What's What By HELEN DECIE

When writing to a stranger concerning any matter of business which equires an answer, it is proper to inclose stamps for reply, or a stamped, addressed envelope. This should be done when writing to the managers of a summer hotel, cottage or farmhouse inquiring for rates and present or prospective vacancies.

In the first letter it is best to make an explicit statement regardto engage accommodations; and if

ing the number of persons wishing there are children, to state their ages. Also, it is advisable to make definite statement of the time in weeks or months when the proposed summer sojourn is to begin and terminate. This definiteness prevents future misunderstanding, while it often secures a worth-while modification of terms. Women accusto business methods are always definite. To Use Meats Left Over

By LORETTO C. LYNCH.

Time was when the family looked with horror upon the saving of yes-terday's roast. Then we all began to hear of the art of camouflage, Presto! the housewife learned to camouflage yesterday's roast so that the family really believed they were getting a brand new dish. Take rare roast beef. If it has been

served on Sunday, set the remnants aside to serve on Tuesday. Don't make the mistake of giving it to the family cold on Monday. If you have served it with potatoes on Sunday, reneat it cautiously in the top of a double boiler or in a pan set over hot water. This conserves the flavor and prevents the meat from becoming hard. Now make up a nicely sea-soned spaghetti and tomato sauce. Left-over roast beef may be made into a savory stew with onions and potatoes. To camouflage the stew, place it in a baking dish and cover with a tender piecrust. Rub the top over with yolk of egg diluted with milk. This will give a heautiful brown, shiny crust when baked. Bake in individual dishes if you have them.

Lamb and veal left from yester-day's roast have delightful possibilities. Instead of bringing to the table ties. Instead of bringing to the table a semi-grisly-looking plateful of cold sliced lamb, slice the lamb one-fourth inch in thickness. Sprinkle generously with drops of Worcestershire sauce. Cover and let stand a little while. Heat a little fat on the fry pan and saute the lamb until heated through and a delicate brown. Serve with most any vegetable or carrots and peas.

and peas.

Left-over veal should be sliced and freed from any unedible portion. The slices should be one-fourth inch or more. Dip each slice into flour, then into beaten egg and lastly into sifted dry bread crumbs or cracker crumbs. Fry in hot deep fat until a delicate brown. Serve with but-tered boiled noodles. A brown gravy or tomato sauce or white sauce may accompany these impromptu veal

cutlets.
Similar cutlets may be made from roast pork. Indeed, so good are that I once heard a visitor remark to a thrifty housewife that

"these are quite the best pork tender-loins" he had eaten this year.

A suitable accompaniment to these mock pork tenderloins is creamed potatoes generously sprinkled with finely chopped parsley and accompanied in the way of dessert by large green baked apples.
