OLD KENTUCKY

Home Grown Natural Leaf Tobacco Cream of the Finest Crop Direct to You

Rich, ripe, old fashioned leaf, the choice of Kentucky's finest crop, direct from my farms to you, this famous old Kentucky is no more like manufactured tobacco than day is like night. Free from chemicals and all adulterations that undermine the health and wreck the nerves and tear down the system. Grown right here in Kentucky's finest soil, cut at the proper time, carefully selected, aged and mellowed for chewing or smoking. Like old wine in a celler, its rare, rich fragrance permeates the air. Cured and aged by the same method as used in the earlier days, the method our grandfathers used in preparing their tobacco for their own use, every trace of harshness leaves it; nothing to bite the tongue or parch the mouth; nothing to tire your taste; no fancy packages; no decorations; nothing but quality, and lots of it. Grown right here in the greatest tobacco producing district in the world, you have never tasted a fnier flavored, more satisfying tobacco in your life. I am a grower of tobacco and sell pone but my own grops, therefore giving you the pure stuff and cutting out all middlemen's profit, and giving you the real old natural leaf tobacco right from the farms at less than one-fourth the manufactured price.

old natural leaf tobacco right from the farms at less than one-tourn the manufactured price.

I have on hand ten thousand pounds of my 1817 crop of tobacco that I cannot sell for anything near what it cost me to produce this tobacco, and as I always season and age my tobacco four years before offering it for sale and I have got to take a heavy loss on the 1917 crop, and I have decided to close out this crop at a special offer the like of which has never been offered before and never will be heard of again and take my loss right now and get through with it. Tobacco like all other things has dropped over half in price during the last year. I have carefully picked and classed this crop of tobacco and wrapped it in 20-pound packages, and in order to dispose of it I am going to offer this tobacco 20 pounds for \$5.00. This is 25 cents per pound, or one-fourth the price of manufactured tobacco, and less than half what I have been selling my tobacco for for the last three years. This is the most remarkable offer I have ever made and the last time I ever will make an offer like this, and this tobacco will go like hot cakes on this wonderful cut price offer.

GUARANTEE:

When the tobacco arrives try it Five Days and if it doesn't please you, if it doesn't suit your taste, if it doesn't save you money, back it comes and every red cent of your money will be refunded without question or ouibble. You risk nothing. Send me your order today for 20 pounds of my old Kentucky home-grown and enjoy the tobacco treat of your life. Mellow as moonlight, fragrant as the rose. Every order shipped by insured mail. I pay the postage cast of Colorado. Remember this is a special offer and will never appear in these columns again, so grab it while it is before you. Your money's worth in every package.
