Packer Workmen Plan Appeal on Wages to Harding

Union is for Conciliation First Says President; Strike Resolutions Offered By Delegates.

An appeal to President Harding to appoint an arbitrator to help adjust difficulties between packers and their employes will be made if a plan for a national working agreement being drafted by officials and delegates of the Amalgamated Meat Cutters and Butcher Workmen is not acceptable to the packers.

For Conciliation. "This conference," said President Hayes, "will evolve a plan of working conditions, hours and wages. That plan will be presented to the packers for their approval.

Strike Resolutions. "The resolutions introduced cover everything from Alaska to the South Pole," said President Hayes. "Some of them are tame; some are very radical; some of them cover the ground which the delegates introducing them think the union workmen should take; should the packers refuse our plans, I am free to say that, while most of these resolutions are conciliatory in nature, some of them call for strikes."

"Every one of the 117 delegates in the conference is being called on for a report from his district, and for resolutions which the men of his district have instructed him to present. At the close of the conference no delegate will be able to say that he did not have a chance to talk all he wanted to."

Door Yard of Furnas County Farm Deluged By Flood of Melons

Beaver City, Neb., Aug. 16.—(Special.)—Inmates of the Furnas county farm house could hardly believe their eyes when they looked out and saw thousands of melons piled up in the door yard of the county home.

Lincoln to Have Munny Coal Yard

"Brother Charley" Wins Another Fight as Councilmen Pass Ordinance.

Lincoln, Aug. 16.—(Special.)—"Brother Charley" Bryan won another fight here today when the Lincoln commissioners passed an ordinance providing for establishment of a municipal coal yard.

Bryan's demand for a municipal ice plant was withdrawn a few weeks ago when the Beatrice Creamery company, sole distributors of ice in Lincoln, announced that in the future it would sell ice for the same price that the commodity is sold by the municipal ice plant in Omaha.

Referendum petitions calling for a public market, Bryan's last demand, and recall of Mayor Frank Zehrung and a city commissioner.

E. P. Meyers, President, Meyers Land and Cattle Co., is a Corn Exchange National Bank Director. We doubt if anyone is better posted on all lines of the cattle and farming industries than is Mr. Meyers.

He has spent his entire life in this work and is known throughout this middle west country as a large operator.

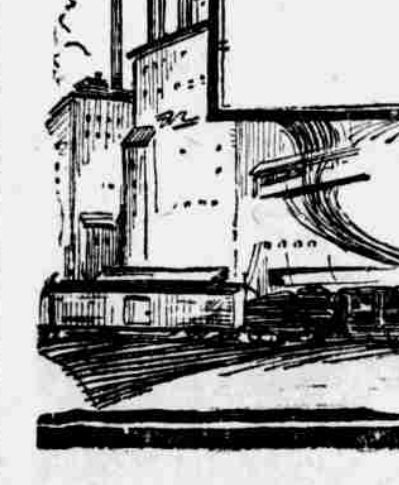

The Power Behind the Bank

R. C. Forbes, financial writer for the Philadelphia Public Ledger and many other Wall Street financial papers, draws a very interesting conclusion from the late Jack Dempsey fight.

He noticed that in the preliminary bouts the boxers did not try to fight at all in the clinches, but that Dempsey put in his hardest blows and really won his fight during the clinches.

The Corn Exchange directors represent every field of Omaha's business activities. They come as the chief executives of our great industries. They are great fighters in their respective lines. They offer you a service that will help you win your business battles in the clinches.

This keener knowledge, this power behind the bank, is a wonderful asset to the friends of the Corn Exchange. We ask that you, too, make the most of this additional service.

for their alleged opposition to this plan, which, it is declared, the people expressed a desire to work out by giving Bryan a bigger vote than Zehrung in the city election, are being circulated by Bryan's friends.

There was hope expressed here today that the last of the Bryan plans would be carried out by the city commissioners rather than to face a recall and referendum election.

Victim of Airplane Crash Sinks Slowly at Hospital

Her strength is gradually giving out, St. Joseph hospital attendants reported of the condition of Mrs. Martha Games Bushman Tuesday.

The young woman, wife of L. F. Bushman, was hurt in an airplane crash less than two weeks ago. She is making a strong fight to recover, but her condition weakens daily, it was said.

Her mother and husband are the only ones permitted to see her.

