Youngster, Touched by Plight of Poor Little Omaha Children, Does Odd Jobs for Money.

Touched by the plight of poor little Omaha kiddies, John Jacob Weber, 11, living at 822 North Thirtieth street, presented himself at The Bee office.

"I want to help the milk and ice fund," he announced. Clutched in his little hand was a \$1 bill.

"I earned it myself," he declared proudly. "I hope it will buy milk and ice for some child who needs it far more than I do."

Lives in Florence. For the little fellow lives in Florence, where there is plenty of fresh air and green grass, and he has devoted parents and a good home, which many less fortunate city kiddies have not.

John's mother said her boy earned the money by doing odd jobs of painting about the house.

"When he asked for money to send to The Bee's fund I told him he must earn it to get the real spirit of giving."

Falls In With Idea. John fell in with the idea at once and his mother and he reached their "business agreement."

### Indians Incorporate Church; May Use Peyote

Lincoln, June 29.—(Special.)—Denied the use of sacramental wine by government regulation, they say, Indians of the Winnebago reservation hint at the use of peyote, an exhilarating concoction used by Indians, in an application filed today in the office of the secretary of state for the incorporation of the Peyote Church of Christ.

In the proposed article of incorporation the following appears: "We believe in the sacrament and the sacramental bread and wine, but inasmuch as the use of the same is forbidden to Indians, we of the people who cannot obtain or use the same have adopted the use of bread as peyote and water as wine."

For several sessions the legislature has attempted to bar the use of peyote by Indians but so far this effort has been futile. Peyote has been used for ages in religious Indian ceremonies.

### Rotary Attendance Prizes Are Awarded

Picnics and Outdoor Sports Substituted for Meetings During Summer.

The members of the Omaha Rotary club declared an armistice at their noonday meeting Wednesday and will not hold any more regular meetings until fall. During the hot weather there are to be outdoor events the dates of which are to be announced from time to time. They will include picnics and sports at the various camps.

The group, comprising the National league in the attendance campaign carried on by the Greatest June Group, won the pennant race with an attendance percentage of 704. The American league was close behind with 701.

The Pirates, in the individual clubs, won with a total of 816, and the Senators took high honors with 814. For a time it looked as though the White Sox would win, but while compiling attendance records officials found that the White Sox, led by Joy Sulphen and Dr. H. A. Wagener, had done some dirty work, which eliminated their club. Prizes were given to all winners. The booby prize given to Dr. Wagener, was a steel tank.
