A man who earns only \$90 a month has a hard time supporting a wife and five children, the kiddies all under 7 years of age. Especially when his wife is sick and they live in a rented house of but three rooms. This is one of the needy cases administered by The Bee's milk and ice fund.

**Delivered Daily.** Two quarts of milk and 25 cents worth of ice are delivered daily to this family, by "prescription" of the Visiting Nurse association.

The ice fund pays the bill. Will you help the fund?

"May your appeal succeed in bringing much relief to the little ones in need," wrote Mrs. A. V. L., one of today's contributors.

Church and ladies' aid societies, especially in the small towns out in the state, have been among the generous donors.

**Contributions.** The milk and ice fund is nearly to the \$500 mark.

A film-producing center like that at Los Angeles is being constructed outside of Nice, France, by Rene Navarre, Paris film star, who is behind the project.

Margaret Armstrong, who "broke into" pictures as a gown model in Bert Lytell's "Lombardi, Ltd." and later played the lead in Von Stroheim's "Foolish Wives," has been signed by Universal to star. She will be known as Miss Du Pont.

Stage appearances are now popular with film celebrities on the west coast. Among those rehearsing a new play by Victor Mapes for presentation at the Little Theater are Neely Edwards, Russell Simpson, Kathleen Kirkham, Lincoln Stedman and Olga Gray.

### AT THE THEATERS

A MATINEE this afternoon and a performance this evening will conclude the week's run of "Mother Carey's Chickens," at the Broadway theater. For the week following the Princess Players will offer the most "Kummereque" of all these Kummer's clever comedies, "Good Gracious Annabelle." This has never before been played in Omaha and is therefore an opportunity for everyone to see one of the cleverest comedies ever written. It is very smart, with bright lines and an unusual plot.

A quintet of Chinese artists present the stellar act of the Empress show, of which concluding performance will be given tonight. The act, entitled "Kong Kong Mysteries," contains illusions, bewildering and sensational, and oriental dancing. Magnificent but considered scenic settings and wonderful Chinese costumes enhance the beauty of the offerings. Talent to amuse, the power of some a natural tendency to dance and ability to amuse are characteristics of the two blackface comedians, Powell and Adair, who offer an amusing and clever bit of entertainment. Their number is a splendid exposition of the negro character and their eccentric and soft-shoe dancing proves them wonderful exponents of this style of terpsichore.

**Deaths and Funerals**

### City To Contest Eight-Cent Rate

**Reply to Street Railway Petition Drawn Up by Corporation Counsel.**

An 8-cent street fare in Omaha is too much, according to an answer to the request recently filed with the city council by the street railway company asking that the increase be denied, drawn up by Corporation Counsel Lambart.

In its answer the city denies the company is entitled to the increase and that failure of the city to grant the increase will not cause the company to lose its property.

When approved of the request for an increase in fare Friday Mayor Dahlgren said: "I am not in favor of an increase, but I don't see what we can do about it. It looks to me as though that would be up to the railway commission."

Commissioner Dunn declared that "most people would rather pay 10 cents and ride in a bus than 8 cents and ride in a street car."

"The increase is not in line with the 'Onward Omaha' slogan," Commissioner Koutsky said.

**Kiss and Make Up**  
Dolores and Melvin J. Stiles kissed and made up Friday. The kiss resulted in the dismissal of a divorce suit filed by Mrs. Stiles in which she charged her husband with cruelty. "We have agreed to agree," Mrs. Stiles said. "We found that we just couldn't get along without each other. Perhaps I was too hasty." Mrs. Stiles has been making her home at 2826 Decatur street.

### Butler Proposes To Sell City Bonds To Small Buyers

Authority to sell \$950,000 of general city bonds to small buyers will be asked of the city council by Commissioner Dan Butler, when city council convenes today. This was done in 1905 and there is no legal obstacle standing in the way of the procedure now, Commissioner Butler says.

According to Butler, several contractors who have placed low bids on city jobs have expressed a willingness to accept these bonds in payment for their work.

City Attorney Te Poel has given no formal opinion on the matter of a private sale, but says the procedure would be legal.

The public cares nothing about wholesale costs, and you seem to realize that fact, the way you are sacrificing fine clothes," said a man who studies conditions.
