

Omaha Becomes Headquarters of Air Mail Service

Division Points Changed to Increase Efficiency—Two Routes Are Discussed—continued

Washington, July 1.—(Special Telegram.)—Beginning July 1 Omaha will become one of the hubs of what the Postoffice department will make the model air mail line of the world. The St. Louis and Minneapolis lines will be discontinued and all efforts centered on the New York to San Francisco route.

While Omaha will no longer be a division point, the division headquarters will be moved there, due to its central location. Superintendent A. R. Dumphy has been ordered transferred to Omaha from Cheyenne.

Under the new system the Omaha division will be from Chicago to Rock Springs, Wyo. No equipment at the Omaha field will be moved and it will still be one of the most important fields on the route.

The new compact system to be introduced to improve the service will consist of three divisions: New York to Chicago, Chicago to Rock Springs, Rock Springs to San Francisco.

William Votaw will continue in Omaha as manager of the air mail station. The discontinuance of the St. Louis and Minneapolis routes means the transfer of Pilots Lee, Garrison and Chandler to the Omaha division. This trio of pilots will assume their new runs on July 5.

Committee Named to Select Secretary of State of C.

S. P. Cresap, Nebraska City, president of the Nebraska State Chamber of Commerce; J. D. Bushnell and J. C. Cornely, Lincoln, have been appointed a committee to select a secretary for the organization to fill the vacancy created by the resignation of H. E. Moss, secretary, whose resignation took effect Thursday.

The committee has several men in view and it is thought that a secretary will be selected from among the out-state secretaries of chambers of commerce.

Mr. Moss came to Omaha a year ago after having been identified for years with the Greater Iowa association and other Iowa commercial organizations. Mr. Moss has not announced any definite plans for the future, but plans to remain in Omaha.

Pawnee County Farmers Find Time for Bargains

Pawnee City, Neb., July 1.—(Special.)—Pawnee City's third Community Sales day was a big success. The farmers are very busy and those who came to town came in a hurry, bought their goods and hurried away. In most cases the women came, but they too did not tarry, and the streets lacked that crowded noisy atmosphere which has characterized previous sales. The total business transacted fell just a little short of the last sales day.

Good Wheat Yields Are Reported Near Aurora

Aurora, Neb., July 1.—(Special.)—Wheat threshing is in full blast in this community. Among the farmers who have finished the following yields were reported: R. P. Fiss, 35 bushels; Will Shertz, 30 bushels; L. M. Stowell, 27 bushels; August Matson, 30 bushels; E. R. Rohrer, 28 bushels. The wheat weighed on an average of 51 to 63 pounds to a bushel. In the Hampton district the wheat has averaged 20 to 25 bushels an acre and weighed from 61 to 62 pounds.

Hamilton County Farmers Begin Cut of Oats Crop

Aurora, Neb., July 1.—(Special.)—Farmers in this vicinity are beginning to harvest their oats and all report a splendid yield and excellent quality of grain. The small grain harvesting came on so early this year that some of the corn did not get the final cultivation. Because of the hot, dry weather of the last few days, the second cutting of alfalfa will be short.

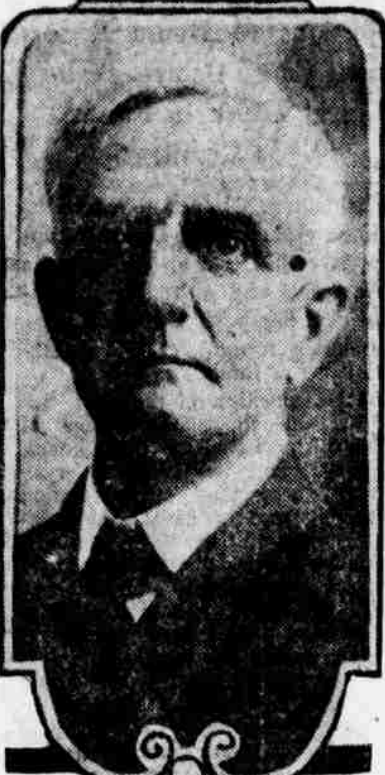

Jesse Cook Is Nabbed

T. S. Allen and G. L. Loomis Retire as U. S. Officials

T. S. Allen.

George L. Loomis.

J. C. Kinsler.

A. B. Allen.

After six years' service, two federal officials relinquished office yesterday. They are Tom S. Allen of Lincoln, United States attorney, who is succeeded by J. C. Kinsler of Omaha, and George L. Loomis of Fremont, collector of internal revenue, whose successor is A. B. Allen of Tecumseh.

Both retiring officials return to the law practice in their respective towns.

The new incumbents were sworn into office yesterday.

Kinsler will have authority to appoint two assistants. He will not do so, however, he stated Thursday, until he has had time to interview a number of applicants. Lincoln and Omaha attorneys contend for the appointments, he said.

In the meantime Frank Peterson and Lloyd Magney, present deputies, will remain in office.

High points of interest during the Allen regime were the celebrated wild horse case in which 30 men were convicted for selling 16,000 head of phantom horses in Arizona; the

clerk in that city. This applies to vehicles owned and housed in Council Bluffs which operate a part of the time in Omaha.

Anti-Smoking Hotel Law

Both the smoker and the proprietor are made liable for any violation.

