

### U. S. Attorney Is Investigating Finding of Guns

Says Indications Are 500 Machine Guns Were Intended For Use Against Friendly Nation.

New York, June 17.—Assistant United States Attorney Isaac Gross tonight asserted that circumstances surrounding the discovery of nearly 500 machine guns aboard the steamer, Eastside, at Hoboken last Tuesday indicated that they were intended for use against a friendly nation and that therefore their presence was unlawful.

Mr. Gross, by direction of Attorney General Daugherty, today assumed charge of the investigation now being conducted by three federal agencies into ownership of the munitions aboard the steamer. Reports had reached government agents that the arms were intended for delivery in Ireland.

Mr. Gross said a careful investigation would be made of all circumstances connected with the discovery and, if the facts warranted, they would be put before the proper tribunal.

Besides agents of the Department of Justice, investigators of the customs service and shipping board, owners of the Eastside, are working on the case.

Mr. Gross said special agents of the Department of Justice were seeking a chief engineer, who was alleged to have come to the Eastside shortly before the munitions were smuggled aboard, and, after refusing to take the ship out, disappeared.

Mr. Gross hinted that two assistant engineers, who disappeared with the chief, would be questioned when the Eastside reached Norfolk, Va., as they were understood to have sailed with the vessel.

### Sealed Bids Asked On Mayflower Piano

By Universal Service. Washington, June 17.—To avoid the rush, the Navy department has been compelled to require sealed bids on an article that will be sought after by curio hunters all over the country.

The following advertisement appeared in a local paper: "For sale, one piano, from the president's yacht Mayflower. Sealed bids will be opened June 30."

### Holt Will Not Be Given an Answer

Query on Nation's Association Plan May Be Ignored.

Washington, June 17.—(By The Associated Press.)—Hamilton Holt's letter calling on President Harding to disclose his plans for an association of nations to replace the league has failed to draw any reply from the administration and indications are that none will be made, at least for the present.

Mr. Holt headed the pro-league republicans during the campaign. The impression was permitted to go out, however, that if President Harding replies to the letter he will not enter into any detailed discussion and that so far as the administration is concerned the association plan must remain for the present in an indefinite status, as the administration prefers first a definite settlement of peace and a restoration of stable conditions in Europe.

Some persons in the confidence of the administration said today that progress of a preliminary character on plans for the proposed association has been made.

### Garland Refuses Second Million Dollar Legacy

Barefooted, Tanned and Happy Farmer Scorns Wealth Willed to Him By Relatives.

By Universal Service. Buzzards Bay, Mass., June 17.—Charles Garland, who sprang into prominence a few months ago by refusing to accept his \$1,250,000 share of his father's estate, has just refused another million, this time from the estate of an uncle.

Barefooted, tanned and happy, Garland is leading the life of a small farmer here.

"If I accept a fortune," he said, "I am stealing something that doesn't belong to me. And if I give money away I am helping some one receive stolen goods that will do him harm. Money never did any one any good. I could never do any good with money."

"Men become great by following their ideals, not by following the lure of wealth. Money kills idealism. Christ preached this. I am a professed Christian."

Garland said he hoped a third million would not be offered him, but declared that if should be he would refuse just as promptly as he had the other two.

"A society based on money is the wrong kind," he continued. "All the evils of the world spring of private possession—from the desire of one man to have more than another. The real things—the ideals and ideas—cannot be bought and paid for."

"If I have something others need I will give it to them. And if they have something I need, I'll take it, but not on a money basis. If I want to eat I'll plant my foodstuffs and build an engine to reap them. Then I am producing what I need and not robbing anyone."

### Banana Splits and Parfaits Knock 'Gay' Out of 'Gay White Way'

By Universal Service. New York, June 17.—The old order changeth. The white bright lights of Broadway no longer signify "gay white way." Drab days are upon it and the old habits are blue.

You can travel the length of Broadway—from the battery to Yonkers—day or night—and the only way you can wet your whistle is with an ice cream soda or an orangeade.

And who the—who wants to start carousing when there is no way to get jazzed and pepped up, except on parfaits and banana splits?

The great drouth has tamed the old path of glory—Broadway will never be the same again.

