## Collects 148th Circuit Drive Of Major Career

Registers Longest Hit Ever Made in White Sox Park When Ball Sails More Than 475 Feet.

Chicago, Aug. 17.—Babe Ruth of the Yankees cracked out his 45th home run of the season and his 148th circuit drive since being in the American league, today when he registered the longest hit ever made in the White Sox park. The ball cleared the right center field bleacher wall about 10 feet, and landed on the outside, a distance, approximately 475 feet from the plate, according to ground officials. After striking the ground in an adjoining field, the ball bounded a distance of 200 feet or more before ait was stopped by a boy, making the traveling distance of the ball approxi-

mately 675 feet. Incidentally, New York easily defeated Chicago, 11 to 3, in a game curtailed because of rain. Wildness of the local pitchers, coupled with opportune hitting, enabled New York to score at will. Shawkey was an enigna to the Chicago batters.
