

Tram Attorney Admits Expenses Have Decreased

Lawyer for Street Car Company, on Examination Before State Rail Body, Says Coal and Labor Less

Lincoln, July 6.—(Special).—Admission that the price of labor and coal has decreased within the last few months was made today by Victor Wilson, attorney for the Omaha & Council Bluffs Street Railway company, before the state railway commission in the plea of the company for a temporary raise of 1 cent in the street car fare rate. The company seeks to raise the rate to 8 cents, or four tickets for 30 cents, instead of 7 cents, four tickets for 25 cents.

Coal as High as in '20.
In his plea for the temporary increase, Mr. Wilson, on cross-examination by members of the commission, also admitted that while the price of coal had increased from April, 1920, to April, 1921, the same increase could not be shown in a comparative cost statement of coal from October, 1920, to October, 1921. The attorney said, too, that the price of coal late in 1920 was as high as it is now.

More Repairing Work.
The street railway company has made April, 1920, to April, 1921, the "motto" of its alleged decrease in revenue.

One Way Rate Urged for Live Stock by Governor

Lincoln, July 6.—(Special).—Restoration of the one-way rate on exhibition live stock to the state fair was urged today by Governor S. R. McKelvie, in letters to presidents of the Chicago, Burlington & Quincy, Chicago, Rock Island & Pacific, Union Pacific, Missouri Pacific and Chicago & Northwestern railroads. "It seems to me that this practice might well be restored at this time," the governor wrote. "For the breeders of pure-bred stock have been passing through a very trying period and an encouragement that can be given them will be worth while. "Moreover, the general use of pure-bred stock on the farm is sure to greatly augment the returns that the railroads will get from shipment of live stock to market. So, aside from the immediate advantage that will be given to the exhibitor, there must ultimately come a very handsome return to the transportation companies."

Park and Flag Boards Are Appointed by McKelvie

Lincoln, July 6.—(Special).—Governor S. R. McKelvie today announced the appointment of two non-pay commissions, provided by the last legislature. One is a commission to select a state flag for Nebraska as follows: George A. Williams, Fairmont; Dr. G. E. Condra, Lincoln, and Mrs. E. B. Penny, Fullerton. The other is the state park board whose membership, under an act of the last legislature, shall consist of one representative in each congressional district. Members of this commission include the following: Dr. Harold Gifford of Omaha and G. D. Putterfield, Norfolk, six years; Harold Cook, Agate, and W. A. Harrison, York, four years; A. J. Weaver and J. F. Cordeal, McCook, two years.

Wheeler County "Monster" Sought By Detective

Joshua Sewell, box 253, Youngstown, O., is a regular "decatif" he acknowledged in a letter to Sheriff "Mike" Clarke Wednesday. Josh wrote that he read in a local paper that a giant "eight feet high with red hair and feet 14 inches long" was terrorizing women and children in Wheeler county, Nebraska. Josh declares in his letter he has had real detecting experience and cares not how big the giant is, as he will bring him in dead or alive. Sheriff "Mike" has forwarded the man's letter to the sheriff of Wheeler county.

Dominican Sisters Will Operate McCook Hospital

McCook, Neb., July 6.—(Special).—The general hospital of this city will pass under the management of the Dominican sisters early in August. The sisterhood will manage the hospital until the new hospital they will build in McCook during the next year shall be completed. The new hospital is expected to cost about \$75,000 and will be equipped in the latest manner.

Presbyterian Minister at Madison Goes to Superior

Madison, Neb., July 6.—(Special).—Rev. A. H. Eggleston, pastor of the First Presbyterian church for three years has resigned to accept a call to the pastorate of the First Presbyterian church of Superior, Neb. He will preach his farewell sermon Sunday when the congregation will take formal action on his resignation.

Wymore Odd Fellows and Rebekahs Install Officers

Wymore, Neb., July 6.—(Special).—The Odd Fellows and Rebekahs held a joint installation Friday evening at their hall. Following Rebekahs were installed: Alice Wheeler, V. G.; Etta Brown, N. G.; Jennie Schook, F. S.; Fanna Benda, treasurer. Odd Fellows installed were: L. L. McKeever, N. G.; Frank Richey, V. G.

At Last J. A. Stillman Poses Before Camera

James A. Stillman, the central figure in the now famous Stillman divorce case, finally consented to face the camera. He was somewhat glum about it, but stood the ordeal gamely. The photograph was made at Poughkeepsie, where two days of questioning brought from him the stereotyped reply that to answer truthfully would incriminate him.

Deharts Plan to Plead Guilty to Slaying Mize

O'Neill, Neb., July 6.—(Special Telegram).—Rolla Dehart and his wife, Della, in jail here charged with the murder of John Mize of Platte, S. D., whose body was found in the Niobrara river north of here a month ago, will plead guilty before District Judge Robert R. Dickson Friday morning and be sentenced. The Deharts have decided to take the advice given by Dehart's aged father last Saturday, to "be a man and take his medicine." Dehart has recovered from an attack of smallpox and the quarantine period is up Friday morning, when the two will be arraigned. Dehart will plead guilty to second degree murder and will probably receive life, his wife to manslaughter with a sentence of 10 years.

North Platte Is Striving Hard For Normalcy

Building Operations Kept at High Point and 85 Per Cent of Homes Owned By Occupants.

