

Man Killed As Miners Battle With Officers

Fight Starts When Authorities Attempt Arrests; A. F. O. L. Pledges Sympathy at Convention.

Williamson, W. Va., June 15.—One man was killed, two others wounded and 47 residents of the Lick Creek tent colony of idle miners near Williamson, are held in jail, as the result of the fight late Tuesday at Lick Creek between authorities and the colonists, according to state police headquarters. One of those wounded was a state trooper.

The fight started after Major Tom Davis, commanding Mingo county under the proclamation of martial law, had returned to Lick Creek with reinforcements of citizen state troopers to arrest about two score of the idle miners and after his forces had been fired on in the vicinity earlier in the day.

Ask for Investigation.

Denver, June 15.—A resolution adopted by the American Federation of Labor today pledging sympathy with the striking mine workers of West Virginia and urging unqualified and immediate adoption of the resolution calling for a senatorial investigation of the situation was telegraphed to each member of the United States senate tonight.

The resolution submitted by the United Mine Workers of America declared that "intolerable and un-American conditions prevail in Mingo county, West Virginia, where for more than a year 6,000 mine workers have been resisting a lock-out by the coal operators because of their membership in the United Mine Workers of America."

Armed agents of the coal operators were charged with committing acts "against the persons and homes of mine workers which have shocked the sensibilities of our citizenship and disturbed our domestic tranquility."

The resolution asserted that martial law declared in the region by the state had "intensified the present conflict."

Commission Disciplines

Two Telephone Companies

Lincoln, June 15.—(Special)—The state railway commission today began to administer discipline to the Guide Rock division of the Glenwood Telephone company and the Farmers Telephone company at Fordyce. The commission has summoned both companies before it to explain why they charged rates without first getting permission of the commission.

The commission recently authorized the Farmers Telephone company to charge rural patrons \$1.40 a month instead of \$1.25 a month for their telephones. It has learned that the company voluntarily reduced its price without asking the commission anything about it. The Glenwood Telephone company has increased its rates for rural phones from \$1 to \$1.50 a month, the commission charges.

Boy Nearly Loses Life

In Attempt to Save Chum

Pierce, Neb., June 15.—(Special).—Johnnie Wurnner, 18, was drowned in the North Folk of the Elkhorn, while he and a companion of about the same age were in swimming. The Wurnner boy, who could not swim, stepped into a deep hole and disappeared. His companion went to rescue him and nearly had him to shore when Wurnner grabbed him by the foot and he lost his hold in trying to save himself.

Wurnner's body was recovered about two hours later. He leaves a widowed mother and several smaller brothers and sisters.

Northwestern Crosses

Two Railway Stations

Lincoln, June 15.—(Special)—The state railway commission today granted the Northwestern railway permission to close its stations at Irwin, Cherry county, and Sawyer, Fillmore county. The Irwin office will be opened again September 1, 1921, when the cattle shipping business picks up. The order for closing the Sawyer station is permanent. Insufficient business to justify the employment of agents at the towns was given as a reason for the action.

Wymore Man's Face Crushed

Between Truck and Beam

Wymore, Neb., June 15.—(Special).—While riding into the rear of the Wymore Bottling works on top of a loaded truck this morning, G. W. Snook was caught between a box and a roof beam. His face was severely crushed. His jaw was broken in three places and his condition is critical. Mr. Snook has lived in Wymore for about 35 years. He is past middle age and has a wife and nine children.

Held Funeral of Former

State Live Stock Chief

Kearney, Neb., June 15.—(Special).—The funeral of W. H. Gunn, veteran live stock raiser and breeder, was held from his residence here Tuesday. Mr. Gunn died Monday after a lengthy illness, which compelled him to resign as president of the Nebraska Live Stock association, over which organization he officiated as chief for many years.

Check Forger Swindles

29 Norfolk Merchants

Norfolk, Neb., June 15.—(Special Telegram).—Twenty-nine merchants were victimized here in one afternoon by a check forger who passed a bogus check in each of 29 stores. The checks were cashed Saturday and the forgery discovered last night.

Bury Kearney Woman

Kearney, Neb., June 15.—(Special).

The body of Mrs. John Nichols arrived here Tuesday and was buried Wednesday from the Methodist church. Mrs. Nichols, who died at Torrington, Wyo., where she and her husband were proving up on a homestead, was the daughter of President George E. Martin of the Kearney Teachers college. She was married about a year ago.

