

Advocates Raise In Federal Land Bank Loan Limit

Attorney Corey Called as Witness Before Senate Committee—Believes Kenyon Bill Will Pass.

Merton L. Corey, general attorney for the Federal Land bank of Omaha, returned yesterday morning from Washington, where he had been called as a witness before the senate banking and currency committee Monday to testify as to Senator Kenyon's bill providing for the increase of the loan limit of the federal land banks from \$10,000 to \$25,000.

In discussing the hearing, Mr. Corey said: "The federal farm loan board, and I think a majority of the members of congress believe that the federal farm loan act should be enlarged to benefit all actual farmers to enjoy its benefits. Land values are such in the Omaha district that we are prevented from serving many of the most deserving farmers and ranchmen because the limit of \$10,000 is inadequate for the average farms and ranches in this territory."

"The senate committee on banking and currency fully appreciates the necessity for the increase and I am convinced that this amendment will in time be passed. However, the objection was strongly urged that as the system does not now have sufficient funds to take care of all applications for loans under \$10,000, it would only add to the embarrassment of administration to enlarge the classes who are eligible to borrow by increasing the limit to \$25,000."

"The federal land bank of Omaha takes the position that every actual farmer should be permitted to forego this co-operative farm loan system and that so long as there is a shortage of funds the banks will necessarily have to discriminate among the applicants, seeking to loan the money where it will accomplish the most good. We believe that in this district particularly the classes which are hardest pressed are the men owning reasonable sized farms and ranches, who enjoyed extensive credit facilities before and whose paper is now in the local banks in the form of frozen credits."

"We sincerely hope that congress will promptly pass this amendment to enable us to bring early relief to some of our most needy ranchmen and farmers."

"Should this amendment fail at his present special session of congress, I am confident that it will be readily passed in the regular session beginning in December, because we anticipate that the market for the bonds will be sufficiently active to provide funds for the making of loans to all qualified borrowers up to the proposed new loan limit of \$25,000."

Brides Held on Ship By Immigration Law

New York, July 20.—These two American born brides of well known foreign business men were among the saloon passengers detained aboard the liner La Savoie when she arrived here, under the provisions of the immigration law. Orders came from Washington to release many of the first cabin passengers, but several spent a second night aboard the liner. Mrs. Mutschle, who is the wife of a Cleveland photographer, was finally released, but Mrs. Tenacu, whose husband is the vice president of the Cartier jewelry firm, was held.

Registration Law Not Emergency Measure

Lincoln, July 20.—(Special.)—Investigation at the secretary of state's office today revealed that the statewide registration bill passed the lower house by a vote of 54 to 37, which is not sufficient to make an emergency clause legal. Through an error, which it was admitted had been made, the bill went to the governor and was signed with the emergency clause attached. The bill went through the senate originally with the emergency clause bill but this was stricken out in the house and the action of the lower house was approved by the senate later. Unless something unforeseen happens, operation of this law will be held up until the people have an opportunity to express themselves on it at the next election.

BIG ULCER ALL HEALED

"Now I Can Walk," Says Mrs. Southcott of Medina.

"Here is another letter that makes me happy," says Peterson of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a high-headed, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 60 cents a large box."

Read this letter, written February 14, 1918, by Mrs. Albert Southcott of Medina, N. Y. It seems like a miracle, but it is true, every word of it.

I know it because I get similar letters almost every day from people who have used my ointment for old sores, eczema and piles.

Is it any wonder I am happy? Peterson Ointment Co., Inc., Buffalo, N. Y.

"I was an untold sufferer from an old running sore and ulcer. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars worth of the salve I am cured. The ulcer was 9 inches by 4 1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's again.

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. Sherman & McConnell Drug Co. will supply you.