### Beatrice Woman Heads Nebraska P. E. O. Chapter

Lexington, Neb., June 17.—(Special.)—Annual election of officers of the Nebraska state chapter P. E. O. resulted as follows: State president, Mrs. Elizabeth C. Robinson, Beatrice; first vice president, Mrs. C. A. Baird, Plattsmouth; second vice president, Miss Lulu Wolford, Lincoln; organizer, Mrs. Nellie Grantham, Lexington; recording secretary, Mrs. Viola Cameron, Omaha; corresponding secretary, Mrs. Maude Henry, North Platte; treasurer, Mrs. Harriette Salter, Pierre.

### Youth Badly Injured When Drugged by Runaway Team

Flandreau, S. D., June 17.—(Special.)—Roland Hove, son of a farmer of this district, was seriously injured when the horses he was driving hitched to a corn cultivator became frightened and ran away. The cultivator was overturned with the young man beneath it. He was dragged for some distance before he was able to release himself.

The horses became frightened when a neighbor fired a gun near where the young man was working.

### Prevention Is Urged By Davis To End Strikes

Labor Secretary Will Submit To Congress Plan by Which He Hopes to Stop Striking.

By Universal Service. Washington, June 17.—Plans which he believes will prevent nine-tenths of the strikes are being prepared by Secretary of Labor Davis.

The tentative scheme calls for an appropriation of \$250,000. He soon will present it to congress. Mr. Davis believes the strike evil can be practically eliminated by timely preventive treatment.

A strike, once started, the secretary reasons, is many times harder to adjust than a strike that is headed off by negotiation in the beginning of the controversy.

"I believe," said Mr. Davis, "that if the government would provide 'key' men, one for each of the 15 major or key industries, strike troubles would cease to a large extent."

"One of these men could be assigned to each major industry. He would have a couple of assistants. Their duties would consist of making a study of the industry from the standpoint both of labor and of the employer."

Mr. Davis scored the system of spying that has grown up in various industries, declaring it was to blame for many strikes. The "key" men, he believes, would be able to wipe out much of the suspicion between employer and employe.

The French government has conferred the medal of French Gratitude on 27 nuns, for their work in the war.

### "Joy Ferry" With Big Supply of Liquors Sails For New York

By Universal Service. Paris, June 17.—"Boat planes" were inaugurated by the French line. Many passengers took advantage of the possibility of remaining in Paris for dinner and then flying to Havre in plenty of time to catch the oil-burning liner Paris.

The Paris, the biggest liner ever built for France, started on her maiden trip for New York. The Paris has been nicknamed the "Joy Ferry" on account of the fact that it carries 17,000 bottles of champagne, 645 cases of red wine, 856 cases of white wine, with barrels of cognac and other spirits.

It will have 2,000 passengers including Gen. Fayelle, who goes on a mission to Canada, and Miss Pearl White, with whom Henri Letellier motored to Havre, giving her a farewell champagne luncheon aboard the liner.

### Cattle "Rustler" Sentenced To Five-Year Prison Term

White River, S. D., June 17.—(Special.)—In circuit court here Miles Leedom, convicted of grand larceny in connection with the "rustling" of cattle and horses in this part of the Rosebud country, was sentenced to a term of five years in the Sioux Falls penitentiary.

Luke Eagle Feather, a Sioux Indian convicted of burglary, was given a term of two years in the penitentiary. Frank Bear Heels, another Sioux, convicted of burglary, was sent to the penitentiary for a year. Richard Kloke, who pleaded guilty to manufacturing liquor, was fined \$300 and given a term of 30 days in the county jail.

### Pension Surgeons Named

Washington, June 17.—(Special Telegram.)—Dr. J. P. Markley and A. E. Lane have been appointed pension surgeons at Laramie, Wyo., and Dr. A. H. Cooper at Lander,

Wyo., all on the recommendation of Congressman Mondell.

### Bandit Robs Cashier of Dempster Branch Office

Beatrice, Neb., June 17.—(Special.)—J. C. Ingram, cashier of the Dempster branch office at Memphis, Tenn., was held up and robbed as he was en route to the factory from the bank with the pay roll. The gunman secured \$46 in cash, but overlooked \$500 hidden under the cushion in the auto, according to information received here by C. R. Dempster. The bandit took the car, which was later found on a side-road with the money undisturbed.

### Doing Research Work

Washington, June 17.—(Special Telegram.)—George B. Noble, assistant professor of political science at the University of Nebraska, accompanied by Mrs. Noble, is in Washington engaged in research work in the library of congress.