Richest Heiress to Wed

Miss Dellora Angell

Miss Dellora Angell of Lake Forest, Ill., who inherited \$37,000,000 from her aunt, Mrs. John W. Gates, is to wed C. Wilson Campbell, Los Angeles oil promoter, according to reports from Chicago announcing the engagement. Miss Angell met Campbell while at school in California last winter. He is a graduate of Ohio State university and owns oil lands around Tulsa, Okl. The bride-to-be is 18 years old and will receive a quarter of her inheritance when she is 30, another quarter five years later and the remainder when she is 40. The young woman also inherited and received \$100,000 from the estate of Charles W. Gates, her cousin and son of John W. Gates.

Building Under Way in Chicago

More Than 25,000 Men Resume Work; Differences Being Ironed Out.

Chicago, June 15.—All parts of the city resound to the hammers and saw of carpenters and the machine gun tattoo of riveters, as work on many buildings was begun. It is estimated that more than 25,000 men resumed work this morning.

Meanwhile Judge Landis is ironing out the differences between the labor unions and the two associations of building contractors. The work which was begun today, calls for the outlay of \$30,000,000 and will provide employment for many thousands for a long period. Additional millions will be cut loose for buildings held in abeyance for two or more years, pending a settlement of labor troubles.

The heads of the construction

companies insist that wages must come down. This, they say, is the first step in reducing the cost of materials, the exorbitant rentals and other expenses. If the men do not agree to a reduction, in line with the reduced cost of living, there will be no building, except of a temporary nature, rentals will mount still higher and thousands of workmen will be forced to move to smaller cities or to the country.

The contractors will insist that wages should not be more than \$1 an hour for carpenters, brick masons and labor of that class, and 70 cents an hour for common laborers. The unions will try to convince Judge Landis that skilled workmen should receive \$1.25 or more an hour and that common labor should receive \$1 an hour.

Federal Bill Provides for

Death for All Kidnapers

Washington, June 15.—Representative Siegel, republican, New York, announced today he was preparing a bill which would provide a death penalty for persons who kidnap children and transport them from one state to another.

Deadlock Looms Over Methods to Declare War Over

Conferees From Upper Branch Instructed to Insist on Knox Plan and Fight to Last Ditch.

Washington, June 15.—The senate flatly refused today to accept the house substitute for the Knox peace resolution and sent both measures to conference. Instructions were given to the senate managers to insist upon the senate draft of the peace resolution and to oppose substitution of the so-called Porter measure to the last ditch.

All signs point to a prolonged deadlock over the measure. The administration, it is clearly indicated, will refuse to intervene in the controversy. President Harding, it is understood, is desirous that the two houses should work out a solution to their difficulties without executive interference. The administration, according to reports at the capitol, is in no great hurry for final adoption of the resolution and in fact would not be greatly disappointed if it were held up in conference until the European situation clears up more satisfactorily.

The senate conferees are expected to take the position that the constitutionality of the Porter resolution may be gravely questioned and that it may throw the way open for ceaseless litigation. Senators point out that the right of congress to repeal one of its own acts, as the Knox resolution provides, is unquestioned, but that the power of congress to assume the functions of a treaty-making body and declare the war at an end may be open to attack in the courts. They are anxious to close up all loop holes by which the United States might be kept in a purely technical state of war with Germany.

Antles Embarrassed by

Split of Chiropractors

Lincoln, June 15.—(Special).—The secession of part of the Nebraska chiropractors at the convention at Omaha this week will cause no end of embarrassment to H. H. Antles, secretary of the state welfare department, in appointing members of the state board of chiropractic examiners.

J. T. Gallamore of Fairbury, and J. P. Laub of Chapman are said to be standpat favoring the present Nebraska laws governing chiropractors. J. C. Palmer of Omaha is looked upon here as an instigator. Laub's term expires December 1 and the selection of his successor may prove a ticklish affair for Antles to handle with both sides demanding a man favorable to their interests.

Man Fights Bull With Club to Protect His Wife and Child in Car

Alliance, Neb., June 15.—(Special).—Jesse Miller, ranch owner and proprietor of the Alliance hotel, had a narrow escape when attacked by an infuriated bull on his ranch. With his wife and their little daughter he had driven into the pasture in an automobile. The engine of the car went wrong and when Mr. Miller got out to crank it, the bull, which was grazing nearby, made a rush for him.

