable than any other thing. "Three-in-one," a regular contributor to the fund, has dropped in with three \$5 subscriptions. He is one of the kind-hearted, thoughtful men, who realize the destiny of the nation rests in no small way on the babies who will either become healthy, happy, useful adults or succumb to the environment in which chance has placed them. Bring or mail your subscription to The Bee. Any sum from 10 cents to \$5 is acceptable.

Subscriptions are as follows:

Previously acknowledged	\$25.00
Three-in-one	15.00

Baldrige Describes Paradise of Pacific

H. H. Baldrige, attorney, spoke before the members of the Kiwanis club at their weekly noonday luncheon at the Rome hotel yesterday. Mr. Baldrige described Hawaii, the Paradise of the Pacific, and the journeys he made in visiting the various islands of the group. Particularly interesting were his descriptions of native life and of the advance the islands have made under the guidance of the United States. Members of the Kiwanis club will have an all-day picnic at the Country club, Lake Manawa, June 30. Plans are being made for the members of the Council Bluffs Kiwanians to join the festivities. There will be a program of picnic stunts arranged by Ray Beselin, chairman of the June entertainment committee, and in the evening there will be dancing.

National Guard Leaves on Outing

Men Will Spend Two Days in
Camp on Ashland Rifle
Range.

Captain Peterson's company of National guardsmen left bright and early this morning for the government rifle range at Ashland, Neb., on the first of a series of outings planned for this summer.

The men, who were loaded into two motor lorries, carried full field equipment and will spend two days in camp on the range. Part of the time will be devoted to maneuvers and shooting. The remainder of the stay will be given over to a general outing. Guardsmen will receive pay for two days from the government.

Next week the guard will open a recruiting campaign to fill the Omaha companies to maximum strength. About 125 men are required to fill the two infantry companies, the headquarters company and the medical unit. A tent will be placed somewhere in the downtown district and two recruiting sergeants placed on duty to receive recruits. Special prizes will be awarded to workers.

It is planned to have all outfits up to maximum strength by July 1 in order that all may have some training before the annual encampment in August. It has not been decided yet where the guard will camp.
