

Nonpartisans Seek to Enjoin Paving Project

Suit Filed in Lincoln to Block Use of State Funds for Fort Crook Road Improvement.

Lincoln, June 24.—(Special).—The nonpartisan league filed suit today in the Lancaster county district court to enjoin George W. Marsh, state auditor, from drawing warrants for the expenditure of \$75,000 state funds for the paving of the Fort Crook road out of Omaha.

The technicality on which this suit is based is that the appropriation is special legislation and is not covered by the title of the act.

C. A. Sorenson, attorney for the league, in a letter to the state auditor, said:

"Thousands of farmers have become bankrupt in the last year, and according to newspaper reports, 33 farmers have committed suicide because of bankruptcy, and yet the political machinery in control of the

legislature spent money belonging to the farmers like drunken sailors." Sorenson further charged that the appropriation for the Fort Crook paving was pushed through the legislature by the Omaha delegation in a high handed manner by threatening to tie up all other appropriations unless the Fort Crook measure was passed.

City Council Will Pass on All Shows

Grand Island, Neb., June 24.—(Special).—Contention over the granting of a permit to the Brundage Carnival company to exhibit in this city next week under a contract giving the Central Labor union a small percentage of receipts ended with the decision of the council to amend the ordinance so that no show can exhibit in this city without the consent of the mayor and a majority of members of the council.

Last year the American Legion undertook such a contract and was dissatisfied with the result. There also was much protest on the part of the public against this form of amusement. A resolution was therefore passed that carnivals should be placed on the discard list, but owing to a misunderstanding and the fact that an ordinance cannot be repealed by a resolution, the present contract

Rain at Beatrice Causes Harvesters to Quit Work

Beatrice, Neb., June 24.—(Special Telegram).—Rain fell in this section of the state a greater part of the day, forcing harvesters to quit work. At least 80 per cent of the winter wheat is in shocks and there will be no damage from the moisture, which will be a great help to corn and potatoes.

Wheat Yields 12 Bushels To Acre Near Beatrice

Beatrice, Neb., June 24.—(Special Telegram).—Jerry Mangus, living northeast of the city, threshed part of his wheat crop, which averaged 12 bushels to the acre and tested 60 pounds to the bushel. Average yields running from 10 to 20 bushels are reported.

15 Houses Being Built

Beatrice, Neb., June 24.—(Special).—There are at least 15 new houses under construction in Beatrice and more will be built this fall. The drop in the price of lumber and labor is said to be the cause for the change in building conditions.

Lincoln-Grand Island Auto Line Started

Grand Island, Neb., June 24.—(Special).—Daily passenger service by automobile has been established between Lincoln and Grand Island on a specific schedule of arrival and departure for all intermediate points. The first trip was on schedule time.

The big 16-passenger car left Grand Island on the return trip at 1:30. It had no difficulty in crossing the Platte over the Hamilton county bridge, notwithstanding the fact that the sudden rise in the river during the night led to water trickling over the road on this side of the bridge. Arthur Runnall, the driver of the car, reported four through and five local passengers for intermediate points on the initial run.

New \$32,000 City Hall at Ord Under Construction

Ord, Neb., June 24.—(Special).—The city council has let the contract for the new city hall. Work of clearing the ground has already begun and construction will be rushed so that occupancy may be had by fall. When completed the new building will serve as official headquarters for the city officials, fire department and

Violence Feared for Man Who Killed Girl

The Sidney (Neb.) sheriff recently removed Charles Nichols from that city, according to a dispatch received here yesterday, because he feared violence by persons in that community after the man had shot and killed Emma Carow on a farm near Dalton, Neb. Nichols, who was a farm hand, wounded himself after killing the girl.

Conditions, however, have quieted down in Sidney now and the prisoner has been held in district court without bail, the dispatch says. Failure of the girl to encourage the attentions of Nichols, who wanted to marry her, is given as the reason for the shooting.

Arms and Hands Burned as Man Repairs Automobile

Ord, Neb., June 24.—(Special).—While repairing the gasoline feed system of an automobile, Anthony Thill was severely burned on his hands and arms. Gasoline leaked out and ran over his hands and was ignited by a short circuit. While running the car out of the garage Thill sustained the serious burns.

100 Will Become U. S. Citizens on July 4

Grand Island, Neb., June 24.—(Special).—Celebration of the Fourth of July here this year will be featured by the welcoming of over 100 new citizens. A parade, at 10 in the morning, of school children, National guard, American Legion and other organizations, is being planned to terminate in an address and the formal presentation of citizenship.

Over 120 invitations have been sent out, about four-fifths of these being to young men and young women who have become of age since last Fourth of July. The exercises are under a general committee organized by the Woman's club and are in harmony with the plans of the General Federation of Women's clubs for such an observation throughout the country.

Beatrice Lodge of Elks Holds Flag Day Exercises

Beatrice, Neb., June 24.—(Special).—The local lodge of Elks held its Flag day exercises in the club rooms, the address being delivered by Harold Mattoon. The program included selections by a double male quartet and ritualistic work of the lodge.

Seven in Family Stricken By Diphtheria; Baby Dies

Broken Bow, Neb., June 24.—(Special).—Mr. and Mrs. Adam Lauer, residing 17 miles southwest of Anselmo, are suffering trials akin to those of Job. The home has been quarantined for diphtheria in its

most malignant form and the seven children have all contracted the disease. The baby has died. The oldest daughter, 14, is not expected to live, and the three boys are in a serious condition.
