Famous Explorer Will Be Leader in New Voyage of Discovery Covering 30,000 Miles.

London, June 29.—(By The Associated Press.)—Sir Ernest Shackleton, who commanded the British Antarctic expedition in 1907-09which reached within 97 miles of the South Pole-and also the Antarctic expendition in 1914-16,, will be the leader on a new voyage of discovery covering 30,000 miles of unchartered sections of the southern Atlantic and the Pacific Antarctic seas. He will sail from the port of London the end of August in a 200-ton ship, brigantine-rigged, named "The Quest." He will have with him a small picked staff, including six companions of former Polar expedi-tions. The Daily Mail publishes this announcement:

The expedition, which will be called the Shackleton-Rowett Oceanographical and Antarctic expedition, will be financed by John Queller Rowett of agricultural research and Frederick Becker, a well known pa-per manufacturer. "The Quest" will be equipped for every branch of scientific research. A specially con-structed scaplane will be taken and air currents will be charted.

Explore Petrified Forest. The first objective will be the Salvages, a group of Rocky Islands in the Atlantic between the Canary and Madeira islands; thence the ves-sel will proceed for St. Paul's rocks a little known island on the equator; thence to Trinidad, where Shackle-ton landed in 1901 from Captain Scott's ship, "Discovery," and saw the great petrified forest which will

Shackleton will then go to Tristan Da Cunha, in the south Atlantic Government Officials to Disand 4,000 feet high which has been only once visited before. Soundings will be taken of the

ocean plateau about Gough's island in an endeavor to settle the surmises regarding an under water continental connection between Africa and

ploration of antarctic regions where its limits remain unmarked.
Will Seek Lost Island.

proceed eastward.

The next country to attract "The proval today. President Harding is Quest" will be New Zealand and the expected to preside at the meeting. Pacific will be dredged for the lost island of Tuanaki, which has been was all ready to break the news to mentioned in old nautical records all officials that once the budget is and native legends, but has since dis- in, the amount it carries at any given

Its sides are two feet thick and its bows are of solid oak sheathed with steel. Its steaming radius is 9,000 and under sail with a stiff breeze can make eight knots. It carries wireless

Ohio State U. Students Send

These students include a number who reside in distant parts of Ohio. A canvas-covered box is used in sending the soiled linen home and back. Laundry bills are cut considerably through this practise of murder?" asked Senator Shields. tting mothers do their work, these students say.

Soon learning the necessary amount of postage, the boys stamp the boxes and pile them about mail for other manufacturers. boxes in the university district. However, on rainy days when rain soaks the boxes, the weight is/registered at home post offices means

"postage due" for dad. The largest consignments are mailed on Sundays. At one mail box, near High street and Eleventh avenue, the southeast corner of the university campus, it is necessary to use a wagon in removing the large number of laundry boxes which, sometimes, are piled higher than the mail box.

Burglar Plunges to Death

From Three-Story Building Chicago, Jure 28.—Trapped on a roof of a three-story building by a posse of tenants, William Clark, a burglar and paroled convict, undertook to escape by leaping across a 14-foot chasm to an adjoining two-story building. He fell and his mutilated body was picked up from the cement pavement below. His right foot struck the building all right, but his left landed on the gutter pipe which gave way, causing him to lose his balance. The po-lice records show that he was on probation for receiving stolen prop-

Dies at Her Home Former New York Woman, Leader in English Literary and Artistic Circles, Had

Diversified Career. London, June 29.-Lady Randolph Churchill, who was Miss Jennie Jerome of New York, died here today. She recently underwent an opera-tion on her right foot which was in-jured in a fall.

Winston's Mother,

She was married to Lord Randolph Churchill, second son of the seventh luke of Marlborough and one of England's most influential political

leaders of his day, in 1874.

Lady Randolph Churchill's death occurred suddenly from heart failure, ollowing a hemorrhage. Her son, Winston Spencer Churchill, secretary of state for the colonies, wa with her at the end.

