Society of Fine Arts Enlarges Exhibits

The program for the museum exhibitions of the Omaha Society of Fine Arts for the coming year will be very much enlarged. This is the statement of Mr. Maurice Block, museum director, who has just returned from an extended eastern trip where he attended the annual convention of the American Federation of Art and the Association of Museum Directors which was held in Washington, D. C.

Mr. Block was honored by being elected a member of the Association of Art Museum Directors. He was one of the two new members admitted this year, the other being Russell Plimpton of Minneapolis, who was formerly assistant in the decorative department at the Metropolitan museum, New York. The membership in this organization will bring Mr. Block closely in touch with the big exhibition circuits of the country and Omaha will be favored by exhibitions of international importance during the coming year. The museum directors' association has a membership of about 25 of the prominent directors of art museums in this country.

Mr. Block visited the Maryland institute at Baltimore, A. L. Bement, the new director, formerly of the Harvard university faculty, was interested in the local work and gave Mr. Block many suggestions for his plans for the coming year.

While in New York Mr. Block

was a guest at the National Arts club, where he met Mr. Ben Foster and Mr. Douglas Volk. Mr. Foster has been entertained here at the home of Mr. and Mrs. Ward M. Burgess. Both these men were keenly interested in the progressive art spirit in Omaha, according to Mr. Block, and anxious to see a museum well established in the city. Both of these artists have paintings in the museum in the Omaha public library.

Mr. Block was taken by Mr. A. D. Pell of New York City to the Brooklyn museum to view the collection of continental porcelains, which are his gift to that institution. It is not unlikely that Omaha will be favored by a collection from Mr. Pell when the city has its museum, according to Mr. Block, who is a personal friend of Mr. Pell.

"The museum as an educational institution was the keynote in the program of the American Association of Museums which was held in Cleveland," said Mr. Block. "It was the main subject, where hundreds of the prominent people connected with the museum work throughout the country, were in attendance. Every phase of the work was discussed in a most spirited and progressive way. Many of the suggestions gleaned we hope to develop and use in our work for the coming year."

Mr. Block visited several prominent museums in eastern cities before returning.

Miss Carolyn Plattner, champion woman pocket billiard player, who has defeated many of the best male stars, has started on a two-year tour of South America and Europe.

Affairs to Honor Miss Olga Metz

A number of pre-nuptial affairs to honor Miss Olga Metz, fiancée of Dr. Herbert Davis, are planned. Miss Gertrude Stout will be hostess at a dinner at the Country club Saturday evening in honor of the bride party.

On Wednesday Mrs. Robert Turner of Council Bluffs will give a bridge party. Louis Metz will give a dinner that evening at the Country club.

Mrs. A. D. Dunn will entertain at luncheon at the Omaha club Friday, June 24.

A dinner will be given at the Country club Saturday evening, June 25, by Miss Mary Fuller.

Sunday, June 26, Mr. and Mrs. Robert Edwards will entertain for the bride party.

On Tuesday evening, June 28, Mr. and Mrs. Arthur Metz will give the

bridal dinner at the Country club. Mrs. Robert Garrett entertained at a luncheon Thursday in honor of Miss Metz.

Dr. Davis and his bride will reside at 115 South Fifty-first street following their wedding trip. The home is the gift of Dr. Davis' parents, Dr. and Mrs. B. E. Davis.

Alumnae Club.

Lasell Alumnae club held their last luncheon of the season Thursday at the Council Bluffs Country club. The Omaha members who attended included Mesdames Henry T. Clarke, L. L. Kountze, Eva Wallace, Herbert Cahnett and R. S. Hyde.

Out of 600 girls students at the Boston university, a college of secretarial science, 26 were willing to give up candy, high heels, short skirts and eating between meals and foregoing dances and theater parties for the sake of wearing a chevron on the sleeve of their gym suits.

Ten per cent of the students in the Christian college at Canton, China, are women.

Queer Colors. Browns in various shades are heaped in the fall shoe and hosiery colors. The various shades which will be good are gold, brown and a new shade called hazel, rather light in tone, but with less gold. Sponge, a light tan, and camel, similar to beaver, will also be shown. Mouse is a decided novelty in the shoe line and suggests a cross between tan and gray. That light shades will be with us again is certain, as some of the new colors are three distinct metal grays of light and medium shades, called silver, nickel and steel, and last but not least, the bronze shoe so popular a few seasons ago.

Eliminate Hang Nails. To keep the nails in good condition anoint them at night with plain red vasoline. This will keep the cuticle from becoming rough and hard and eliminate hangnails.

The foremost woman oil operator in Asia is Miss Florence B. Robinson, who in two years has made a fortune dealing in oil leases.

A Better Sandwich

The sandwich plays such an important part in the hot weather menu—it is the piece de resistance at the children's party as well as mother's bridge—at the picnic or the regular summer evening meal.

Women instinctively dread the thought of baking in a sweltering kitchen—why do it, when there is nothing so thoroughly enjoyable in hot weather as a sandwich served with cool milk or ice tea.

For the hostess who desires to make her sandwiches known for their goodness—to make them doubly delicious—may we suggest that she use