Statistics show that 9 per cent of persons killed in automobile accidents are children under 5 years of age, and that 26.4 per cent are children from 5 to 9 years old.

Two Stolen Cars Recovered After Thrilling Chase

Machines Wrecked as Farmer Pursues Alleged Thief; Cache of Accessories Uncovered Near Fremont.

Fremont, Neb., Aug. 16.—(Special Telegram.)—Following a thrilling chase in which two automobiles were wrecked in the ditch of the Lincoln highway west of Fremont, two stolen cars were recovered and discovery of a cache of auto accessories in a corn field was uncovered here yesterday evening with the arrest of Kurt Lambrecht, 18, alias Car Peterson, who claims to hail from Grand Island.

About a week ago a touring car stripped of all its accessories was found standing near the J. W. Kemmel farm, west of Fremont. The next morning Kemmel discovered that his machine also had been stripped of its accessories. He reported the affair to Sheriff Condit.

On Sunday, August 14, Sydney Allen, farmer, noticed a machine standing near the same place where the other car had been seen. As he approached, Lambrecht started his motor and headed for Fremont. Allen gave chase. As Lambrecht turned to pass a car, an automobile driven by Bernard Bennett narrowly escaped total destruction when the driver plunged the car into the ditch, breaking a wheel and doing other damage.

The chase continued and Lambrecht lost control of his car and also went headlong into the ditch. When Allen drew up he recognized the alleged auto thief as the man who had deserted the car a week ago and he notified police. Attempts to find Lambrecht were unsuccessful until yesterday evening when Sheriff Condit received word that Lambrecht had returned to the vicinity of the Kimmel farm.

Today Lambrecht admitted that the second car was stolen from Axtel, Kearney county. The first car was stolen from Council Bluffs. Lambrecht will be turned over to Kearney county authorities.

Woman Writes Answer To Husband's Suit and Saves Attorney's Fee

Mrs. Blanche Van Ausdell prepared her own answer and cross-petition to the suit of her husband, Alonzo, for divorce. She filed it in district court yesterday afternoon, thus saving attorney's fee.

Detectives Claim Nurse Electrocutured by an X-Ray

Chicago, Aug. 16.—Charges that Mrs. Winifred Bagley, a nurse, was electrocuted during an X-ray demonstration at the Pageant of Progress here last week were made today by a detective agency which investigated the case.

Brief City News

Picnic for Poor Kiddies—Poor children of Omaha will be treated to a picnic August 31 by the Samaritan Rescue Army. It will be held at Elmwood park.

Bonds for Policemen—Two companies have offered to furnish bonds for policemen. Commissioner Dunn announced. Failure of the Lion Bonding company left many officers without bonds.

Kewpie Couple in Court—Suit for divorce was filed by Mrs. Fred Prior in district court yesterday. Mrs. Prior alleges nonsupport. Yesterday Prior, before District Judge Sears, declared he married Mrs. Prior "when she was a beggar" and by making kewpie dolls earned enough to give her a good home.

Europe Ahead in Aviation—Mr. and Mrs. Tom Kelly, who recently returned from several weeks in Europe, declare that taxis in England cost 5 cents a mile. Mr. Kelly says airplane travel in Europe is far more advanced than in America.

Sue for Ring—A replevin suit to recover a diamond ring valued at \$2,137.80 was filed in district court Tuesday by the Byrne-Duff jewelry company against Lynn and Gertrude Young. The jeweler claims the Youngs took the ring on approval, but overlooked payment.

Sausage Factory Secure—Removal of a sausage factory operated by A. P. Kroger at 2405 Woolworth avenue can not be ordered by the city according to City Attorney Te

Poel. Protestants recently filed a petition asking that the factory be removed from the neighborhood because of its odor.

Prince Visits Here—Prince Dominick Joseph Gleason, son of Chief Gleason, ruler of 3,000,000 natives of the Meke tribe, island of Yule, British New Guinea, visited in Omaha Tuesday while on his way from San Francisco to Rome, where he intends to enter a school which will prepare him for the priesthood.

Sell \$100,000 Bonds—After opening 17 bids for court house reconstruction 5 per cent bonds yesterday, the board of county commissioners yesterday sold \$100,000 worth of the bonds to the Minnesota Loan & Building association for \$94,025.
