# Announcement

J HEN Mr. Edholm decided last September to close out his store it was intended for a bona fide closing out sale. This it has been. But it has not been

possible to fully accomplish this big undertaking in any way to accord with the established business policy of the firm.

Therefore, it has become necessary to select upstairs rooms at much lower rental, there to continue the selling-out program started last September, till the desired smaller stock remains which may become the nucleus of a jewel shop where jewels can be supplied at prices based on a minimum overhead expense, an exclusive shop

Mr. Edholm wishes to express to Omaha his sincere appreciation of the splendid support given him in his business efforts and hopes the same pleasant relations may be continued in the new undertaking.