The careers of few, if any, other women in English social and political life have been so closely followed by Americans for many years past as that of Lady Randolph Churchill. She was a woman of diversified talents with conceded literary and artistic ability, and from the time of her mar-riage to Lord Randolph Churchill, took a keen interest in political af-

Lady Randolph Churchill was thrice married, her second marriage occurring in 1900 to Lieut. George Cornwallis-West, her junior by many years. They were divorced in 1914, Cornwallis-West at once marrying Mrs. Pat Campbell, the actress. Her third marriage occurred in 1918 to Montague Porch, a British army of-

ficer.

Lady Randolph Churchill was born
67 years ago. She was the daughter
of the late Leonard Jerome of New

Divorce Suit Ends When Woman Admits She Was Not Married

Chicago, June 29.—Miss Doris Hutchinson brought an end to a curious legal tangle when she told Judge Charles M. Foell that she had never married Fred Kettenstroth, whom she had sued for divorce. She asked that the suit be disnissed and the judge complied. Miss Hutchinson is a niece of Gen. Ben Innet of the South African

associated with the Central Bond and Mortgage company.

Under the name of Mrs. Doris Hutchinson Kattenstroth, she sued for divorce shortly after she had sued him for \$50,000, charging him with breach of promise. When the divorce action was filed the damage suit was dismissed.

dispossessing threat and then who should arrive but the postman with a letter saying his painting "Hero-ism" had won the Prix De Rome, He expects to live happy ever afterwards, for in September he goes to Italy with a thre-year fel-lowship in the Academy of Architecture and Sculpture.

Anglo-Japanese Alliance Taken

Balfour Lays Stress Upon Necessity of Observing Requirements of League Of Nations.

By The Associated Press. London, June 29 .- The subject of the Anglo-Japanese alliance was taken up today at the imperial conference, by Lord Curzon, secretary for foreign affairs.

Among those attending were J Austen Chamberlain, government eader in the house of commons; A. J. Balfour, lord president of the council; Lord Curzon, Winston Spencer Churchill, secretary for the colonies; Lord Lee, Sir Laming Worthington-Evans and Frederick E. Guest, representing the admiral-ty, the war office and the air service, respectively. Premier Lloyd

George presided.

Mr. Balfour, representative of the league of nations, laid stress upon necessity of bringing the alliance into line with the league requirements rather than insisting upon any special British interest or emphasizing its imperial aspect. Mr. Balfour is also chairman of the defense com-It is understood that when the

Special Mission Returns to Manila From South Luzon

After Survey Representatives Of U. S. Find Schools Excellent But in Need of American Teachers.

Manila, P. I., Juns 29 .- The Wood-Forbes mission returned to Manila today after a two weeks' visit to southern Luzon and adjacent islands, where more than 100 public meetings were held, at which all classes of citizens were invited to express their views to present complaints. Virtually all speakers advocated independence in some form, but many believed that the United States should establish a protectorate over the islands if independence were

The mission has now covered all the provinces of Luzon and most of those adjacent islands which are accessible. This territory contains more than half the total population of the Philippines. Members of the Up at Conference of the Philippines. Members of the mission express much satisfaction at the progress of education. One member remarked that the public schools are the brightest spots in the Philip-

Both General Wood and W. Cam-eron Forbes praised the work of the schools, but said the most urgent need at present was for more American teachers. General Wood was enthusiastic over the work of the women's clubs in many provinces, but declared that experienced nurses were badly needed to teach the people how to care for infants. General Wood said that "woman suffrage in the United States was bringing excellent results. If it is so there I don't see why it should not be in the Philippines, I believe the en-trance of women into public life would be beneficial to the Philip-

The mission will probably remain in Manila a week before starting on the next leg of its investigation, Gen-eral Wood has been invited to deliver the principal speech at the Fourth of July celebration here.

Pennsylvania Railroad
