

### Disarmament Is Discussed By Great Britain

Statement of Japanese Minister of Marine Considered by House of Commons.

By The Associated Press.  
London, June 28.—The question of disarmament, particularly as to an agreement to which Great Britain and the United States might be parties, and the possibility of Japan joining in such a disarmament move, was brought up in the house of commons today by Commander Carlyon Bellaire, unionist member for the Maidstone division of Kent. Commander Bellaire asked Premier Lloyd George "whether his attention has been drawn to the statement of the Japanese minister of marine to the Associated Press of America, that should the powers come to a reliable understanding and agree unanimously to limit their armaments, Japan would limit her armaments to a certain extent and would not necessarily insist on the completion of her program; and whether the government will ascertain if this statement would apply to a navy agreement to which Great Britain and the United States are parties."

Austin Chamberlain, government leader in the house, replying for the prime minister, said:

"I have seen the statement referred to and taken note of its importance, but I cannot add anything at this moment to what was said by me on June 17 and by the premier to the imperial conference."

In an interview with The Associated Press in Tokyo on March 24 last, Vice Admiral Kato, Japanese minister of marine, said:

"If a dependable international agreement comes into being, whereby all naval powers should agree to restrict their naval forces, however, I would be very glad to join to a reasonable extent, if a suitable formula should be found. Therefore, I do not insist upon the completion of our so-called eight-eight program."

The program referred to by the admiral was that providing for a Japanese fleet of eight battleships and eight battle cruisers, not more than eight years old.

The admiral said that whenever an international conference on armament reduction was called he would be only too glad to co-operate with other governments to give effect to the principle.

Questions by another member as to whether the British ambassador at Washington had taken any steps to bring about a disarmament conference, Mr. Chamberlain said it was undesirable to make a statement on this phase while the whole question was under consideration by the imperial conference.

#### Fire Wipes Out Business District of Oatman, Ariz.

Oatman, Ariz., June 28.—Fire Monday swept the business district of Oatman, one of Arizona's leading mining towns, and today only half a dozen buildings are standing among the smoldering ruins of the commercial district.

The damage is estimated at from \$250,000 to \$300,000, with practically no insurance. None of the mines nor mine buildings was damaged.

#### Grand Island Woman Fined For Her Assault on Grocer

Grand Island, Neb., June 28.—(Special.)—Mrs. Vivian Daggert, arrested for assault on Frank Olsen, grocer, in the latter's store room, pleaded guilty and was fined \$50 and costs.

The result was the removal of the woman's name with a police officer and a petition promulgated by Olsen for the removal of the officer in question and two others. The officers make denial of many of the charges and allege that the movement is the outgrowth of "peevish" arrests made for traffic violations.

#### Secretary of War Cuts Expenses Over \$375,000

Washington, June 28.—Secretary of War Weeks is doing his best to carry out the plans of the administration to cut government expenditures.

Through the cancellation of War department rental since March, secretary Weeks has made possible a saving of over \$31,000 a month or over \$375,000 a year.

#### Human Spider Will Climb Hotel in Recruiting Stunt

This evening at 7:30 "Climbing Bill" Strother, the "human spider," will scale the front of the Conant hotel building under the auspices of the Nebraska National Guard as a windup to the recruiting campaign conducted for the past several weeks. Just before the stunt "Bill's" manager, Arthur Hill, will entertain the crowd with vocal selections. A collection will be taken up after the performance, half of which will go into the national guard mess fund.

#### King George Receives Virginia Delegation

London, June 28.—(By The Associated Press.)—King George received in Buckingham palace a delegation of men and women from Virginia who came to present to Great Britain a bronze copy of Houdini's famous marble statue of George Washington, the original of which stands in the rotunda of the state capital of Virginia in Richmond.

### Drops From Parachute

Here's Clyde Dunn of North Platte, parachute leaper. Dunn, who is on the right in the picture, made a 900-foot drop in a new type of Japanese silk parachute Monday afternoon at Ak-Sar. The plane was piloted by G. E. Weaver of Wichita, who is on the left.

### Imperial Conference Addressed on Foreign Affairs by Premier

London, June 28.—(By The Associated Press.)—Lloyd George again today addressed the imperial conference lengthily on foreign affairs. It is the belief that the discussion of the Anglo-Japanese treaty will be opened tomorrow morning by the premier or Lord Curzon, secretary for foreign affairs.