North Platte, July 6.—(Special).—Replying to an inquiry from the Building Age of New York City as to building conditions in North Platte, the Chamber of Commerce has forwarded the following: "This is a town of 10,900, a railroad center, with 85 per cent of the heads of families owning their own homes. This condition of ownership has been largely due to our building and loan association which was organized in 1887 and has present resources of nearly \$1,150,000. Since January 1, 28 residences have been completed, 24 are in course of construction, and probably 25 more will be constructed before the end of the year. These, however, are not sufficient to meet our present needs, and at least 50 more, costing from \$2,500 to \$4,500 each are needed. Our present needs in public buildings are a community building, additions to three of our ward school buildings, and a 60-room hospital, the latter to supplant two small hospitals of 15 rooms each. We have approved plans and have the money with which to erect a \$200,000 court house; last month we voted \$165,000 to extend our water and sewer systems, and today are laying \$50,000 worth of water mains from bonds issued last fall. We are also ready to construct a \$10,000 addition to our fire department building. Last fall we created three additional paving districts, a total of 34 blocks, but are holding up the work with the expectation of securing lower freight rates on brick and cement."

Lincoln Attorneys Seek Federal Plum

Lincoln, July 6.—(Special).—Lincoln lawyer-politicians are trying to land a job as deputy United States district attorney, believing that J. C. Kinsler, new United States district attorney, will maintain a branch office in Lincoln. It is reported here Harry Aye of Omaha has been offered the Lincoln office and has refused it.

Clark Jeary, a member of the Lancaster county delegation in the lower house last session, probably is making the most determined fight for the position and is reported to have the backing of close friends of Kinsler.

Ralph Moseley, who also served in the lower house, is reported to be active in pushing his candidacy. "Dick" Stout, another Lincoln attorney, and five or six more are likewise coquetting with the new United States district attorney for the political favor.

British experiments in increasing crops with electricity have been found to have a beneficial effect on the soil, increasing its productivity for a year or more.

Youth Clad in Barrel Walks Farnam Street

Blaze pedestrians on Farnam street stopped and stared as a youth clad in a barrel marched bravely eastward from Seventeenth to Fourteenth street. On the front of the barrel was a sign which read: "I bet on the Frenchman to win the fight. "He lost and now look at my plight."

Many Stolen Cars Recovered By Omaha Police Auto Squad

Last month 56 automobiles were stolen but the newly created auto theft bureau of the Omaha police department under Lieut. John Pazanowski recovered 69 stolen cars. Ten belonged to out-of-town persons. Only 10 stolen cars are now unaccounted for.

Professor Budlong Puts Tanlac To Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in 30 years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street. "Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. "I had a stubborn case of constipation, was troubled awfully with

blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets. "Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly and now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or a pain and have gained 15 pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal. Tanlac is sold in Omaha by Sherman & McConnell Drug Co.

BEWARE of PAINTED LENSES

When you buy visor lenses to comply with the new state automobile headlight law, keep these facts in mind:
The green in the Macbeth Green Visor Lens is fused into the visor and becomes a permanent part of the lens—cannot fade, cannot chip off and cannot wear off.

Caution!
Be cautious in the purchase of cheaper inferior lenses that are only painted, as this paint is not permanent and will wash off or wear off. Your lenses will then become illegal and you will be subject to the penalty for violating the law against glaring headlights.

Glaring Headlights Are Illegal
For the safety of the public and motor car users, the State of Nebraska has enacted a new law against glaring headlights. Failure to obey the law is penalized by fine ranging as high as \$100. Only those lenses approved by the Secretary of the Department of Public Works will be accepted by the police as lawful.

NOTE:—Macbeth Green Visor and Liberty Lenses are legal in all states.
Equip your car with Macbeth or Liberty lenses today. Do not delay. Get yours while the dealer has them.

MACBETH LENS GREEN GLASS VISOR \$5 per pair

Five horizontal and four vertical prisms center light where it is needed, distribute the rays evenly and prevent glare.

LIBERTY LENS NEVER A GLARE \$3 per pair

Seven horizontal and six vertical prisms, without visor, control the light as required by law, and are always free from glare.

A HEALTH HINT—From the Public Press

WEDNESDAY, JUNE CITY TELLS HOW TO KEEP MILK IN HOT WEATHER

Know how to care for milk in hot weather. The latest bulletin of the health department gives a few "don'ts" for the guidance of housewives who wish to keep their families—especially the baby—well and happy:

- Don't buy milk on window ledge to save time.
- Don't place milk in open, smoky vessels exposed to air and flies.
- Don't use milk from a baby's bottle four hours old and new milk.
- Don't mix old and new milk.
- Don't fall to wash bottles with soap and water.
- Don't forget that good milk is good food.
- The bulletins in the five states which supply the milk is permitted to market it in Chicago through inspection is made of the establishment by the health department.

HARTMAN

The Solution to Proper Care of Milk as Well as All Food Is a **Sanitary Refrigerator**

Buy this Fine Sanitary White Enamel Lined Refrigerator and Safeguard Your Family's Health

\$29.95

IT KEEPS your food away from the window ledge, where it is exposed to germ-producing, health-destroying elements. It furthermore keeps your food at just the right temperature so that the dreaded disease-spreading bacilli cannot affect the members of your family. This refrigerator is economical in ice consumption, and then, besides, its original cost is so very small that with the limited expense of maintenance you cannot well afford to ignore this wonderful buying opportunity. Has liberal ice capacity.

HAS ADJUSTABLE shelves of genuine steel wire, woven on heavy steel wire frame and heavily tinned. The ice rack is made of galvanized steel bars, welded together. Possesses a perfect system of refrigeration. Inside case is of odorless and tasteless lumber, matched and clamped together, well nailed and glued and fastened to hardwood cleats, making it thoroughly air-tight. A syphon drip cup prevents the cold air from escaping through the waste pipe. One of the greatest values we have ever offered for the money.
