The marriage of Miss Mercedes Jensen, daughter of Mrs. Ellen Coad Jensen, and Edward Robinson, Jr., of San Antonio, son of Mr. and Mrs. Edward Robinson of Austin, Tex., took place Tuesday evening at 6:30 o'clock in one of the chapels of St. Cecilia's cathedral, Archbishop J. J. Hartz officiating. Only members of the immediate families were present.

The chapel was beautifully decorated with bride's roses, Easter lilies, palms and cathedral candles. Miss Mary Louise Robinson of Austin, sister of the groom, was the bride's only attendant and Walter Bremont of Austin, served as best man.

The bride's gown was of white satin veiled in silk tulle and lace and made with round length skirt and long court train. Her tulle veil fell from a coronet of pearls and lace. She carried a shower bouquet of lilies of the valley. Her only ornament was a circle pin of pearls and diamonds, the gift of the groom.

Miss Robinson wore a quaint gown of pink tulle fashioned over lace skirt caught with tiny pink and blue French flowers. She wore a poke bonnet of pink tulle with pink and blue streamers caught with French flowers, and carried an old-fashioned bouquet of sweethearts and forget-me-nots.

Following the ceremony a dinner was served at the home of the bride's grandmother, Mrs. J. F. Coad, for the bride party and members of the immediate families. After an extended cabinet trip, Mr. Robinson and his bride will be at home in San Antonio.

The bride's traveling suit was of dark blue tricot with small hat of dark blue tulle. Mrs. Robinson gave her attendant a hair ornament and Mr. Robinson presented the best man with a platinum dress shirt set.

### Problems That Perplex

**Answered by BEATRICE FAIRFAX.**  
**A Reply for Brown Eyes.** Dear Miss Fairfax: I have been a steady reader of your column in The Bee and many times have wanted to answer some of the letters that have appeared therein, but until tonight I read the one from "Brown Eyes," and I will say that if she just continues in the way that she writes she will be the lucky one in the end. For myself, I have gone through most of it, been married, have children, am a widower, like the girls, will go out for a good time, don't care for one that is all painted up, have been disappointed in love, am old or young as the case may be, can take care of myself or anyone else if need be and I still think that the girl who does as her conscience dictates will be the one who really gets the man worth while.

I have many times thought that I would like to go the route once more but when I see and hear, especially what I do when I meet one of these fellows, I am utterly convinced that in that line and I must confess that I am distrustful to all the ladies because I have seen the same thing more than once from ladies whom I would not have believed it were possible.

Don't think I am alone in the world as far as ladies are concerned for I have a mother, who is with me, a daughter of 19, three sisters and a sister-in-law, all of whom I worship. I also keep company with several ladies but the times are so, now, that the girls and ladies whom you meet down town on the street will drive an honest man "bug" instead of instilling that home love in him, which a girl like Brown Eyes might do. If she is sincere and sticks to her convictions a while longer I know that some good man will come along some day and "grab her up," so just let her have courage and wait. Everything comes to those who wait.

**JUST A MAN.**

E. E. Evans had 10 guests at dinner. Smaller groups were entertained by John Madden and H. V. Yates.

### Swift & Company, U. S. A.

Some Eskimos were brought down to Edmonton, Alberta, on official business. They had never before been south of the Arctic Circle. They had never seen a street, a town, a window, or a wooden door. A bed, a water tap, and an electric light produced completely new sensations. Street cars were unknown to them; telephones unheard of; trains not to be believed even when beheld.

They had never seen an automobile until someone took them riding in one. They had never set their eyes on an airplane until someone did his most daring stunts in one to thrill them. They had never even seen a movie!

But what do you suppose moved them most in the whole bag of tricks which civilization produced for their amusement and amazement?

What seemed to them the greatest wonder of all? The cold storage plants! The White Man didn't always have to hunt and fish when he wanted to eat!

Here was civilization's greatest gift, its greatest benefaction. This feature of civilization makes it possible for Swift & Company, in the season of over production, to store a supply of food for distribution in the season of scant, or non-production. Thus we are able to maintain for all a constant supply of such choice and necessary foods as Premium Milk-fed Chickens, Brookfield Butter and Brookfield Eggs.
