

### Dry Chief Finds Soldier Escorts Drunk at Station

Two Men, Detailed to Accompany Bodies of Overseas Dead, Ordered to Report Selves Under Arrest.

Two soldiers of the escort accompanying the bodies of 111 soldiers who died in France were arrested at Union station Friday for being drunk, it became known yesterday. The soldiers came from Des Moines. Their intoxication while on their solemn duty was first noticed by U. S. Rohrer, prohibition director in this district, who was at the station to pay his respects to the body of Capt. Arthur E. Allyn of Hastings, whom he knew well. An officer ordered the two soldiers to report themselves under arrest as soon as they arrived again in Des Moines. "It was a most disgraceful sight," declared Mr. Rohrer yesterday. "To think of soldiers having so little respect for a solemn duty as to become intoxicated while escorting the bodies of comrades is almost unbelievable."

### Prominent Army Men Join Ft. Crook

Col. J. L. Gilbreth and Maj. Irving M. Madison Assigned To Duty at Omaha Post.

Officers' quarters at Fort Crook boast two new arrivals prominent in army circles throughout the country. They are Col. J. L. Gilbreth, who has assumed the duties of officer in charge of the national guard affairs, and Maj. Irving M. Madison, infantry. Colonel Gilbreth's service in the United States army dates from July, 1898, when he joined the 14th infantry as a second lieutenant. He went to the Philippines that year and participated in the attack on the city of Manila in February, 1899. He went to China with the regiment and took part in the attack on Peking and the imperial city where he was recommended for brevet captain by General Chaffee. Since then Colonel Gilbreth has served several tours of duty as inspector general to the national guard. He also served in France during the world war. Major Madison's service in the army dates from June, 1899, when he entered West Point Military academy. He served overseas during the world war as a lieutenant colonel in the signal corps and was divisional signal officer of the 79th and 81st divisions.

### High Court Recognizes Frank Gould Divorce Granted in France

New York, July 30.—The New York supreme court Friday recognized a divorce obtained in a French court by Frank Jay Gould, wealthy sportsman. Justice Mullan dismissed a divorce action brought by Mrs. Edith Kelly Gould declaring she had defended her husband's suit in France and had paid her full day in court. "What reason is there," Justice Mullan asked, "that our courts charged with the guardianship of the state's sovereignty should deny extra territorial competency to a decree obtained in such circumstances?" The court declared that the ease and speed of travel in an age when long absences from home were customary, made "it even more important than it formerly was, that the comity doctrine be applied with as little technicality and as much common sense as the particular case will permit."

### Aerial Fire Patrol On Coast Suspended

San Francisco, July 30.—Shortage of funds for purchase of gasoline has forced suspension of the army aerial fire patrols in Oregon and California, it was announced today. Maj. H. H. Arnold, chief of the army air service here, said he did not know how soon the situation would be relieved. According to Shirley Buck, assistant district forester at Portland, this is a bad stage of the fire season for the suspension, as underbrush and fallen trees are over, airplanes have been "spotting" two or three fires a day in Oregon recently and reporting them by wireless to forest rangers, who extinguished them.

### Woman Hurt When Two Autos Collide

J. W. Daniels, 4118 North Seventeenth street, was driving across Thirtieth street with his wife and Miss Mae Whitkovoy when two racing cars dashed along Thirtieth street, according to police reports. One of them avoided the Daniels car but the second, driven by O. V. Acton, 2315 Hamilton street, struck it, turning it over, wrecking it and seriously injuring Miss Whitkovoy. She was taken to St. Joseph hospital where it was found she had a dislocated left arm and possible internal injuries.

### 2 Skeletons Found in Town, But There'll Be No Inquest

London, July 30.—Two skeletons have been unearthed at Leleham-on-Thames, during excavations for a building. There was considerable excitement when the news was announced, but on examination it was decided that they had been buried there between 200 and 300 years ago. It has been officially announced that it is unlikely there will be an inquest.

### Got Troubles? Take 'Em To Public Welfare Board

Municipal Bureau Engaged Daily in Pouring Oil on Troubled Domestic Waters, Giving Financial Advice, and Settling Neighborhood Disputes.

If you are worried or are in doubt over business affairs or domestic relations, or if you are beset by any of the tribulations that are visited upon the children of men, go to the Board of Public Welfare offices in the city hall for help. Wallace H. Wilson, the new superintendent, wants the people of Omaha to know that his office extends a helping hand to all who are in trouble or are oppressed. "We don't pretend to be cure-alls, nor do we claim that we have found a new panacea for the ills and evils of mankind," said Mr. Wilson, "but we believe our office can be of valuable service to many who need kindly aid and aid."

**Gets General Cases.** Mr. Wilson has assigned Mrs. Ida Levin of the department to attend to all cases of a general nature, the scope of these cases being almost without limit. A woman called at the welfare board offices this week, crying, and she made it known that a young woman has been telephoning to her husband. "She works in the same building with my husband and she calls him up to take her home," sobbed the aggrieved wife. "I would laugh instead of cry," replied Mrs. Levin, "because I had such an attractive husband that some other woman would want to get him. And I would be so clever that no other woman could get him."

"Do you really mean that?" asked the wife, her face brightening. Mrs. Levin explained that some "good neighbor" informed the wife about the young woman and the husband. A widow with \$1,500 and a 5-year-old son called with the information that she did not know what would

### Motorist Hurt By Blow From Phantom Hand

Companions Turn to Find Man in Back Seat Unconscious and Covered With Blood.

A peculiar and mysterious accident of early last Thursday morning is being investigated by police. It was reported to police yesterday morning from Swedish Mission hospital, where John Mogensen, a dairyman, Seventeenth street and Woolworth avenue, lies in a serious condition from a fractured skull.

Free Legal Aid. Free legal aid is administered in many cases and sometimes wages are collected. Estranged husbands and wives are brought together and sometimes reconciliations are obtained. "I am as mad as a hornet," exclaimed a woman yesterday when she entered the office and dropped into a chair. Asked to explain, she stated that as she was about to cross an intersection a motorist honked his horn with vehemence and caused her to run across the intersection, whereupon the motorist laughed in ghastly glee.

Had His Number. "I want you to go over to the court house with me and help me get that man's name so I can prosecute him. I have his number," the woman asserted. Mrs. Levin smoothed the ruffled feathers and advised against a prosecution.

### Refrigerators Used As Safes in Hungary

Budapest, July 30.—Hungary's financial situation was being further complicated by the intense heat of the last few days, which has caused the ink to run on the paper money, making mere smudges of the badly printed bills. Capitalists are using refrigerators as safes. Thermometers today registered 103 degrees in the shade.

### Missing Girl Found Asleep Inside the Muzzle of Fort's Gun

Port Townsend, Wash., July 30.—Louise O'Brien, 14, missing from her home all night, was found at day-break asleep inside the muzzle of a 14-inch gun of the shore batteries at Fort Worden. Other guns at the fort were fired just before the girl was discovered. According to the military authorities, she had gone for a horseback ride the previous afternoon. Far from home, while she dismounted, the horse ran away and she, losing her way in the darkness, took refuge in the long, black object that suddenly loomed in her path. Officers at the fort said it was only by chance that this gun was not fired.

### Beno Funeral To Be Sunday

Son of Pioneer Bluffs Man, Who Died Friday, to Be Buried in Fairview.

The funeral of John Beno, 50, eldest son of John Beno, pioneer Council Bluffs merchant, will be held at 2:30 today at Cutler's funeral home. Rev. Alfred E. Van Orden, pastor of the First Presbyterian church, will officiate and burial will be in Fairview cemetery. Mr. Beno died suddenly Friday afternoon. He was making a purchase in the Fricke drug store when he sank to the floor and was dead in a moment. He was born in Council Bluffs and lived there most of his life. During the last 10 years he spent much time at the Beno ranch near North Platte. His wife died several years ago. He is survived by two brothers, Don and Grover; two sisters, Mrs. Elizabeth Hodge, now in London, England, and Miss Catherine Beno. His cousin, Charles A. Beno, is now head of the Beno store.

### Council Puts O. K. On 36-Mill Levy

Legal Maximum for General Fund to Raise Approximately \$2,340,000.

The city council yesterday formally approved a general fund levy of 36 mills for 1922, the maximum allowed by law and the same that was levied for this year. Instead of expressing the levy as applicable to one-fifth of the valuation, it is now expressed as follows and will be applicable to the full valuation: General fund, 7.2 mills; sinking, 1.2 mills; bond redemption, 8 mills; hydrant rental, .55 mills; which makes a total of 9.75 mills for the city next year. The general fund levy will yield approximately \$2,340,000, slightly in excess of this fund for 1921, on account of the increase in valuation. Commissioner Butler of the department of accounts and finance explained to the council that there will be an overlap of \$50,000 this year in the police and fire department funds, and the police and fire salary increases allowed by the legislature will entail an additional expense of \$75,000 in 1922. Estimates of the needs of the various city departments for 1922 show a total of \$2,813,085, as against a budget of \$2,290,000 allowed for 1921.

### Ship Engineer Lost; Believe Thrown Over

Milwaukee, July 30.—News that Frank McCauley, 35, chief engineer of the steamer Patrick Henry of the Diamond Steamship company, had been lost overboard from his vessel was received by wireless last night by his father, Captain McCauley. McCauley is believed to have been overboarded by four of his subordinates, whom he had had put in chains recently. Recent letters received by the victim's fiancée, Miss Rose Hansen of Brooklyn, N. Y., to whom he was to have been married on his return to the states, said he was having trouble with four members of the crew and declared he feared they would kill him at the first opportunity. The letter was written a short time before the Patrick Henry sailed from Hamburg.

### Union Pacific Headquarters Employees to Stage Picnic

Clerks and officials of the general passenger department at Union Pacific headquarters will forget about rates and tariffs next Sunday, August 7, when they will hold their annual picnic at Valley. Plans for the picnic have been completed by Claude Stockham, John Pollock and R. H. Kastner.

### The August Sale of Furs

The Smartest Furs in Years at One-Half Last Year's Prices 10% to 33 1-3% Higher Sept. 1st

Taupe Marmot with Raccoon \$9750

Hudson Seal with Skunk \$29500

THE August Fur Sale is a bigger and more important event than ever before. Never have such smart modes been created—never have such striking values been offered—never has it been so obvious that it pays to buy furs in August!

Where August Fur Sales in the past have developed ONE feature model, this year's sale features no less than FIVE! There is a model for every fancy—a coat for every purse.

The styles! More beautiful, more diversified, more original than ever! New combinations of fur, new lines—new ideas!

The fur and the tailoring! Superior, indeed, to the pelts and the workmanship that prevailed when war conditions were obstacles to perfection.

But most important—the PRICES! Lower than you had hoped for, lower than we ourselves had anticipated—lower than they have been and lower than they will be, because of a stabilized market. Just consider that our prices are now one-half what they were a year ago—that our present prices will be advanced 10 to 33 1/3 per cent on September 1st, and we need hardly say—

### Buy Your Furs in August and Save!

Near Seal Wrap \$19250
