

### Blue Eyes, Black Eyes and 'Shiner' Features Trial

#### West Point Woman Awarded \$3,000 for Alienation—Punching Husband in Eye Is Justified.

Lincoln, July 15.—(Special).—Witnessing her husband's love turn to another woman justified the wife to blacken his eye and recover alienation of affection money from the other woman, under an opinion issued today by the Nebraska supreme court.

Mildred Wendt, blue-eyed, was the first wife of John Wendt, handsome garage man of West Point, and Rose Wendt, black-eyed, his second. Mildred charged Rose deceived her husband with her black eyes and bragged she would steal him away. True enough, a year later the husband sued Mildred for divorce, charging cruelty. Rose married him at Council Bluffs. Mildred filed suit for \$3,000 against Rose for alienation of affections and was awarded \$3,000 in Cumming county district court.

Rose claimed that abuse and a black eye administered by Mildred killed his love. Mildred claimed that hatred for her husband falling for the "black-eyed vamp" was the reason for the black eye and that love and not a mean disposition caused her to attack her husband.

And the supreme court decided in favor of Mildred and allowed \$3,000 judgment against Rose.

### Cedar Bluffs to Celebrate Thirty-Fifth Anniversary

Cedar Bluffs, Neb., July 15.—(Special).—Gov. Samuel R. McKelvie will be the speaker at the homecoming and 35th anniversary celebration at Cedar Bluffs on Sunday. One of the biggest celebrations ever attempted will be staged. Many former residents who lived here 35 years ago when the town was organized have already written that they will be "home" and see old friends. Other entertainers featured will be band music by Dan Desjardins' band of Omaha, airplane exhibitions, bowery dance, free street attractions, races of all kinds and a display of fireworks.

### Personal Property in Hamilton County Increases

Aurora, Neb., July 15.—(Special).—County Assessor Frank Rundle has completed his report of the assessed value of personal property for the county and finds the value to be \$11,306,630. This does not include any railroad property within the city. There is an increase over last year's report in the value of personal property of \$1,566,180. This large increase is due to the fact that such public utilities as telegraph and telephone companies, etc., have been placed in the personal tax list.

### Cornerstone Laying at Schuyler on July 22

Schuyler, Neb., July 15.—(Special).—The corner stone of the Colfax county court house will be laid July 22 by Acacia lodge of Masons, assisted by grand lodge officers. There will be music by the Schuyler band, address by the grand master of Nebraska, reading of list of articles to be placed in the corner stone and singing of patriotic songs by 15 young women while the stone is lowered to place.

### State Plans to Fight Injunction Against Smith Bread Bill

Lincoln, July 15.—(Special).—C. L. Dort, assistant attorney general, went to Omaha today to gather data preparatory to fighting the petition for an injunction against the Smith bread bill filed this week in the Lancaster county district court by Omaha bakers, represented by M. A. Hall, Omaha attorney, who was on the job continually during the legislative endeavoring to kill the bill.

That a determined fight will be made to defeat this last stand of the bakers against being obliged to tell the people exactly how much bread they get for their money was indicated by Attorney General Clarence A. Davis.

"I think the petition will be refused," Davis said, "as the constitutionality of similar bills has been upheld by numerous courts."

Representative Ed Smith of Omaha, author of the bill, was in Lincoln yesterday consulting the attorney general relative to the bill and Smith, who is an attorney, offered to give free service in aiding the state in its fight against the injunction petition.

### Burlington to Stop Sunday Branch Trains

Central City, Neb., July 15.—(Special).—A hearing to decide whether the Sunday passenger train service on the Burlington should be discontinued was held in this city before State Railway Commissioner H. G. Taylor. The towns on the Sargent and Burwell branches were well represented at the meeting. Burlington representatives showed that although the proposition had been given a fair trial during the last three months, at no time had the business and passenger travel on Sunday paid for the expense of running the train. It was decided to discontinue the service.

### Nebraska Legion Urges Vote in Senate on Bonus

Fremont, Neb., July 15.—(Special).—The executive committee of the American Legion, Department of Nebraska, in session here, unanimously instructed its commander, Robert G. Simmons, to send the following telegram to Senators Hitchcock and Norris:

"Insist that the adjusted compensation bill be brought to a vote in the senate. While retrenchment is the order of the day, we maintain it should not be entirely at the expense of the ex-service men; inequalities should be adjusted now. We are counting on you to stand with and for us."

### Several Schuyler Houses Damaged by Lightning

Schuyler, Neb., July 15.—(Special).—A heavy electrical and rain storm swept over this section. A. M. Kemp's house was set on fire by lightning, but the flames were soon extinguished. Not much damage was done and no one was hurt, as occupants were out of the city. Frank Vavrick's home was struck and he was badly stunned. Two horses were killed on George Steir's farm. More than three inches of rain fell.

### Wheat Yields 27 Bushels

Wymore, Neb., July 15.—(Special).—Charles Sondregger, who farms a few miles northeast of Wymore, has just finished threshing 40 acres with an average yield of 27 bushels an acre.

