Their calls attracted the attention of Mrs. Samuel Moore, 1125 Third avenue, who had risen from her bed to get a drink for her daughter. She looked out of the window and saw the wagon, with the body of a man dragging from the shafts, his foot caught and his head and one arm on the pavement.

She screamed for help and several men living in neighboring houses ran out to investigate. Edward Gilday, 1120 Third avenue, telephoned the police station and an analysis of the scene ambulance was sent to the scene. Baldin was found bleeding profusely and in an unconscious con-

dition from which he never rallied. The trail of blood was tracked back along Union avenue from Third avenue to a point within a few yards of Fifth avenue. There a swerve in the wagon tracks, footprints by the side of the road and a pool of blood told a mute story of the tragedy.

Bonus Bill Put on Shelf By Senate

Near Battle Between Reed and McCumber Features Debate On President's Request To Delay Action.

Others Join In Scrap

By GRAFTON S. WILCOX. Washington, July 15.-In one of the stormiest sessions witnessed in the senate in years, the soldiers' bonus bill was sidetracked today, indefinitely, according to President

Harding's desire, by a vote of 47 to 29.

This action was followed by scenes of disorder and near violence never paralleled within the memory of the oldest senator. The dignified and august senate was transformed into veritable madhouse, defying the efforts of the presiding officer to

estore order. Threatened fisticuffs, super-heated epithets, a score of senators demanding recognition at once, bewildering parliamentary entanglements and a cloudburst on the roof of the capitol, combined to create the almost unpre-

cedented pandemonium.

The chief belligerents were Sentor McCumber of North Dakota, republicans; Senator Reed, Missouri, democrat, and Senator Robinson, Arkansas, democrat. Only the most polished finesse on the part of peacemaking colleagues prevented Sena-tor McCumber and Senator Reed from engaging in a fistic encounter.

McCumber Starts Fight. The battle began when Senator McCumber, immediately following the vote on the bonus, took the floor to assure the senate that the bill would not remain suspended long. He promised that it would be brought back again from the finance committee within the present ses-

Democrats at once began to heckle the North Dakota senator. Then they tried to choke off his speech, Senator Robinson making a point of order against it on the ground that the bonus bill was no longer before the senate. He charged that Sen-ator McCumber was "using up the senate's time trying to apologize for the vote on the bonus."

A series of hopelessly involved

parliamentary maneuvers ensued. scores of senators shouting at the tops of their voices, demanding Shooting Occurs During Hold- recognition from the chair. To add to the confusion, the worst storm of the season burst upon the capitol at this moment. The roar of torrents of rain on the roof of the senate wing, mingled with incessant crashes of thunder, rendered the debate virtually inaudible.