Autos Run in City on Iowa Fee Must Be Housed There

The practice of Omaha motorists in obtaining Iowa licenses in Council Bluffs and thus avoiding the wheel tax here will be stopped by an agreement just reached by Omaha and Council Bluffs authorities, according to City Clerk Bossie.

The agreement provides that only when motor vehicles are housed in Council Bluffs can a chauffeur's license be obtained from the license

Committee Will Decide Action on Wage Reductions

Five, Representing 16 Railroad Unions, Will Make Final Decision on Acceptance Or Rejection.

Chicago, July 1.—Final decision regarding the action of railway employees on the wage decrease fixed by the railway labor board will be made by a committee of five representing 16 railroad unions, a conference of union chiefs here decided today.

The decision will be rendered after consultation between the committee and various group meetings now in session here.

The committee is composed of B. M. Jewell, president of the railway employees' department of the American Federation of Labor; E. H. Fitzgerald, president of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees; L. E. Shepard, president of the Order of Railway Conductors; E. J. Manion, president of the Order of Railroad Telegraphers; and W. F. Krider, president of the International Brotherhood of Firemen and Oilers.

Ninety-five per cent of the membership of the International Brotherhood of Firemen and Oilers has voted against accepting the wage cut, according to the announcement of Timothy Healy, international president.

Frontier Days Recalled As Sidney Landmark Goes

Sidney, Neb., July 1.—(Special.)—Wrecking of the Chinese laundry here brings back recollections of the early days of Sidney. The building was erected by the celebrated frontier character, Bill Harberson, who opened it as a dance hall, theater, saloon and gambling house. In 1876 Charles Moore, wealthy ranchman, purchased it and leased it to S. and Joseph Oberfelder, who put in a large stock of outfitting merchandise for the Black Hills trade and subleased part of the room to March & Stephenson of Omaha, for an office for the Sidney & Black Hills stage company.

Former Brewery Building At Grand Island Burns

Grand Island, Neb., July 1.—(Special.)—Sparks from a Union Pacific engine set fire to grass and weeds and finally a warehouse of the Grand Island Manufacturing company, formerly the Grand Island brewery. When the fire department was within a block of the fire it was stopped by the passing of a 100-car freight train on the Union Pacific and the fire got a big start. One small building was totally destroyed, and an addition partially burned. Several thousand empty cases and bottles were destroyed. The loss is partially covered by insurance.

Tenants Exceed Owners Of Hamilton County Farms

Aurora, Neb., July 1.—(Special.)—The report of County Assessor F. C. Rundle shows that there are 1,690 farms in Hamilton county. Of these, 922 are being farmed by tenants, while 768 are being farmed by their owners.

"Triple Voiced" Omahan To Stay at Minneapolis

Joseph Kaufman, ex-soldier, given nation-wide publicity for his "triple voice," did not return to Omaha yesterday, with his brother, Jack, 2429 Decatur street, as the family expected.

He has not recovered sufficiently from a recent operation in the Minneapolis Reconstruction hospital to make the trip. Federal vocational officials desire him to remain there, anyway, until he has completed a course in a music school there.

The youth who sings in three voices at one time probably will go on a vaudeville circuit in the fall, his brother stated. The vocational bureau has the matter in hand now.

Kaufman lived in Omaha and was employed at the Thiele-Scharf millinery house before he entered the service.

Commission Issues Permit for Bout

Prosecutor Garven Not to Present Complaint to New Jersey Grand Jury.

Jersey City, N. J., July 1.—Chairman Robert L. Doherty of the New Jersey boxing commission last night issued the permit for the Carpentier-Dempsey contest to the New Jersey Athletic club and George L. (Tex) Rickard.

The issuance of the permit and the statement of Prosecutor Garven that he will not present the complaint of the International Reform bureau to the grand jury unless further evidence of a conspiracy is presented virtually disposes of all legal difficulties in the way of the contest.

Dr. Wilbur F. Crafts of the International Reform bureau, in a long letter to Governor Edwards, made public today, demanded that he prevent the bout. Governor Edwards, before receiving the letter, stated:

"You may say that the fight will go on and will be conducted absolutely within the law."

In his letter Dr. Crafts declared that the governor would find himself in an awkward position if he attended the fight and it turned out to be a crime. Dr. Crafts also wrote Governor Sproul of Pennsylvania who has been invited to the fight as the guest of Governor Edwards, asking him to stay away.

Midland Savings Bank of Lincoln Closed by State

Purpose Is Voluntary Liquidation—Deposits to Be Transferred to Lincoln State Bank.

Lincoln, July 1.—(Special.)—The Midland Savings bank of Lincoln was closed today by J. E. Hart, secretary of the state department of trade and commerce, for the purpose of voluntary liquidation.

Receiver Named.

W. A. Selleck of Lincoln was appointed receiver and arrangements have been made with the Lincoln State bank whereby depositors of the Midland institution can make claims for their deposits, have them audited and verified by the receiver, and transferred to the savings department of the Lincoln State bank.

Hart announced no draft on the state guaranty fund would be necessary as real estate securities and other assets of the Midland bank amount to \$61,314.60 while the liabilities aggregate only \$26,302.98.

Prone to Solvent.

At the time of the failure of the Pioneer State bank in Omaha, the Midland institution was examined at once as the personnel of the officers of both institutions was much the same. At that time, the Midland bank was pronounced solvent.

Since then, Hart says, "the bank's credit has been seriously impaired and withdrawals of deposits were becoming more urgent from day to day."
