

Railway Strike Is Not Probable Union Chiefs Say

Hundreds of Workers Gather in Chicago to Pass Upon Wage Reduction, Effective Today.

Chicago, July 1.—Hundreds of railway union leaders from all parts of the country gathered here today in preparation for a series of meetings which will take up the acceptance or rejection of the wage reductions recently ordered by the United States railroad labor board and which are effective tomorrow.

There will be no nation-wide strike unless the men are forced into it, said B. M. Jewell, president of the American Federation of Labor. "Our men will accept any reasonable adjustment, whether ordered by the labor board or proposed by railway managements. They are not going to do anything rash or unreasonable. They have all been studying the situation and whatever decision they come to must be based on an accurate knowledge of conditions."

"There is nothing to be alarmed over in the situation regarding the wage reduction ordered by the labor board," said W. S. Carter, president of the Brotherhood of Locomotive Firemen. "The decision to accept or reject the wage reduction made by the labor board is up to the men and the men alone can make such decision."

L. J. Luhrs, president of the American Train Dispatchers' association, said that his organization had not taken a vote on the wage reduction and had not been asked to.

T. C. Cashen, president of the Switchmen's Union of North America, said that his organization had taken no vote on the wage reduction.

The union leaders probably will be in session for several days. In addition to representatives of the engineers, firemen, conductors and trainmen, there will be those of the switchmen and clerks. The executives in session here, it was said, would represent a total of more than 1,500,000 railway employees.

A general walkout could not be finally declared at the impending conferences. Such an order would have to be approved by a referendum vote of members of many unions, which would require from 10 to 30 days.

Mismanagement of Columbus Wholesale Firm Charged

Columbus, Neb., July 1.—(Special.)—Fred Davis, holding \$10,000 worth of common stock in the Paxson & Davis wholesale firm, has filed suit in district court alleging gross mismanagement of the affairs of the company and praying that a receiver be appointed. Recently A. P. Paxson resigned from the management of the company and was paid for the stock he had bought when the company was formed.

The directors of the company maintain that the suit is brought to compel them to purchase the stock held by Mr. Davis. They say the company is solvent and that Mr. Davis has been threatening such a suit since his removal from the board of directors.

Tripartite Agreement Is Plan Says London Papers

London, July 1.—Reports that the imperial conference is considering a tripartite agreement between the United States, Great Britain and Japan relative to the renewal of the Anglo-Japanese treaty are given prominence by the morning newspapers of today. By such an agreement, it is declared, a virtual triple entente for the Pacific would be established and the operation of the Anglo-Japanese treaty would be confined to the Pacific.

Discussions between representatives of the three nations, as well as those of the British dominions, are foreshadowed.

Omaha Youth Injured in Fall From Train Dies

Columbus, Neb., July 1.—(Special.)—Franklin B. Penry, 13, Omaha, who had both his legs cut off by a Union Pacific freight train, died. Howard Sheets of the Burroughs Adding Machine company of Omaha, volunteered a quantity of blood to save the little boy's life, but his effort was in vain.

The boy said he left Omaha with the intention of beating his way to Cheyenne, and that as the train pulled through Columbus he concluded to get off and stay all night here.

New Chief of Staff Of the Pacific Fleet

Rear Admiral B. F. Hutchinson, who has been assigned to the Pacific fleet to be chief of staff for Admiral E. W. Eberle, the new commander-in-chief of the Pacific fleet.

Freight Car Shortage Predicted by Leonard

Lincoln, July 1.—(Special.)—A serious shortage in freight cars was forecast today by George K. Leonard, assistant secretary of the department of public works. "On January 1 there was a surplus of railroad-owned freight cars of 200,000, and of gondola, hopper and flat cars of about 25,000," Leonard said. "This surplus increased to April 8, at which time there was a surplus of 510,000 box cars and 280,000 miscellaneous cars. From that date, the surplus decreased almost uniformly to June 1, at which time there was a surplus of 395,000 box cars and 175,000 miscellaneous cars. This indicates that if all the idle cars were serviceable the surplus would be exhausted early in August. But a large number are unserviceable and an exhaustion of supply is looked for at an early date and contractors planning on the purchase of materials should get their orders in early."

Nebraska Gets 200,000 Fish From U. S. Hatchery

Lincoln, July 1.—(Special.)—More than 200,000 fish have been distributed recently in Nebraska streams by George G. Koster, state game warden, and W. J. O'Brien, superintendent of the state fish hatchery at Gretna. The fish were obtained from the government hatchery at Spearfish, S. D. This was the first time the state has received fish from the government hatchery.

Gavel From Jerusalem Given Masons at Liberty

Liberty, Neb., July 1.—(Special.)—Many years ago, while R. L. Gumaer, then a resident of this city, was visiting in Jerusalem, he attended a session of Royal Solomon Lodge 293, A. F. & A. M., and was presented with an ancient olive wood gavel for the Master's station. Upon Mr. Gumaer's death recently, at Crystal Beach, Ontario, Canada, the gavel was forwarded to his lodge here.