No resolutions were adopted today either on the subject of foreign relations or the agenda and no official communiqué was issued. Precisely nothing will be divulged concerning the speeches on foreign policy and it is likely that the discussion on Anglo-Japanese alliance will be very protracted unless the conference should take up the idea, which has been mooted in some quarters, of finding a temporary solution by renewing the alliance for another year, until it is seen whether it will be possible to bring about a conference on the whole Pacific problem and naval armaments in which Great Britain, the United States, Japan and China would join.

#### Pons-Winnecke Comet Changes Itinerary

Cambridge, Mass., June 28.—Several weeks of intimacy with this solar system have had such an effect on the Pons-Winnecke comet that it has changed its itinerary and departed from its orbit, the Harvard university observatory announced today.

The change in the comet's plans has been caused by planetary influences and as a result the predicted meteoric showers are not likely to fall. Solon I. Bailey, acting director of the observatory, asserted.

#### Monster Fish Caught by Hand as Lakes Evaporate

Norfolk, Neb., June 28.—(Special Telegram.)—Hot, dry weather has evaporated the water from lakes and ponds in this locality so rapidly that monster carp and other fish are being caught by hand. The big-finned fish are chased about the ponds by boys and men who bring in great catches of them.

A 30-pound catfish was stunned by a small boy, who threw a stone at the fish and dragged it to shore. Farmers are finding many carp stranded high and dry as a result of the evaporation of the water.

#### High Freight Rates Catch Public Coming and Going

Lincoln, June 28.—(Special.)—High freight rates catch the public when it ships articles and catch it when it demands that other public utilities reduce their rates.

"Yes, some materials have gone down," Guy H. Pratt, vice president of the Southwestern Bell Telephone company, said yesterday at the hearing of that company for an increase in toll rates. "But the higher freight rates on those materials, make the reduction absolutely nothing."

#### School District to Vote On Matter of Dissolution

Plattsmouth, Neb., June 28.—(Special.)—Consolidated school district C-15, embracing Wabash and vicinity, is to have a special election July 11 to vote on the matter of dissolution. The Murdock district carried such a proposition two weeks ago by a slight margin, but failed to reach the required two-thirds majority required by law.

#### Mill Company to Furnish Part of Current for Town

Fairbury, Neb., June 28.—(Special Telegram.)—The Fairbury Mill & Elevator Co. is building a power house and will furnish a portion of the electric current for Fairbury. With the water power facilities of the mill the city gets a rate cheaper than the actual cost of production by the city.

#### Farm Brings \$315 an Acre

Plattsmouth, Neb., June 28.—(Special.)—Richard DeLoe, Denier, sold his 80-acre farm four miles from Elmwood to Jim Tigner for \$315 an acre, or \$25,200. Improvements were but fair, and this is considered equal to the top-notch prices of a few months ago.

#### Business Should Be Good at Hospitals

Beatrice, Neb., June 28.—(Special.)—According to a ruling made by Judge L. W. Colby of the district court, Sheriff J. C. Emery will divide equally among the hospitals of the city all contraband whisky in his possession, which amounts to about 30 gallons.

### Chicago Girl Sees Mother Kill Father With Butcher Knife

Chicago, June 28.—Mary Balaugh, 13, wide-eyed and speechless with terror, today witnessed a despicable battle between her father, Kalmer, and her mother, Mary, which ended when the mother secured possession of a knife over which they were struggling and stabbed the husband to death.

Neighbors who ran in found the body of Balaugh dead on the kitchen floor, while the wife lay unconscious beside him. As she was carried out by the police there were demands that she be lynched. She is now in prison with a formal charge of murder against her.

According to the daughter, the father, who had been drinking moonshine whisky, was upbraiding his wife for her conduct at a Sunday picnic. She retorted that he would have to quit drinking or she would leave him. During the argument he lunged at her with a butcher knife. Then she wrested it from him and plunged it three times into his left side, just below the heart. She was badly stabbed and cut before she succeeded in killing him.

#### Eiffel Tower Builder Is Host at 'Aerial Tea'

Paris, June 28.—(By The Associated Press.)—Alexandre Gustave Eiffel, who in 1889 built the famous Eiffel tower for the Paris exposition, today gave an "aerial tea" in his apartment in the top of the tower to 50 delegates to the international wireless conference and their wives.

