

### Public School Students Present Classic Comedy

#### Commerce High Graduates To Give Two Performances of "Midsummer Night's Dream."

The June graduating class of the High School of Commerce will present "A Midsummer Night's Dream," a five-act Shakespearean comedy, at the Central High school auditorium tonight and Friday night. The curtain will be called at 8:15.

Miss Mary I. Wallace, dramatic coach, has been drilling the cast of 40 graduates for the past three months. It is seldom that a group of high school graduates contains enough talent for the presentation of a difficult Shakespearean masterpiece, but Miss Wallace has succeeded admirably, it is said.

Oberon, king of the fairies, played by Lawrence Taylor; Titania, characterized by Gertrude Crum, and Dorothy St. Clair as Puck will take the leading parts in the role of the elves who steal upon Hermia (Edith Kenyon) while she is asleep in the woodland.

The leading characters in the main plot are Frank McCall as Theseus, the duke of Athens; Egeus, father of Hermia, played by Richard Robinson; and Lysander and Demetrius, the lovers, played by Joseph Hruska and Jerry Kutak.

Sam Stern as Philostrate; Harry B. Cohen as Quince; Alfred Hook in the role of Snug; and Edmund Warner as Bottom will be the chief attractions in the minor comedy parts.

A Dance of Spring, a Bewitched Dance, and a Dance of Night by different groups of the girl graduates will intersperse the program. Music will be furnished by the High School of Commerce orchestra.

About \$500 worth of tickets have been sold for the opening night, according to Harry B. Cohen, business manager.

### Harvest Hands This Year Will Find Jobs Scarce and Pay Less

Lincoln, June 15.—(Special.)—Harvest in Nebraska will start in earnest the last of this week or the first of next week, according to information received by Lincoln grain men. Wet weather may cause it to be a little later.

And this year there will be more men than jobs and less wages than in recent years, according to state- ments by employment agents in Lin- coln. A Nebraska harvest hand this summer will receive from \$2.50 to \$3 a day, while a year ago he was getting from \$6 to \$8 a day and two years ago from \$10 to \$14 a day.

From the estimate made today by Lincoln grain men the average yield of Nebraska wheat will be 15 bushels an acre. The rains of the last two weeks are held to be responsible for bringing the wheat up to a better standard than was expected.

### Hayward Abandons Garbage Contract

#### Notifies Council He Will Submit to Forfeiture of \$10,000 Bond.

Harry V. Hayward, who has been carrying out the provisions of a garbage contract entered into be- tween the city and Henry Pollock nearly two years ago, advised the mayor and city commissioners yesterday afternoon that he is unable to carry the contract any longer and will submit to the forfeiture of \$10,000 he gave in the sum of \$10,000 in behalf of Pollock.

The garbage situation was dis- cussed by the city officials at an executive session, at which Mr. Hay- ward stated that he will state his po- sition formally in writing to the city council.

When Mr. Pollock unceremoniously abandoned his garbage contract nearly a year ago, Mr. Hayward filled the breach to save the bond. Mr. Hayward now asserts that he has been losing money and is un- able to break even on the \$45,000 a year which is paid by the city un- der the terms of the contract. Mr. Hayward said he will quit July 1.

The city council is face to face with the alternative of letting an- other contract or going into the gar- bage business. One plan suggested is that the city haul the garbage and dispose of it to hog feeders at an agreed price per ton.

### Says Every Railroad Man Should Read This

Peterson's Ointment Co., Inc., Buffalo, N. Y. Dear Sirs: I was afflicted with what the doctors said were Varicose Ucers, and up until about five weeks ago I have been treating them for about a year and five months.

With all the treatments that were pre- scribed to me by several doctors I received little benefit, and they kept spreading and gave me much distress and caused me to quit my work.

I was induced by a brother brakeman to try Peterson's Ointment, and after I had used two boxes I saw wonderful re- sults. You can tell suffering ones troubled with ugly, painful and horrid ulcers that your Ointment is a cure for them when everything else fails, as I have tried about everything. Thanking you many times over I am, your happy friend, Chas. J. Haysar, Battle Creek, Mich., 42 Glenwood avenue, January 12, 1918.

## Examples of Second Payments

### A New Subscriber Paid \$2.55

We allowed you 12,000 votes for this payment. If you get this same subscriber to pay you \$2.55 more we will allow you 32,000 regular votes (which is the number given for a \$5.10 payment) less the 12,000 which were granted on the first payment, or a total of 20,000 votes on this second payment of \$2.55. The subscriber will then get the paper for six months.

### A New Subscriber Paid \$10.20

We allowed you 76,000 regular votes. If you get this same subscriber to pay you \$10.20 more we will allow you 180,000 regular votes (which is the number allowed for a \$20.40 payment) less the 76,000 which was granted on the first payment of \$10.20, or a total of 104,000 votes on this second payment of \$10.20. The subscriber will then have been given two years' credit on the Daily and Sunday, by carrier.

If the First and Second Payments for any subscription total \$10.20 the two payments are good for 76,000 votes. The Second Payment receives 76,000 votes, less the number of votes granted for the First Payment.

If the First and Second Payments for any subscription total \$20.40 the two payments are good for 180,000 votes. To find the number of votes the Second Payment receives, subtract the number granted on the First Payment from the number the total subscription is given in List of Vote Values.

This is the rule regarding all Second Payments.

You can take a Second Payment from anyone. If some other member got the first payment and you get the second you get the Extra Votes.

#### WRITE "SECOND" PAYMENT

In order to receive credit for the Second Payment votes, it is absolutely necessary the club members mark the remittance sheet "Second Payment," allowing yourself the proper number of votes.