### Lower Freight And Grain Rates Are Advocated

#### Nebraska Rail Commission Will Take Part In Hearing At Washington and Chicago.

Lincoln, July 15.—(Special).—Prospects of a reduction of live stock and grain freight rates were held out in a telegram received today by the state railroad commission from the Interstate Commerce commission at Washington. The telegram stated that a hearing on application for reductions of the Kansas, Iowa and Minnesota commissions will be held at Chicago July 20 to discuss a common action in bringing application before the commerce commission.

The Nebraska commission did not join in the original application, but will be represented at the Chicago and Washington conferences, it was announced today.

The telegram also stated that a special examiner of the Interstate Commerce commission recommended that live stock rates in the territory embracing Nebraska be reduced to about the scale in effect before the recent 35 per cent increase was ordered. On this particular commodity the rates are stifling the industry, the examiner reports.

The Interstate Commerce commission, on its own motion, has ordered an investigation of interstate rates in this territory on grain, grain products and hay, with a view toward reduction on these commodities, the message further states.

### Nebraska Equalization Board to Meet Next Week

Lincoln, July 15.—(Special).—The extent of revenue to be derived from \$50,000,000 worth of Omaha property this year depends upon the state board of equalization next week. At that time the state board must decide whether the new law placing church and semi-charitable institutional property on the tax list shall become effective this year or next year.

"To me it seems that if the law is any good at all it is as good this year as next year," W. H. Osborne, state tax commissioner, said today.

### Grand Island Boy Badly Burned; Clothes Catch Fire

Grand Island, Neb., July 15.—(Special).—Lawrence Guilzow, 15, was seriously burned about the hands and chest. The boy was in the cellar at his home and suddenly emerged with his clothing aflame. He stated to his mother that he had struck a match and that, immediately, his shirt was afire. He rushed to the garden, rolling in the dirt. His sister, Doris, assisted in putting out the flames, quite badly burning her own hands. He is the son of William Guilzow, a member of the city fire department.

### Light Yield of Wheat Is Reported at Pawnee City

Pawnee City, Neb., July 15.—(Special).—Threshing is progressing rapidly. The yield is light, but the quality is good. Wheat fields which yield 25 to 30 bushels are scarce, the average being about 12 bushels to the acre. The corn crop never looked better, a bumper crop being practically assured.

### Midwest Bakers Join In Fight Against Smith Bread Bill

Crete, Neb., July 15.—(Special).—The Midwest Bakers' association in convention here by a vote of 17 to 9, decided to join in the injunction fight against the pound loaf bread law passed by the last legislature. The bakers contended that it was impossible for them to carry out the provisions of the law.

The bakers were entertained by A. L. Johnson and E. L. Stancliff of the mill before the business session. Jay Burns of Omaha, who was to have been the principal speaker, was unable to attend due to muddy roads.

### Glenwood Auto Thief Is Sentenced to Penitentiary

Glenwood, Ia., July 15.—(Special).—John C. Bosman pleaded guilty to the theft of an automobile belonging to Senator H. A. Darling and was sentenced to 10 years in the penitentiary. The car was found in his garage which had been boarded up and covered with tarpaulins to conceal its contents.

### GEORGE H. BAUST ENDS SEARCH OF TWENTY YEARS

#### Omaha Man at Last Finds the Very Medicine He Had Long Needed.

"For twenty years I hunted high and low for a medicine that would do my stomach some good, but never found it until I got hold of Tanlac," said George H. Baust, 1115 Drexel St., South Side, Omaha. "My stomach was badly out of shape, my food would not digest properly and no matter how carefully I was about what I ate I suffered agonies afterwards for hours. I was bilious most of the time and finally rheumatism got in my left shoulder and also in the back of my neck, and hurt me so I could hardly stand it."

"Of course I could hardly expect four bottles of any medicine to entirely relieve a trouble of twenty years' standing, but my improvement is simply wonderful. My digestion is almost perfect now and my neck and shoulder are almost entirely free from rheumatism. In fact, Tanlac has benefited me in every way and I feel just like a new man. My wife, seeing how much good this medicine did me, tried it, and now she is as enthusiastic as I am. We certainly are believers in Tanlac at our house."

Tanlac is sold in Omaha by the Sherman & McConnell Drug Co.

### ECZEMA!

### Skin Troubles Soothed With Cuticura

Soap, Ointment, Talcum, etc. everywhere. Samples free of Cuticura Laboratories, Dept. 5, Malden, Mass.

### Nelson Thrilled by Daring Stunts in Air

Nelson, Neb., July 15.—(Special Telegram).—Fine weather brought an increased crowd to the second day of the aviation tournament. The program was long and interesting and passed off without accidents. One thrill after another held the closest attention of the immense crowd.

The Duncan brothers of North Island did splendid work in wing-walking and acrobatics. Daredevil Smith of Grand Island, Bruce Weaver of Wichita, Kan., and Pat McCarthy of Vancouver each gave a number of exhibitions of most daring stunts.

The outstanding feature of the afternoon was the parachute jump by Lieut. Wilford Bottenfield of Nelson. The ship from which he leaped

was piloted by Curtis Friday of Holdrege. He landed within the circle used on the field for the spot-landing contest.

#### Schuyler Chautauqua

Schuyler, Neb., July 15.—(Special).—The Schuyler chautauqua will open July 17.