Dual Purpose Auto Fan Invented by Burchard Man

Pawnee City, Neb., July 1.—(Special.)—J. P. Ullman of Burchard has secured a patent on an auto fan. The fan can also be adjusted so that it will run backwards, throwing the warm air from the engine to the radiator, thus keeping the water warm and the engine cool in cold weather.

Tekamah Man Pounded Guilty Of Assaulting Attorney

Tekamah, Neb., July 1.—(Special.)—James Rankin was found guilty by a district court jury of assaulting John Singhaus last October. Mr. Singhaus was attorney for Mrs. Rankin in a divorce suit and in an argument between the two men he was knocked unconscious.

Will Equip Park Stanton, Neb., July 1.—(Special.)

The Business Men's club has named a committee to arrange a camping ground for auto tourists and equip it with all possible conveniences.

Named on Pension Board Des Moines, July 1.—(Special Telegram.)

Dr. G. G. Douglas has been appointed member of the pension board at Weeping Water, Neb., and Dr. J. W. Beauchamp at Bedford, Ia.

Community Club Play Ord., Neb., July 1.—(Special.)

The Community Service club will stage a play July 7 entitled, "The Dream that Came True." The proceeds will go for the betterment of the community.

Fishermen Are Fined Ord., Neb., July 1.—(Special.)

Harold Parks and Mickle Jensen were arrested by the state game warden and fined \$9.05 for fishing without a license.

New Aurora Pastor Aurora, Neb., July 1.—(Special.)

The Congregational church has obtained Rev. Irvine Ingles as pastor and he will soon take up his new charge.

June Business Activity Classed As Inconclusive

Close of Readjustment Period Not Yet Reached, Federal Reserve Board Review Says.

Washington, July 1.—June business activities in the United States, although showing an acceleration in price declines, were classed as "inconclusive" with respect to probable future developments by the monthly review of the federal reserve board, issued today.

The board concluded that "it is evident the close of the readjustment period has not yet been reached" in some lines of business, notably iron and steel.

In iron, the board said "it is now generally believed further readjustment of wages and prices is likely to occur and that increased activity will certainly not be noted before autumn."

In several branches of domestic trade, the board said, the "month of June is usually a period of relative quiet and temporary reaction," and "such recession as has occurred is evidently only seasonal."

Unemployment continued practically unchanged, the report said, "with slight tendencies to betterment, notably in agriculture."

"Hesitation in purchasing," the board said, "marked all the channels of distribution, with little improvement in exports, but in growth of strength."

"The reserves of the federal reserve banks have been much enlarged," the board said, "while their outstanding liabilities have been reduced. Federal reserve notes outstanding have continued to shrink, and interest rates have become more moderate during the month."

A first folio Shakespeare, dated 1623, has just been sold in London for the sum of \$13,250.

Suit Against Union Follows Outlaw Strike Of Chicago Pressmen

Chicago, July 1.—An alleged unauthorized strike by 200 pressmen in the printing shop of the Cueso-Henberry company, publishers, resulted in the filing of the praecipe of a \$50,000 suit against the Chicago Printing and Pressmen's union, No. 3, and eight officials of the union.

Trouble is said to have started over the printing of the western edition of a weekly magazine at whose main plant there was a pressmen's strike.

Pres. George L. Berry of the International Printing Pressmen Assistants' union, announced today, however, that the local organization had no right to call the strike and that the international organization would assist in manning the company's presses. He added that the Chicago local had lost its charter by its action.

Two Forest Fires Burn 800 Acres of Jack Pine

Duluth, Minn., July 1.—Two forest fires in the Superior National forest have burned over between 600 and 800 acres of white and jack pine timber and are still raging, according to a long distance telephone message received by The Associated Press from Calvin A. Dahlgren, Superior national supervisor, at his headquarters at Ely.

Two crews of 50 men each are fighting the flames. The fires are in the vicinity of Sioux Falls and Meander Lake. No rain has fallen in this territory for several weeks and the woods are unusually dry, Mr. Dahlgren said. The fires were started late Wednesday night by lightning.

Army Orders Washington, July 1.—(Special Telegram.)

Maj. Augustus B. Vanwormer, adjutant general's department, is relieved from duties at New Orleans, La., and will proceed to Fort Crook, Neb.

DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has now been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equalled in the history of the drug trade in America.

Fame Is International. The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

Restored to Health. Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and of terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by the use of Tanlac.

TARZAN

the Terrible By Edgar Rice Burroughs

HERE is the latest Tarzan book—the most amazing and thrilling of them all—a real treat for Tarzan fans.

In the unknown country of Pal-ul-don Tarzan experiences adventures stranger than those of the jungle and battles with primitive men and the creatures of a prehistoric age—the gigantic triceratops, the sabre-tooth tiger and huge slimy reptiles that all the world thought extinct a thousand centuries ago.

Can't you imagine what the author would do with a setting like this?
