

### Cresson Attacks House Committee That Accused Him

#### Fort Crook Judge Advocate Refutes Charges and Flays Baker in Bitter Speech Before Fremont Legion.

Fremont, Neb., Aug. 19.—(Special Telegram)—Major C. C. Cresson, judge advocate at Fort Crook, launched a bitter attack upon the congressional committee which accused him of "laying down" on the prosecution of Grover C. Bergdoll and Col. J. C. Hunt, in an address before the local post of the American Legion here last night. He refuted the accusations made by the newspapers that he eased up on the prosecution of Colonel Hunt and branded them as "internal, contemptible liars."

Major Cresson's speech here, in answer of the charges that appeared in Thursday's papers, was entirely extemporaneous. He did not intend to speak to the Fremont post on that subject, but stated that he had to deny the charges of lust.

No one at the judge advocate's office at the time even knew of Bergdoll's escape from Governor's island until the newspapers had it, he pointed out. Major Cresson hammered Newton D. Baker, former secretary of war, saying Baker knew more about the prosecution of Colonel Hunt than he did.

"When I was trying the colonel the court called me down for abusing him and not giving him a fair examination," said the major. "Does that sound like laying down? It's a shame and disgrace for this country that he was ever secretary of war. It was his attitude and others like him that encouraged Bergdollism. I want to know why I am accused of 'laying down' on the prosecution of Col. J. E. Hunt."

Cresson remarked that everyone who had anything to do with Bergdoll was smeared with a tar brush, but he had never expected such an attack himself.

Bergdoll case long enough to call Jack Dempsey a "cowardly yellow slacker" and Edsell Ford, "a coward, cur and quitter."

#### Congress Not Criticized.

"I wouldn't criticize congress for the world," Cresson bitterly exclaimed, "but if they knew what I was thinking I can't imagine what they would do to me."

In summing up his feelings in regard to the recent turn taken in the investigation carried on by the congressional committee, Cresson stated that accusing him of "laying down" on the prosecution of Hunt was as bad as accusing a doctor of malpractice, and that he was sorely grieved to be placed in such a light.

#### Grand Island Council Opposes Buying Fire Truck

Grand Island, Neb., Aug. 19.—(Special)—The city council has refused to father a plan formulated for the purchase of a third fire truck in this city, with a pump attachment, for the protection of surrounding property. It has been proposed, because of a shortage of funds under the city's budget, to solicit the merchants and property owners of the city for \$12,000 with which to install a third truck. A second truck has recently been added to the department, together with five additional paid men. The action of the council in refusing to endorse the move is presumed effectively to have killed the effort.

Mr. Clarke denied all statements made by Bruce Craven, alleged head of the Klan in North Carolina, which were given to the newspapers recently.

#### Not Grand Dragon.

"Mr. Craven was not grand dragon of the North Carolina Klan," he declared. "For several months he was active in the organization and had written letters to Col. William Simmons, imperial wizard, at Atlanta, demanding that he be named grand dragon."

Col. Simmons told Craven when the time came to select a grand dragon for North Carolina, his name would be given serious consideration. Mr. Craven replied that if he was not appointed he would take the action he did.

### Nebraska Trade Is Depressed by Unsettled Week

#### Federal Bureau of Markets Reviews Conditions of Week Ending August 18.

Lincoln, Aug. 19.—Unsettled conditions in the general markets of the country had a depressed and slightly lowering effect on trade during the week ending, August 18, according to the weekly review of markets issued by the federal bureau of markets.

Grain—Market unsettled most of week and closed lower. Trade light and prices did not get far in either direction. Weakness in stock market and declines in corn and oats were main bearish factors. Corn closed lower and oats also slumped. In Chicago cash market No. 2 red winter wheat closed at \$1.21; No. 2 hard, \$1.22; No. 2 milly corn, 95c; No. 2 yellow, 92c; No. 3 oats, 31c; Kansas City wheat dropped, 14c during week, closing at \$1.24.

Hay—Market easier. Heavier receipts at western markets last few days depressed prices as there was practically no shipping demand and arrivals were slightly in excess of local demand. Timothy prices ranged from \$19.00 to \$20.50. Alfalfa from \$20.00 to \$25.00. Prairie, \$13.00 and \$17.00.

Feed—Market quiet with little change in prices. Demand is unimproved and confined to immediate needs. Corn feed and oil meals, firm. Bran weak. Alfalfa, meal, steady.

Potato—Increased potato supplies from New Jersey shipping sections checked moderately advancing prices in eastern markets. New Jersey sacked Irish cobblers declined 5c per 100 samples during the week, closing mostly \$1.15 to \$2.50. Kansas early Ohio continue to gain in Kansas City, closing 40c to 50c higher, around \$2.00.

Loot Recovered at Iowa City From Number of Different Cities.

Iowa City, Ia., Aug. 18.—Five persons are under arrest, and one is a fugitive from justice, as a consequence of a raid on the home of Mrs. Jennie Stanoshek in Iowa City.

Her son, Fred Stanoshek, has fled again—having previously "jumped" his \$6,000 cash bond at Greenville, Ky., where he was held on a charge of stealing; Mr. and Mrs. Eugene Campbell, Mrs. Stanoshek, her daughter, Mrs. Pauline Flood, and Earl Cox are in custody. Cox and Campbell have been turned over to Sheriff John Miller of Rock Island county, Illinois, who wants them on a burglary charge at Milan, Ill.

Several thousand dollars worth of automobiles, auto accessories, receivers, guns, rifles, clothing, jewelry, etc., were recovered in the Stanoshek home.

Several hundred dollars' worth of auto accessories have been identified by Leo Kessler, whose garage was robbed at Solon, Ia.; several hundred dollars more are represented by clothing and other property, identified by William Thompson, as goods stolen from the store of his father and himself, at Milan; still another big sum is saved by the recovery of linens, chinaware, etc., stolen from Iowa university hospitals and dormitories and Iowa City hotels, wherein some of the suspects worked.

### Heavy Movement Of Grain in Fall Now Is Forecast

#### Salt Lake Man Tells I. C. C. Farmers Will Be Forced to Sell to Pay Long Deferred Debts.

Washington, Aug. 19.—Heavy rail movement of grain will continue this fall in spite of high freight rates and low market prices, H. W. Prickett of the Salt Lake City traffic bureau told the Interstate Commerce commission today.

Farmers will be compelled to sell and take a loss, he said, to meet long deferred debts. The testimony was given in connection with the investigation of rates on grain and hay in western states.

Unless carriers reduce the rates on grain, however, the movement will be curtailed greatly after this year because many farmers are abandoning their farms, Mr. Prickett said.

In calculating future freight rates the commission should figure on an increased grain movement during the next few years, provided freight rates are reduced, the witness contended. He presented figures on car earnings, intended to show that the movement of wheat is more profitable to the carriers than many other basic commodities.

W. S. Hanson, a Utah farmer and banker, said farmers in his state exhausted their credit at the banks, which as a rule are not forcing liquidation as they know it would bring about even more serious conditions.