M. Eiffel, who is 89 years old, met his guests at the bottom of the tower and escorted them by elevator above the highest point which the public is permitted to visit to his home that the wind swings perceptibly.

The famous engineer told the wireless delegates that when he built the tower as a thing of beauty and a historical feature of the Paris exposition he never dreamed it would become one of the greatest wireless stations in the world.

#### California Man Flogged by Judge for Beating Wife

Santa Ana, Cal., June 28.—Flogging with a rawhide was the punishment meted out today in open court to Juan Torres, at his own request, when he pleaded guilty to beating his wife. Justice J. B. Cox administered three lashes on Torres' back, raising three large welts.

Clip and mail this advertisement to Black and White, Box 1577, Memphis, Tenn., for free literature of Beauty Bleach and samples of Face and Talcum Powders.

### New Republicans In House Move to Get Some Action

Call Issued for Conference to Discuss Situation—Declare They Have Been 'Side-Tracked.'

Washington, June 28.—Representative Ansoorge, of New York, issued a statement today asserting that the new republican members of the house were dissatisfied with the progress, made by congress at the present special session and disclosing that he and 10 others had joined in a call for a conference tonight of approximately 100 new republican members to discuss the situation.

"We are not meeting in any spirit of revolt," said Mr. Ansoorge, adding that the new members wanted to cut some of the red tape and substitute action for delay.

Mr. Ansoorge said none of the objects for which congress was called into special session had been accomplished.

#### No Promise of Action.

"Nor is there definite promise as to when there will be" he added. "There are upwards of a 100 first-term republicans in the house and they all feel as I do, that we have not been permitted to make our influence felt."

"Congress was called into special session for certain definite purposes, namely, for revision of the cumbersome, unwieldy and inequitable system of taxation, the passage of a fair protective tariff and the passage of a peace resolution. None of these objects have as yet been accomplished."

"Nearly three months have passed since the calling of the special session and we want to see action, spelled with a capital 'A'."

"We believe, with the republican party, that what is best for the country is best for the party and we want to impress that thought on some of the older members. Many of them have been here so long they seem to have forgotten it."

#### No Spirit of Revolt.

"We are not meeting in any spirit of revolt. We have come more recently from the people and our opinion should have some weight."

#### Unequaled Values in Pumps and Oxfords for Wednesday

White Nile Cloth Pumps or Oxfords in all the latest styles with one or two straps. In any styled heel desirable—

**\$6.00**

Our present assemblage of summer footwear was never more complete.

### Walking on Thin Ice

Many men are walking on thin ice these summer days, even as they do in winter. There is nothing substantial under their feet—no financial foundation.

You cannot afford to spend so much of your income that you undermine your financial footing.

Save for your own and your family's safety; a savings account at this bank will help you.

**The Omaha National Bank**  
Farnam at Seventeenth  
Capital and Surplus, \$2,000,000

Congress is all tied up with red tape. We want to cut some of that red tape and substitute action for delay. The seniority rule can go too far. We feel that our districts have as much right to representation as has Uncle Joe Cannon's.

"This is not a new thought. I have talked it over with the new members and they believe that conferences from time to time will serve a good purpose."

Others who signed the call for the conference are Representatives Clarke, New York; Gerner, Pennsylvania; Knight, Ohio; Hogan, New York; Arentz, Nevada; Beck, Wisconsin; Beedy, Maine; Fenn, Connecticut; Funk, Illinois; and Linberger, California.

#### Imperial Valley Farmers Warned of Flood Danger

Cantu, Cal., June 28.—Cotton growers and others occupying about 10,000 acres of the Imperial valley on the Mexican side of the International line were warned tonight to leave because of the danger from flood waters in the Colorado river.

The river is within three-tenths of a foot of its record high mark, made last season, at Rockwood gate, head of the irrigation system of the Imperial valley, according to reports to irrigation engineers tonight.

Two of the levees protecting the valley are water-soaked and likely to let go at any time, while a third already is under water, but little damage is expected to be done on the American side of the boundary line should these give way.

#### Reel Music!

You get reel and real music when you choose these wonderful melodeum makers. For beauty you want the genuine

**QRS MUSIC ROLLS**

They are interpretations by master artists of the foremost classic and popular selections.