He fought the animal with the car crank, which the bull knocked out of his hand. He then seized a heavy club and fought the brute away from the car to protect his wife and child. Mrs. Miller and the child escaped through a fence. Mr. Miller then returned to the car and got inside. When the bull charged the car he caught hold of a short chain which was attached to a ring in the bull's nose and managed to subdue him. The bull is a large Holstein, weighing 1,800 pounds, and has given the ranch hands much trouble.

Changes in Burlington

Staff at Alliance, Neb.

Alliance, Neb., June 15.—(Special).—G. L. Griggs, who leaves here after four years' service as superintendent of the Alliance Burlington division to take a larger position in the same capacity at Beardstown, Ill., was presented with a diamond ring set in platinum, by local official and employees from all over the entire division. He will be succeeded by Fred G. Gurley, who is transferred here from the Wymore division.

T. J. Smith, for the last three years special agent for the Burlington on the Alliance division, has been transferred to the Lincoln division. He will be succeeded here by W. S. Short, who has held a similar position on the Sterling (Colo.) division.

Two Alleged Moonshiners

Break Jail But Are Taken

Burwell, Neb., June 15.—(Special).—The men who were held in the county jail for owning and operating stills made a break for freedom Monday night. Two of them, Emmett Holman and Hobart Wallace, cut their way out by drilling around the lock with a brace and bit. The third man, John Owen, went over to the light plant and told the sheriff of the escape. They were trailed all day Tuesday, and were found in a grove on the Gene White place about 15 miles northeast of town.

Farmer Overheated

Aurora, Neb., June 15.—(Special).—John Hanson, a farmer of this vicinity, became overheated while working in an alfalfa field Saturday. His recovery is doubtful.

Plans Made for Investigation of War Contracts

Purpose to Disclose Whether Charges of Irregularity Justified; Not After Little Fellows.

Washington, June 15.—Plans for a comprehensive investigation of large war contracts were announced today by Attorney General Daugherty with the approval of President Harding. The purpose is to disclose to the public whether numerous charges of irregularity relative to war contracts are justified or not. In case the evidence warrants, its proceedings will be begun to recover money improperly obtained by contractors.

Mr. Daugherty is organizing a special bureau to handle the investigation. He said that he is seeking a prominent attorney to head the bureau and made it plain that the inquiry will not be a muckraking

expedition. He expressed confidence that the great majority of firms which did business with the government during the war were entirely fair in their dealings and are entitled to commendation. No announcements relative to information obtained will be made public during the course of the inquiry, Mr. Daugherty said. A report will be issued when the work is completed. He indicated that the investigation will continue for many months and involve the expenditure of considerable money. Experts will be employed to assist the inquiry.

"We are not going after the little fellows," said Mr. Daugherty. "If we catch any minnows in the net we will throw them back and let them start over again. It is recognized that business concerns are entitled to a fair profit, but if any unconscionable profit has been obtained by dark and shady methods such action will not be upheld by the government."

Rain Stops Races

Alliance, Neb., June 15.—Rain stopped the first day's program of the Nebraska State circuit here today after two heats of the 2:15 trot and one heat of the 2:17 pace had been raced. The races called off will be finished in Thursday's program.

Announce Two Changes in

Personnel of Burlington

Wymore, Neb., June 15.—(Special).—F. G. Gurley, who has been assistant superintendent at Wymore, has been made superintendent of the division of the Burlington at Alliance in place of George Griggs, who becomes superintendent at Beardstown, Ill. H. J. Hoagland, who has been doing special work in Chicago, returns to his old position of trainmaster on the Wymore division. These changes became effective Wednesday.

Gets Harding's Photo

Alliance, Neb., June 15.—(Special).—O. A. Wilgus of Crawford, a former schoolmate of President Harding at Ohio Central college at Iberia, O., has received from the president an autographed photograph and a letter from the president's private secretary, George B. Christian, in response to a letter he wrote to Mr. Harding during the recent Scottish Rite reunion in Alliance asking for the president's photograph for the class which was initiated at that time.

The largest sum ever spent in improving one street was \$14,300,000, laid out on the Rue de Rivoli in Paris.

WHITE HOSIERY

For the June Bride and Graduate

The association of the following names with Eldredge-Reynolds means a double guarantee to you:
