Commerce commission's ruling on distribution of grain cars which the Range of prices of the leading stocks urnished by Logan & Bryan, Peters railroads in Nebraska claim authorizes them to furnish cars in accordance with the amount of grain on

a rival elevator had 10,000 bushels of wheat, in larger capacity bins, and to ship his grain the railroad followed its interpretation of the rule and furnished two cars to the rival coby because when he did get to ship his grain to market the prices had 120 fallen.

Friday's ance with the amount of grain on the Close. hand in each elevator. Jacoby claims that he has an ele-transfer and the second bushels of wheat, which was ready for shipment, while the second bushels of wheat, the second bushels of the second bushels

that while he was ready and waiting elevator to one for Jacoby, resulting, it is alleged, in a \$2,400 loss to Ja-coby because when he did get to ship

Old Soldiers Ready

For Superior Reunion

Superior, Neb., July 30.-(Special.) -The Superior Order of Shifters has completed an organization to

take care of the immense crowd ex-

pected here for the pageant and Grand Army reunion in August. The old soldiers insist they want only

to lounge around the big chautauqua

tent that is being provided for them,

The make a year or two ago.
 One Stagnant industry.
 Mr. Elliott discovered that the lumber industry in the northwest is just now year of the northwest is just now year of the northwest is just now year of the northwest is in this industry.
 Y. Yet it is a most important industry. Choice na marketed prevails in this industry for the conditions are perfected. Mr. Elliott is confident that as soon as the crops are marketed and when the wase reals in the building trades is properly mothwest will be revived.
 Not a little criticizem of and consider they spoke of their belief that this law treaters an unjust basis in a growing region like the Pacific northwest. It is stock, steady they spoke of their belief that this law treaters an unjust basis in a growing region where strong men are needed, men who can work efficiently for more than this haw and the so-called "full crew law are having a harmful effect up the cont of cultivating and harvening the soon as the boars at any the so-called "full crew law are having a harmful effect up the cont of cultivating and harvening the soon as the so-called "full crew law are having a harmful effect up the cont of cultivating and harvening the soon as the so-called "full crew law are having a harmful effect up the cont of cultivating and harvening the soon as the soon as

Tarmers Can Pay Debts. If the arricultural output of the north-test, which in the argregate is to be armous possibly record-breaking, ca. a marketed promptly, although at priors blich appear to be low in comparison into these quoted one or two years ago, ben a very large amount of money will ake it possible for the farmers to cancel beir loans at the banks and also to pay be eccounts which they have been com-siled to run up with retail merchants t is probable that money will be sole to bent and of sutomebiles. Mr. Ellicit found that the track sta-to and the farmars will be able to be avery good condition. He would be girld to werk sole cost, and mediture to be predention. A good deal f work and expense will be entailed in rder to put the freight cars into good and the again.
