Money Cheaper In Parts of West Than in New York

Negotiation of \$3,000,000 Loan to Build Hotel Shows Funds Plentiful West of Alleghenies.

By HOLLAND. Money seems to be cheaper in some parts of the west than those who seek loans in New York City find the local rates to be New York, in co-operation with bankers throughout the country, is floating millions in securities. There seems to be no difficulty in the marketing of bonds no matter how many millions are called for, if the credit behind the proposition is good and if the terms including a high rate of interest, are satisfactory.

John McBowen seems not to be satisfied with the control and management of a large group of hotels, some of them in the vicinity of the Grand central station, one in London. He undertook a year or two ago to construct what is to be the largest suburban hotel in the United States, possibly the largest in the world. It is to occupy some 70 acres in suburban New York within the vicinity of Long Island sound. Not only is it with a half hour's auto ride of the historic battlefields of White Plains and will also be within easy reach of the headquarters established by Washington at Northshore where the continental army was camped for some months.

Hotel to Cost \$8,000,000. Mr. Bowen, who always deals in large figures, estimated that the construction of this hotel would cost \$8,000,000 and other grounds for recreation would entail an investment of not far from \$5,000,000. Not only is the investment times he already has secured and utilized about \$2,000,000. But there was a corporation authorized an issue of bonds the aggregate of \$10,000,000. The New York bankers were, it is reported, willing to consider a proposition which would have been a very profitable one. But they were not urgent in other parts of the country. A favorable consideration was given to the proposition and at last a banking company of Cleveland, O., has agreed to underwrite the entire issue and upon a 6 percent basis.

Money in West. This transaction will be of only local interest were it not for the fact that it demonstrates the money market in the region between the Mississippi and the Rocky mountains. Money is also plentiful in New York, Boston and in other eastern cities. The money market in New York is so tight that it is reported that the rate of interest from 7 to 8 percent.

It has been thought that a good deal of western money has been coming to New York as an advantage in the money market. It is reported that the money market in New York is so tight that it is reported that the rate of interest from 7 to 8 percent.

Seek to Invest Money. Apparently the money market in the banking institutions in the middlewest, being provided with ample funds, are looking for ways to invest their surplus funds. The money market in New York is so tight that it is reported that the rate of interest from 7 to 8 percent.

Chicago Board of Trade Seats Sell at Advance. Chicago, June 17.—Two memberships in the Chicago Board of Trade were sold for \$7,975 and \$8,400 today, an advance in the larger price of nearly \$1,500 over the previous price for a membership. The advance was attributed to the defeat by the state legislature of the Lantz bill to regulate trading in wheat futures.
