

**Man Missing 18 Years
Appears at Old Home;
Finds Wife Remarried**

Joliet, Ill., Aug. 16.—A. W. Swanson, 36, "long dead" husband, walked into a law officer here today and

asked how he could regain his estate which was settled in the Will county court two years ago by his wife, who is now married again. The former Mrs. Swanson married Harry Bee-

son, a California business man, in 1918, after she had neither seen nor heard from her first husband for 18 years.

According to Mrs. Swanson's story, she married Mr. Swanson when she was 17 years old. They lived happily for two years when her husband suddenly disappeared, supposedly to find work in Virginia. Let alone with an infant son, Mrs. Swanson was forced to return to the home of her parents where she lived until she had the estate settled. When the estate was settled she married

**Oregon Dentist Held
On Charge of Murder
On Way to Roseburg**

Portland, Ore., Aug. 16.—Dr. R. M. Brumfield, Oregon dentist

wanted in Roseburg, Ore., in connection with the death of Dennis Russell, was placed aboard a day coach at Calgary, Alta., late last night and started on his journey homeward, says a Calgary dispatch to the Portland Telegram.

He was shackled hand and foot and chained to a deputy sheriff. Canadian Pacific railway officials re-

freshed. To newspaper men Brumfield nodded and smiled but said nothing. To Starmer and Webb he still insisted his name is Dennis Russell, but he was otherwise apparently rational.

BRANDEIS STORES

These are Moving Days in Our Enlarged Building

THE enlarged Brandeis Stores building comprises ten stories besides the large basement. It provides 216,700 square feet more space than that given to the store in the original structure built in 1906. This means two more stories and seven more floors than the store used in 1906. For more than a year an army of workers has been employed in this great work of reconstruction. That work is now drawing to a wonderful conclusion. Already departments are on the move in the re-arrangement.

WOMEN'S Shoes was the first department to move. That is now located on the third floor. The Wall Paper followed by locating on the 5th floor—west. Then came Rugs, Draperies and Pictures, which moved from the 4th floor to the 6th floor, where they have been enlarged and improved in many ways. The formal opening of this new sixth floor will take place Wednesday, on which occasion greatly reduced prices will be offered. In a few days the Men's Clothing, Boys' Clothing, together with Boys' Hats and Caps and Boys' Furnishings, as well as the Trunk and Bag Department, will be moved to the fourth floor. With its improved furnishings and new carpets, this floor will be one of the most attractive Men's Stores in the country.

SOON, also, the Men's Furnishings will be moved to a far more convenient place on the main floor. During the holidays the 8th floor will be used for a great toy department. Later, the seventh and eighth floors will be devoted to the new Furniture Department—the most complete and best equipped furniture store in the Middle West. The ninth floor will be used for stock rooms and receiving rooms. The tenth floor will have the new dining room—Brandeis Stores restaurant—grill room and ladies' waiting rooms. This wonderful restaurant will be opened on September 15th, under the auspices of the Associated Charities of Omaha.
