

Sims Says Was Misquoted; Will Sail Wednesday

Denies Delay in Answering First Cable of Secretary Denby His Fault—Dines With Harvey.

London, June 13.—(By The Associated Press.)—Rear Admiral Sims said this morning he had not received the cable message from Secretary of the Navy Denby, cancelling the remainder of his leave of absence and ordering him to report as soon as possible in Washington. He left his hotel early in order to fulfill a day of crowded social engagements. He is to sail for home Wednesday.

The admiral told an interviewer that he believed Secretary Denby's second message had been dispatched because of Admiral Sims' delayed response to the first one asking if he had been correctly quoted in his address here last week, in which he criticized Americans in sympathy with the Irish republic. Admiral Sims insisted that the delay in his reply was due only to delay in transmission and declared that he made his reply within an hour after receipt of the cablegram.

Admiral and Mrs. Sims have been invited to dine this evening with United States Ambassador and Mrs. Harvey. The duke of Connaught and other notable personages are among the invited guests.

Says Reports Wrong.

Washington, June 13.—Remarks attributed to him in press reports of his address before the English Speaking union in London in which he criticized activities of Sinn Fein sympathizers were not correctly quoted, and were misleading, Admiral Sims declared, in a cablegram received yesterday by Secretary Denby.

"Statements attributed to me," said the message, "were not correctly quoted. Context misleading and garbled. Report of statements is incorrect. Statement made was substantially the same as made in public in America, and in my book, 'The Story at Sea,' and a public address at meeting held for increasing good relations between the English-speaking people."

Secretary Denby would not comment. In view of the fact that Saturday he revoked the remainder of the officer's leave and ordered him home, it was indicated no further steps would be taken until Admiral Sims' return.

Pueblo Appeals To Nation for Immediate Help

Subscriptions So Far Light and Need Is Imperative, Plea to U. S. C. of C. Declares.

Pueblo, Colo., June 13.—Appeal to the United States Chamber of Commerce for relief subscriptions for Pueblo will be made today by Governor Shoup, James L. Lovern, president of the city council of Pueblo; G. L. L. Gann, president of the Pueblo Commercial club, and J. F. Keating, chairman of the Pueblo chapter of the American Red Cross.

The appeal, which will be presented by W. Frank Persons, vice president of the American Red Cross at Washington, sets forth that Pueblo's need is beyond resources of the community, that subscriptions have been light and that haste is imperative.

\$500,000 Needed.

The text of the appeal as given out by the local chapter of the Red Cross follows:

"Five hundred thousand dollars is urgently needed as a bare minimum sum to do most necessary relief and rehabilitation work in the city of Pueblo, according to a conservative and careful estimate.

"On behalf of the stricken citizens of Pueblo the undersigned earnestly appeal to the generosity and the sympathy of the nation to assist in meeting the situation, which is entirely beyond the resources of the community, by sending in their contributions.

"More than 1,500 families already have been listed by the Red Cross census as being in need of help. Many of these have lost all they possessed. These families represent an approximate total of 7,000 persons and the census is not yet complete.

Dealers Wiped Out.

"Hundreds of dealers, large and small, have been paralyzed by the flood which completely wiped out their stocks and ruined the buildings in which they were housed.

"The damage is estimated at between \$15,000,000 and \$25,000,000 exclusive of the loss to municipal and railroad property as well as to highways.

"The flood victims must be helped to regain normal economic existence."

Bill to Exempt U. S. Ship Tolls On Canal Favored

Coastwise Shipping Would Be Freed of Charges Under Bill Reported by Senate Committee.

Washington, June 13.—American coastwise shipping would be exempted from payment of Panama canal tolls under a bill ordered favorably reported today by the senate intercommerce committee.

The committee vote was unanimous after Senator Walsh, democrat, Montana, had withdrawn a request that hearings be held.

Chairman Borah, author of the bill, said that since the question was the subject of exhaustive hearings eight years ago there was no need of hearings at this time.

The decision to report out the Borah bill applicable only to American coastwise ships, rather than the Jones-Poindexter bills, which would give all American shipping free canal passage, was reached, committee members said, because it was believed it would be easier to pass a coastwise shipping bill.

Another consideration, it was said, was assurance to the committee that the British government conceded formally during the Taft administration that the Hay-Pauncefote treaty authorized free tolls for coastwise American ships.

Russ Soviet Trade Minister Plans Trip to United States

London, June 13.—Leon Krassin, Russian soviet minister of trade and commerce, is planning a visit to Canada and the United States in the near future, his headquarters here today definitely informed the Associated Press. (A dispatch from Montreal on June 9 reported that he was on his way to Canada, but this was later denied.)

Krassin's trip will relate strictly to trade and will have no political significance, it was stated here today. He will go first to Canada and then to the United States, if possible.

THE B. F. GOODRICH RUBBER COMPANY Akron, Ohio

Leeds, England, June 13.—The Yorkshire Post, commenting today on Admiral Sims, says:

"There will be general sympathy in this country for Admiral Sims, that breezy sailor and inveterate friend of Great Britain, who once more has got into hot water in the United States for his plain speaking about Anglo-American relations. It would be unfortunate if the action taken regarding Admiral Sims were construed into evidence of a definite attitude on the part of the American government towards the Irish question."

"In speaking as he did," the newspaper continued, "the mass of the British people recognize that Sims had the best interests of the two countries at heart. He has seen the danger with which the Irish-American cancer threatens their friendship, and while fighting it openly in America, he has endeavored to explain its significance here.

"It would be no real help to the cause of Anglo-American friendship to pretend to ignore the existence of a strong Irish-German party in the republic, whose burning desire is to embroil the two nations."

Too Much Chatter, Project Rejected

A modern version of the confusion of tongues at Babel was heard in the city council chamber yesterday when residents west of Miller park voiced opposing opinions on a proposed improvement project.

Acting Chairman Zimman of the committee of the whole suggested that the commissioners and property owners gather around a table and discuss the proposition dispassionately.

When the conversation developed into a din the commissioners withdrew to their seats, and patiently waited until the visitors talked themselves out.

Then the project was rejected by the council.

The proposed improvement was to acquire land west of Thirtieth street as an addition to Miller park. This land is now traversed by a goose-neck of the boulevard and promoters of the project wanted to head off building improvements which they believed would destroy the value of the boulevard.

Claudio Delitalia himself came from Italy not many years ago and therefore he knew how to get into communication with the deserting husband.
